

# 2005 Materials Input Workshop **MECHANISTIC-EMPIRICAL PAVEMENT DESIGN GUIDE**

## Workshop for M-E Pavement Design Guide

- **Informative**
- **Educational**
- **Designed to assist FHWA's customers and partners in their implementation programs for M-E pavement design**

### Design Guide Implementation Team:

**Katherine Petros**  
202.493.3154

**Leslie McCarthy**  
202.366.1198

**Chris Wagner**  
404.562.3693

**Gary Crawford**  
202.366.1286

You may also contact each of the team members at this email address: [DGIT@fhwa.dot.gov](mailto:DGIT@fhwa.dot.gov)

In a continuing effort to support the evaluation and implementation of the new M-E Design Guide developed under NCHRP 1-37A, the FHWA Design Guide Implementation Team (DGIT) is pleased to offer the Materials Input Workshops. These workshops are scheduled as shown below and are intended to help pavement design engineers and materials engineers better understand materials testing and characterization as it has been incorporated in the new design guide software.

The intended audience for these workshops is State Highway Agency pavement design, materials, and pavement management engineers. FHWA field engineers and local agency engineers may also be interested in attending. For those unable to attend a workshop, the option to participate in the workshop is available through an online webcast open to all (March 30-31).

### *Please plan to attend one of these 2005 workshops:*

#### Dates

**February 15-16**

**March 30-31**

**April 5-6**

**April 20-21**

#### Locations

**Salt Lake City, Utah**  
UDOT Region 2 Materials Office

**Rocky Hill, Connecticut**  
ConnDOT Materials Office, (this session will also be Webcast)

**Thornburg, Virginia**  
Virginia DOT Training Center

**Jefferson City, Missouri**  
MoDOT Materials Office
