

FUNDING OPPORTUNITY JUST RELEASED!
ESTCP Environmental Restoration Special Solicitation:
Perchlorate Treatment Technologies

Pre-proposals Due January 20, 2011

On November 18, 2010, the Environmental Security Technology Certification Program (ESTCP) released a new solicitation for the Environmental Restoration program area. This solicitation requests proposals to demonstrate and validate technologies for treatment of perchlorate-contaminated groundwater used for drinking water in the Inland Empire region of Southern California. Researchers from Federal organizations, universities, and private industry can apply for ESTCP funding. For complete details about this opportunity, click here<<http://www.serdp-estcp.org/Funding-Opportunities/ESTCP-Solicitations/Environmental-Restoration-Special-Solicitation>> .REMINDERS: Annual SERDP and ESTCP Solicitations for FY 2012 Funding The Strategic Environmental Research and Development Program (SERDP) released its annual FY 2012 solicitation on October 28, 2010. Pre-proposals from the private sector are due January 6, 2011. Full proposals from Federal organizations are due March 10, 2011. ESTCP also will announce its annual solicitation for FY 2012 funding in early January. Please visit our web site(www.serdp-estcp.org <<http://www.serdp-estcp.org/>>) for more information on these solicitations. Amy Kelly SERDP & ESTCP Office HydroGeoLogic, Inc.
