

Slovenia

Armed Forces Day

15 May 2011

To our NTM-A soldiers from Slovenia,

Your many colleagues in NATO Training Mission-Afghanistan salute you on the 20th anniversary of the Slovenian Armed Forces .

You have a proud military tradition and we greatly appreciate having your professional soldiers on the NTM-A team here in Afghanistan. Each and every service member truly makes a difference as we assist our Afghan counterparts transition to their own self defense and a safer society for their citizens.

Although you are far from home today, I would like to thank you for being with us on your Armed Forces Day. We salute you and all of your fellow soldiers at home and abroad.

Have a great day!

V/r -- WBCIV
