

## MISSION

Provide HQ USSOCOM military and their families a model unit- based primary care clinic in order to enhance their quality of life and strengthen special operations readiness.

## VISION

To be the premier team of healthcare providers within DoD by providing holistic medical care to our SOF warriors and their families.

## VALUES

Guided always by choosing integrity first, uncompromising courage, flawless competence, and the force of innovative creativity.

## CLINIC OVERVIEW

The USSOCOM Clinic was established in 1991 initially as an aid station in the HQ building. It has evolved over the years to its present day configuration as a full service family practice clinic providing a wide range of services to include flight medicine

### HOURS OF CARE:

Sick Call Daily – 0730 – 0830

Active Duty Only

Non-Sick Call – 0830 - 1630

Please call for an appointment:

Acute Seen Same Day

Routine Seen Within 7 Days

Wellness Visits Seen Within 30 Days

Active Duty Physicals:

Contact 827-9876

Thursday Afternoons: The clinic is closed at 1200 to conduct professional training and administrative duties.

Emergencies on Base: Do not use a cell phone to call 911 on base. Use a land line and 911 will go directly to the on base fire rescue. This ensures the quickest response.

Flight

Dive

Preventive Health

Assessment

Minor Procedures:

Lesion Removals

Joint Injections

Cryotherapy

Medical coverage for HQ USSOCOM

Operations

Airborne Operations

Command Runs

Personal Security Detachment

Command Parachute Team

Specific Tasks

## AFTER HOURS CARE FOR THE MACDILL AREA

If you believe that a serious medical condition exists, that would result in a threat to life, limb, or eyesight, then proceed to the nearest emergency room or dial 911.

For medical problems that are not emergencies but cannot wait until a time when the primary care manager is available, proceed to an Urgent Care Center (UCC).

In the event a service member is unexpectedly hospitalized, contact the SOCOM Command Center (813-828-5300) and their supervisor as soon as possible after the incident.

Notify the SOCOM Clinic during normal duty hours after a visit to an emergency room or an urgent care center, or whenever ambulance services are used. The appropriate referral will be submitted to TRICARE.

Urgent Care Centers do not require an authorization PRIOR to the visit. Try to use a network UCC versus an Emergency Room (ER), if possible. If a Network UCC is closed, or out of a reasonable diving area, then proceed to a non-network UCC. NOTE: Make sure you go to non-network UCC ONLY if the Network UCC is out of diving distance and/or closed or the visit may not get paid by TRICARE.

To locate an Urgent Care Center that accepts TRICARE Prime, go to [www.mytricare.com](http://www.mytricare.com), click on Provider Directory and then the appropriate area on the map. Under the heading of Network Facility, click on Urgent Care Center and insert your zip code. A list of current centers will appear.
