Dear Sirs:

A letter-to-the-editor in our local paper, The Desert Sun, Palm Springs, CA prompts me to write in support of "Made in the USA." I have not purchased clothing, in particular, as well as appliances and other necessary household items because they were manufactured outside the USA and have an imported label. I was opposed to NAFTA, I resent the billions of dollars that are tilting the balance of payments in favor of China, Taiwan, Vietnam and others. Unbelievable that our President can't see it and will

doing to defend if not protect our
USA manufacturers and millions of
workers who have been laid off.
