

United States Department of State

Washington, D.C. 20520

September 25, 1990

You have previously communicated with this office concerning a claim which you wished to assert against Nicaragua.

The Department of State has issued a notice to the press concerning a program announced by the Government of Nicaragua for the review of property claims. Because of the relatively short deadline for the filing of these claims, we are sending you a copy of the notice and the decree issued by the Government of Nicaragua establishing the program in the Spanish language, along with the informal English translation. As the notice indicates, all persons who wish to preserve their right to make a claim based on a taking of property are being urged to file immediately through the Embassy of Nicaragua. Copies of the notice, the decree and the Department's informal translation are enclosed.

I hope that this information will assist you.

Sincerely,

H. Rowan Gaither
Office of International Claims and
Investment Disputes
Office of the Legal Adviser

Enclosures:

Copy of Notice to the Press.
Copy of Nicaraguan Decree, in Spanish with English translation.
