The address of the laboratory covered by this application is: Entela, Inc., 3033 Madison, S.E., Grand Rapids, Michigan 49548.

## Background

This Federal Register notice is a compilation of three separate applications from Entela, Inc., as follows:

(1) Application for expansion of recognition as a Nationally Recognized Testing Laboratory for inclusion of Entela's Taiwan facility, dated May 15, 1996; (2) Application for expansion of recognition as a Nationally Recognized Testing Laboratory for additional programs and procedures, dated June 26, 1996; and (3) Application for expansion of recognition as a Nationally Recognized Testing Laboratory for additional standards, dated August 13, 1996.

*Expansion of Recognition—Facilities*

A report prepared by the NRTL Program Lead Assessor, dated February 24, 1994, relative to ENT's request for inclusion of its Taiwan facility in its recognition as a Nationally Recognized Testing Laboratory, contains a positive recommendation with limitations. The recommendation was limited to minor mechanical and electrical testing of instruments and small appliances as well as inspections being carried out only by Entela personnel.

By letter dated July 5, 1995, to Ken Klouse, the Lead Assessor for the NRTL Program, Kim Phillipi, President of ENT, stated that ENT would not pursue the inclusion of the Taiwan facility until changes to their overall program were reviewed. On May 15, 1996, Timothy Hubbard of Entela wrote to Ken Klouse and enclosed a revised Entela Third Party Certification Program Manual which, among other things, addressed outstanding issues concerning the Taiwan facility.

The original limitations as cited in the on-site Survey Report dated February

24, 1994, will apply to the recognition of the Taiwan facility, specifically:

a. The Taiwan facility shall be limited to carrying out minor mechanical and electrical testing of instruments and small appliances.

b. Performance of inspections shall be limited to Entela personnel.

The Taiwan facility is located at: 3F No. 260 262 Wen, Lin North Road, Pei Tou, Taipei, Taiwan.

An on-site audit and an assessment of ENT's Grand Rapids facility was carried out on August 29, 1996. See the Survey Report dated November 26, 1996, for the results of the assessment. The NRTL staff made an in-depth study of the details of ENT's original application for recognition, as well as its requests for expansion, and the original and expansion on-site assessments, and its audit, and determined that ENT had the staff capability and the necessary equipment to conduct testing of producing the proposed test standards.

Entela, Inc., requested expansion of its recognition, based upon the conditions as detailed in the Federal Register document titled "Nationally Recognized Testing Laboratories; Clarification of the Types of Programs and Procedures", 60 FR 12980, 3/9/95, for the following programs and procedures:
