<i>National System Priority Conservation Objective Contributed To</i>	<i>Presence: Site contains the PCO</i>	<i>Goals: Site mangagement goals or objectives address the PCO</i>	<i>Tools: Site has protection or regulations that benefit the PCO</i>	<i>Citation for regulation</i>
Cultural Heritage Conservation Goal				
Key cultural sites that are paramount to a culture's identity and/or survival	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Key cultural and historic sites that may be threatened	Yes	Yes	No	
Key cultural and historic sites that can be utilized for heritage tourism	Yes	No	No	
Natural Heritage Conservation Goal				
Key reproduction areas and nursery grounds	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Key biogenic habitats	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Areas of high species and/or high diversity	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Ecologically important geological features and enduring/recurring oceanographic features	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Critical habitat of threatened and endangered species	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Unique or rare species, habitats and associated communities	Yes	Yes	No	Community-based Fishery Management Program Regulations
Key areas that provide compatible opportunities for education and research	Yes	No	No	
Sustainable Production Conservation Goal				
Key reproduction areas, including larval sources and nursery grounds	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Key areas for maintaining natural age/sex structure of important harvestable species	Yes	Yes	No	
Key foraging grounds	Yes	Yes	Yes	Community-based Fishery Management Program Regulations
Key areas that provide compatible opportunities for education and research	Yes	No	No
