Re: deviation ... Given [REDACTED] limited availability, would it be possible for [REDACTED] to draft a couple paragraphs requesting the deviation, outlining the "special circumstances" and reasons why the deviation is necessary ... and then we can ask Pete to OK the language

....
I think this is the fastest way to tee this up

Thanks,

I do indeed. One of them is getting Solyndra closed. I left a vmx for [REDACTED] asking that he be sure the [REDACTED] is focused, as we need his sign off on docs, and our outside counsel will need to discuss opinions w/ him. Also, we need request from Treasury for "Deviation" under rule to permit pmnts on guaranty before 60 days. (609.15(f); 609.18). Maybe you could help [REDACTED] get that out? It can be simple, but we need something. Thanks!
