

Subcommittee on Interior, Environment and Related Agencies

Project Title	Request	Intended Recipient	Project Location	Description
North Platte River Special Resource Management Area Conservation and Public Access Project	\$3,000,000	Bureau of Land Management	Natrona County, Wyoming	Funds will be used to acquire 380 acres along the North Platte River. The property includes river frontage on the Gray Reef section of the North Platte River. Purchase of the land will increase public access to the river and protect critical riparian habitat.
Livestock Loss Mitigation Program	Report Language Requested	U.S. Fish and Wildlife Service	Areas where the Federal Government has reintroduced wolves	Funds will be used to mitigate and compensate producers for livestock loss due to predation by federally reintroduced wolves.
