Introduction

Grants.gov has been designed to make it easier for organizations to find and apply for more than \$500 billion in federal grants. With electronic access to more than 1,000 grant programs offered by all federal grant-making agencies, Grants.gov leverages the power of the Web to streamline your grant acquisition process.

This user guide has been developed to help you navigate the Grants.gov environment more easily. In it, you will find an overview of every step of the process. From getting started and registration to viewing and tracking completed applications, this user guide offers clarification where and when you need it.

Version Information

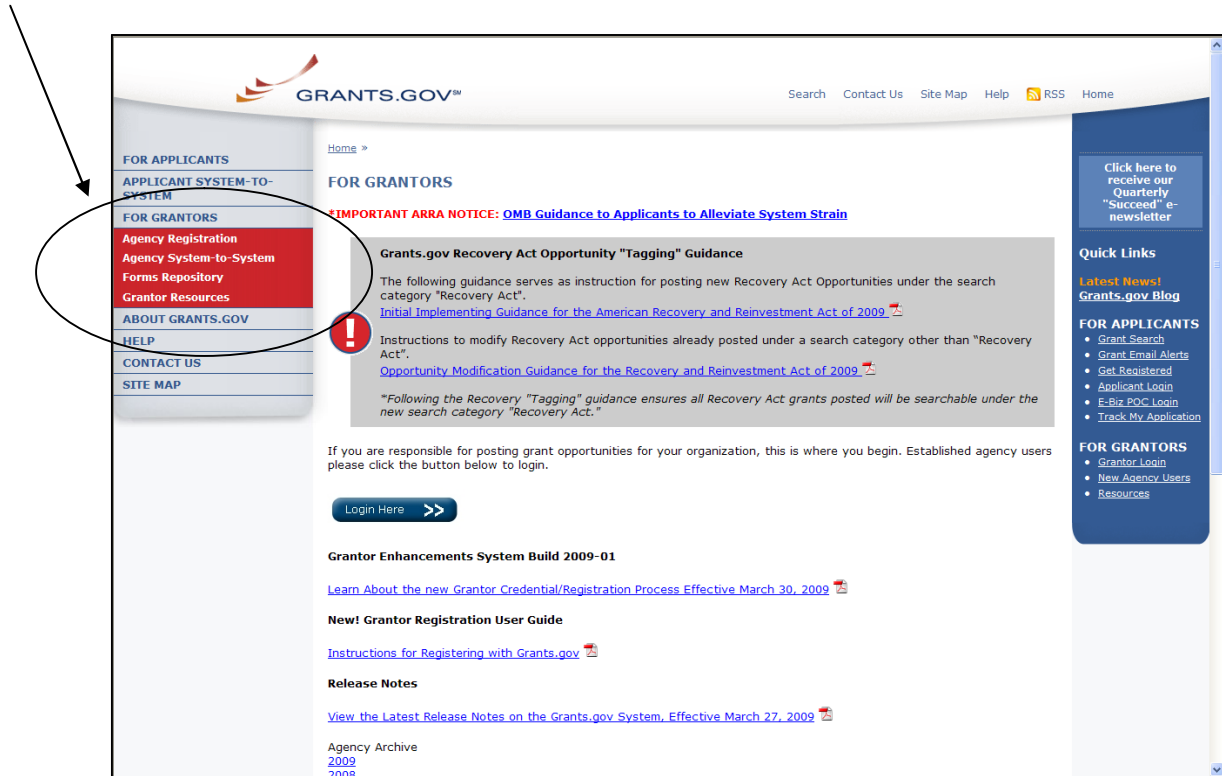

The grantor interface provides version information for when the system was updated. The system build version number and date the system is updated is presented on the page. This new feature will help grantors update internal communication and will facilitate interagency training and education on using the system (i.e. User Guides/New Grantor instruction.)

Finding Information about Grants.gov

Grants.gov provides information for federal grant-making agencies in the **For Grantors** section of the website. To access specific information about Grants.gov, simply click **For Grantors** in the left side navigation on any Grants.gov page. This will take you to the **For Grantors** page.

Once on the For Grantors page, you may post grant opportunities, publish and retrieve grant applications and access resources specifically for grant-making agencies. Inform co-workers and constituents about Grants.gov, and receive help to make using Grants.gov easier.

Grantor Resources

To view resources specifically for grantors, click on For Grantors in the left side navigation on any Grants.gov page. Then, select **Grantor Resources**, and the Grantor Resources page will appear. On this page you will have access to FAQs, training material, animated tutorials, key contacts and other important information.

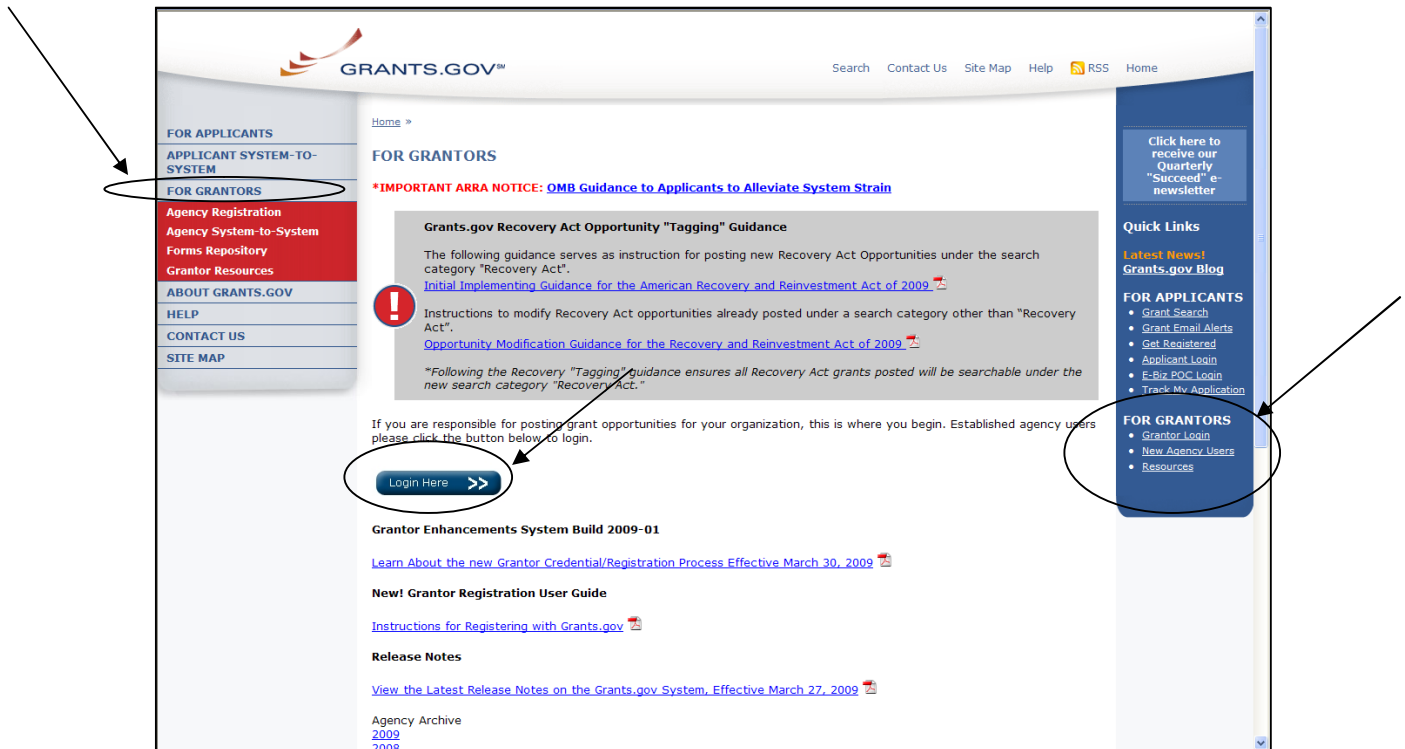

The screenshot shows the Grants.gov website interface. The left navigation menu includes sections for 'FOR APPLICANTS', 'APPLICANT SYSTEM-TO-SYSTEM', 'FOR GRANTORS', 'ABOUT GRANTS.GOV', 'HELP', 'CONTACT US', and 'SITE MAP'. The 'FOR GRANTORS' section is expanded, showing 'Agency Registration', 'Agency System-to-System', 'Forms Repository', 'Grantor Resources' (highlighted with a red background and a black arrow), 'Grantor FAQs', and 'Agency System-to-System FAQs'. Posting Grant Opportunities

To **post grant opportunities**, simply click on **For Grantors** in the left side navigation on any Grants.gov page. For established agency users, click the login link at the center of the page, or in the Quick Links right navigation menu.

The login page will appear and you will need to log in with your username and password to continue.

Creating New Grant Opportunities

To post a synopsis and/or a grant application, you must first create a grant opportunity.

The first step you must accomplish is logging into the system. On the home page of Grants.gov, click on **Grantor Login** on the right side of the screen in the Quick Links menu. You will need to have an agency profile setup and be authorized by your main agency point of contact in order to be able to create grant opportunities.

After you have logged into Grants.gov, you will see a listing of the different roles that have been authorized to you, including Manage Opportunities.

You will be able to create a new opportunity, modify or delete an existing opportunity within the **Manage Opportunities** section. When creating a new opportunity, you will establish the groundwork information that will be used for the creation of your grant opportunity synopses and grant application packages.

The screenshot shows the Grants.gov website interface. At the top, the Grants.gov logo is on the left, and navigation links (Contact Us, SiteMap, Help, RSS, Home) are on the right. The main content area is titled "GRANTOR CENTER" and includes a welcome message: "Welcome to the Grantor Center. Depending on the level of access granted by your Agency Super User, this is where you can manage your profile, run reports, view and retrieve submitted applications. For Grantor information please visit the [Grantor section](#) of Grants.gov. If you have any issues or questions please contact your agency representative on the [PMO staff](#)." On the left side, there is a vertical navigation menu with various links. The link "Manage Opportunities" is highlighted with a black box, and a black arrow points to it from the right.

After you have logged into Grants.gov and selected **Manage Opportunities** from the left-hand side, you will be given a listing of all opportunities currently posted for your agency.

To create a new opportunity, select the **Create Opportunity** button.

The screenshot displays the GRANTS.GOV interface. At the top, the logo and navigation links (Contact Us, SiteMap, Help, RSS, Home) are visible. The user is logged in as Edward Calimag of GrantsGovAdmin, with agency level CAL - Test Agency. The main heading is 'MANAGE OPPORTUNITIES' with sub-navigation for 'Create Opportunity', 'Modify Opportunity', and 'Delete Opportunity'. A search and sort section on the right allows filtering by 'All' and sorting by 'Opportunity Number' in 'Ascending' or 'Descending' order. Below this is a table with columns: Opportunity Num., Opportunity Title, CFDA, Synopsis, and Package(s). The left navigation menu includes various administrative links, with 'Manage Opportunities' highlighted by an arrow. Another arrow points to the 'Create Opportunity' button.

The Grant Opportunity Properties screen will provide the basic properties that you will need to enter for the new Grant Opportunity. These elements include the following: (* *Mandatory fields*)

Publishing Application Packages

This section of the site enables you to create, modify, and delete Single-Project and Multi-Project application packages published on Grants.gov. In publishing an application package, you will need to already have created a new grant opportunity and then utilize the templates created in the Manage Application Package Templates section. As part of this, you will also be able to add instructions specific to each opportunity and review your compiled application package before publishing it to Grants.gov for public view.

The **Manage Opportunities** screen displays the current grant opportunities for the agency/agencies that you represent. Each opportunity either has a synopsis, a grant Single-Project or Multi-Project application package or both.

To create a new application package for a new opportunity, click the **Create Opportunity** button above the listed opportunities.

The screenshot shows the Grants.gov 'MANAGE OPPORTUNITIES' screen. At the top, there is a search bar with 'Search By' and 'Sort By' dropdowns, and a 'Search' button. Below the search bar, there are three buttons: 'Create Opportunity', 'Modify Opportunity', and 'Delete Opportunity'. A table of opportunities is displayed below, with columns for Opportunity Num., Opportunity Title, CFDA, Synopsis, and Package(s). A red circle highlights the 'Create Opportunity' button and the search bar area. The table contains the following data:

Assigning Agency Tracking Numbers and Agency Notes

Assigning agency tracking numbers allows you to assign a unique number to a submitted application that your agency can use internally for application identification. Agencies can also assign notes to submitted applications to be viewed by their applicants. Agency notes can be added/updated to application submissions that are in %Received by Agency+state or %Agency Tracking Number Assigned+state.

Before you can assign a tracking number or applicant notes, you will need to retrieve the submitted applications. This procedure can be found in the **Retrieving Submitted Applications** topic.

To view the submitted applications which need a tracking number or agency notes assigned, click on the **Assign Agency Tracking Number and/or Agency Notes** on the left of the screen.

Note: If an agency or sub-agency needs to delete an agency or sub-agency you will need to contact Grants.gov PMO to do so.

To modify your agency profile, click the **Modify Agency** link in the left menu.

To create an agency, click the **Create Agency** link in the left menu.

To set your agency level, click the **Set Agency Level** link in the left menu.

To modify an existing sub-agency, select the sub-agency that you want to modify by clicking on the sub-agency's name and then click the **Set Agency Level** button above the list. Once you have set the agency level you can modify the agency profile by clicking on the **Modify Agency** link in the left menu.

The Grants.gov tiers are linear in that the Tier 1 agency is referred to as the parent agency. Tiers 2-6 are sub-agencies within the parent agency.

The above graphic is a sample of how the agency and sub-agency structure might look. You may have numerous sub-agencies registered with the parent agency.

How Agency Enrollment Codes Work

When you sign up as a new user, you are required to enter an Agency Enrollment Code. This code designates to which agency you are assigned. The Agency Enrollment Code is created from the Agency Code entered when creating an agency. The code combines the Agency Codes of your agency and those of your parent agencies, separating them by hyphens.

For example, if Tier 1 agency code is T1, Tier 2 agency code is T2, Tier 3 agency code is T3 and so on, and you wanted to register with the Tier 3 sub-agency, your Agency Enrollment Code would be T1-T2-T3

What You Can See When You Log In

When you login to the **For Grantors** section of the site, you are logging into a specific agency in a specific tier.

You will be able to view the following (depending on your assigned roles):

The application packages created by the current agency you are logged into

The application package templates created by the current agency you are logged into (you can see all templates but you can only modify your agency's template).

The application packages which your agency created that have been downloaded, completed and submitted by grant applicants. You will be able to retrieve and assign agency tracking numbers to these applications.

The users registered with your agency and the agencies which are one tier below your agency.*

*To view the users of the agencies registered one tier below your agency, you will need to change the **Set Agency Level** to the tier below the parent agency. And then to view the users you will need to click on **Manage Agency Users** link in the left menu.

The agencies which are registered one tier directly below your agency.

For example, a user registered with a Tier 2 Agency will be able to see:

- All the application packages and package templates that his/her Tier 2 Agency created.
- All the application packages that his/her Tier 2 Agency created which have been downloaded, completed and submitted by grant applicants.
- The users registered with his/her Tier 2 Agency.
