# Navigator Overview for CENDI

May 3, 2012

# Why Navigator

- Improve customer service
  - Move away from mediated service
  - Increase patron autonomy
  - Reduce costs

IN THE BEGINNING

# Product Development

- NAL Staff
- Mark Logic
- Patrons

Search AGRICOLA, MEDLINE, BIOSIS, CAB Abstracts, Food Science and Technology Abstracts, and Zoological Record simultaneously with the added ability to save searches and create alerts.

*Note: This installation currently has a small sampling of data and is for demo purposes only.*

A serene landscape photograph capturing a sunset over a calm body of water. The sun is positioned low on the horizon, its golden light reflecting on the water's surface and illuminating the sky with soft, warm tones. The sky is filled with scattered, light-colored clouds that catch the low-angle light. In the foreground, several tall, dark reeds with seed heads stand prominently, their silhouettes contrasting against the bright reflection on the water. The background features a dark line of trees, possibly a forest, under the twilight sky. The overall mood is peaceful and contemplative.
