SUPPLEMENTARY INFORMATION:

I. Background

The Corporation for National and Community Service supports programs that provide opportunities for individuals who want to become involved in national service. The service opportunities cover a wide range of activities over varying periods of time. Upon successfully completing an agreed-upon term of service in an approved AmeriCorps program, a national and community service participant—an AmeriCorps member—receives an “education award”. This award is an amount of money set aside in the member's name in the National Service Trust Fund. The education award can be used to make payments towards qualified student loans or pay for educational expenses at qualified post-secondary institutions and approved school-to-work opportunities programs. Members have seven years in which to draw against any unused balance.

The National Service Trust is the office within the Corporation that administers the education award

program. This involves tracking the service for all AmeriCorps members, ensuring that certain requirements of the Corporation's enabling legislation are met, and processing school and loan payments that the members authorize.

II. Current Action

After an AmeriCorps member completes a period of national and community service, the individual receives an education award that can be used to pay against qualified student loans or pay for current post secondary educational expenses. The Voucher and Payment Request Form is the document that a member uses to access his or her account in the National Service Trust.

The form serves three purposes: (1) The AmeriCorps member uses it to request and authorize a specific payment to be made from his or her account, (2) the school or loan company uses it to indicate the amount for which the individual is eligible, and (3) the school or loan company and member both certify that the payment meets various legislative requirements. When the Corporation receives a voucher, it is processed and the U.S. Treasury issues a payment to the loan holder or school on behalf of the AmeriCorps member.

The form was first designed and some variation of it has been in use since the summer of 1994. We are proposing revisions to clarify certain sections of the existing form and to include terminology included in recent legislative changes. The changes impose no additional burden. The legislated change in terminology modifies the definition of loans “made directly to the student * * *” to loans “made, insured, or guaranteed directly to the student * * *”

Modifications to Section A clarify instructions to the member on filling out that portion of the Voucher, especially the dollar amount the member requests and authorizes. Similarly, modifications to Section B clarify information provided to loan holders and educational institutions, particularly in regard to stating the dollar amount for educational expenses.

The Corporation seeks to continue using this particular form, albeit in a revised version. The current form is due to expire June 30, 2004.

Estimated Total Burden Hours: 5,750 hours.
