## Airport/Facility Directory (A/FD)

- ✈ Seven volumes cover the conterminous United States, Puerto Rico, and the Virgin Islands.
- ✈ Airport/Facility Directory is a listing of data on record with the FAA on all open-to-the-public airports, seaplane bases, heliports, military facilities and selected private use airports.
- ✈ The private use airports and military facilities depicted in the A/FD are those for which a DoD Instrument Approach Procedure has been published in the U.S. Terminal Procedures Publication.
- ✈ The A/FD includes: airport sketches, NAVAIDS, communications data, weather data sources, airspace, special notices, VFR waypoints, Airport Diagrams and operational procedures.
- ✈ The Airport Facility Directory (A/FD) also includes data that cannot be readily depicted in graphic form, to include (but not limited to): airport hours of operation, types of fuel available, runway data and lighting codes.
- ✈ Contains the Aeronautical Chart Bulletin. This bulletin provides major changes to aeronautical information that have occurred since the last publication date of each VFR Sectional, Terminal Area Chart (TAC) and Helicopter Route Chart.
- ✈ Updated every 56 days
- ✈ Available in digital format
