Chapter 1

Arriving at Fermilab

1.1 Before You Arrive

You can have your luggage and belongings shipped to the Fermilab Receiving Office, which is located near the fixed target area, off of Road B (see Appendix ??). Contact the Fermilab Transportation Services Department (x3470) for specific information and instructions.

(630) 840-3000 (main phone number for Fermilab)

1.2 Fermilab Layout and Local Area

Fermilab is located in Batavia, IL, about 35 miles (or 50 km) west of Chicago. The main entrance is on Farnsworth Ave (Kirk Road) and Pine Street, just 3 miles north of the I-88/Farnsworth Ave exit. The location of Fermilab relative to the surrounding highways is shown in Figure ??.

Figure 1.1: *Location of Fermilab*

Currently, three gated entrances provide access to Fermilab: the main entrance on Pine St, the Batavia Rd entrance on the east side of the lab (this entrance is closed 1:00 a.m. - 5:00

a.m.), and the service entrance on Wilson Rd (this entrance is only open during weekdays, not on nights or weekends).

There are several primary areas and places of interest on the site, all of which can be seen on a scale model of Fermilab located on the 15th floor of the Wilson Hall building. The largest central locations on Fermilab are described in more detail below.

1.3 Wilson Hall

Figure 1.2: *Wilson Hall*

Also known as the **High Rise**, this structure dominates the landscape and is the center of Fermilab operations. Many of the experiments and divisions have offices in the upper levels of Wilson Hall. The first floor has the Arts and Lecture Series Box Office, International Services Office, Users' Office, Visa Office, Office of Communication, Cafeteria, Vending Machines (food), and the One West meeting room. A medical office for Fermilab employees, the Key and ID office, Communications Center (ComCenter), Argonne Credit Union, an ATM, Duplicating and Visual Media Services are located on the ground floor (one floor below the first floor). Down the large set of stairs at the back of Wilson Hall is Ramsey Auditorium. Ramsey is used for many labwide events, such as the annual Users Meeting, important announcements from the lab director, diverse cultural events for the general public, and Diversity Council presentations. The Cashier is located on the fourth floor, east side, in front of the elevator. This is where you go to pay various charges such as for Visual Media services. You may also cash a check there, although you must show your Fermilab ID. The Travel Office is also located on the fourth floor, east side. The Cashier's Office hours are: Monday - Closed; Tuesday through Friday - 12:30 p.m. - 4:15 p.m.

The most important thing to know about Wilson Hall is how to interpret directions that people may give you for places inside the High Rise. The Ground Floor (basement) is the floor at the bottom of the building, enter from the parking lot. The First Floor is the next floor up

from there, enter from the Horse Shoe parking lot (semi-circular driveway). "XO" denotes a crossover area. The front of the building (with the semi-circular driveway and the reflecting pond) is referred to as north. Directions generally are given in the form WH1W, where WH stands for Wilson Hall, the number denotes the floor, and the subsequent letters define the cardinal point of the location, relative to the above definition of North. For example, the Users' and International Services Offices are located at WH1NW, behind the elevators.

"Communications" is used to describe several departments in Wilson Hall. "The Office of Communication" (WH1W) (formerly "The Office of Public Affairs): news and information about Fermilab and high-energy physics. "Telecommunications" (WH5W) (often referred to as "Communications" or "Communications Services"): pagers, Fermilab cell phones, telephone services. "Communications Center" (WHGF next to the Key and ID Office) (often referred to as "ComCenter"): telephone operator, faxes (fee), emergency dispatch, Lost and Found. IN ANY EMERGENCY DIAL EXTENSION 3131.

The High Rise offers many services to Users. The locations of primary interest are listed below.

International Services Office: Located on the first floor of Wilson Hall (WH1NW). The International Services Group is the centralized point of service assisting with the movement of people across borders: foreign-born scientists and professionals entering the U.S. to visit or work at Fermilab, as well as U.S.-citizen Fermilab employees being assigned abroad.

Visa Office Office: Located on the first floor of Wilson Hall (WH1NW). Immigration-related services for non-US citizens working at Fermilab, including J-1 sponsorship, H-1B petitions, and permanent residence. We also advise on the U.S. visa application process, and provide guidance on most aspects of the U.S. immigration process that might confront Fermilab employees. Because we frequently have meetings, both in our offices and elsewhere in Wilson Hall, we strongly recommend emailing for an appointment visaoffice@fnal.gov.

Users' Office: Located on the first floor of Wilson Hall (WH1NW), the Users' Office is your primary source of user-related information at Fermilab. It should also be your first stop upon your first arrival at Fermilab, as outlined in Section ???. The Users' Office coordinates the issuance of ID badges for site access and computing accounts for computer system access to scientists and professionals, introduces the User to the laboratory, and gives Users information about laboratory policies, procedures and facilities. Also provides information and responds to questions and concerns about nearly any issue relating to the User's involvement with Fermilab. The Users' Office is normally open Monday through Friday, 7 a.m. to 4:30 p.m., and closed noon to 1 pm, but this schedule is subject to change. The office may be contacted by email at usersoffice@fnal.gov.

Assignment Services: Located on the first floor of Wilson Hall (WH1NW). The centralized point for coordination of issues for Fermilab Employees relocating outside of the U.S. to work temporarily for, or represent Fermilab at, another location (such as CERN).

Arts and Lecture Series Box Office: Located on the first floor of Wilson Hall (WH1NW). Purchase tickets for Arts, Lecture, and Gallery Chamber tickets here. Grad students with

ID can purchase Arts Series tickets for half price, receive comp (free) Lecture Series tickets. The Fermilab Arts and Lecture Series website is at <http://www.fnal.gov/culture>.

Travel Office: Located on the fourth floor of Wilson Hall (WH4SE), the Travel Office can provide services relating to Fermilab business travel only. (travel@fnal.gov)

Key & ID Office: Located on the ground floor near the west elevators, extension 4506, the Key & ID Office will be one of the subsequent stops you make. Pick up your Fermi ID here. You will need to renew your ID every year.

The Library: The library is located on the third floor back crossover (WH3S), and is tailored to suit the needs of HEP experimenters. Information about library services and available periodicals are online at <http://bss.fnal.gov/library/index.html>.

Wilson Hall Cafe: The Cafeteria is located at the southeast end of the first floor of the high rise (WH1SE). The weekly menu is available online at <http://bss.fnal.gov/cafe/>. They do usually offer a vegetarian entree and there is always a salad bar.

Recreation Office: The Recreation Office is located on the west side of the 15th floor of Wilson Hall (WH15W). They will tell you about all things recreational at Fermilab. You can get a taste of the offerings in the Recreation chapter (??). The Recreation Office website is at <http://wdrs.fnal.gov/recreation/index.html>.

Post Office and Stockroom: The post office and stockroom are located at Site 38. Note that the post office can handle personal letters but not personal packages. See the Postal and Parcel Services section later in the Getting Around Fermilab chapter.

Medical Office: Some basic first aid can be obtained on the ground floor of the High Rise (WHGFW), extension 3232. This service is only for Fermilab employees.

Vending Machines: Located on the first floor of Wilson Hall, south west of the cafeteria seating area (WH1SW). Offers cold and hot beverages, candy, snacks, and packaged lunch items. The room is equipped with a microwave. Vending questions – contact Dino Santiago at extension 3971. Newspaper vending machines are also located in this area. For newspaper vending machine questions contact the library at extension 3401.

Meeting Rooms: Wilson Hall is home to several very popular meeting rooms. These rooms are listed with all the other conference rooms around Fermilab in Appendix ??.

1.4 Fermilab Village

The Fermilab Village, located near the East entrance to Fermilab (Batavia Road), contains a number of construction labs as well as housing for students and visiting scientists. There is a map of the village in Appendix ??.

The Housing Office is located at Aspen East, the large house at Batavia Road and Sauk Boulevard. See more about this in Chapter ??.

The Users' Center is open Monday to Friday from 5:00 pm to midnight. It has a TV/video room, 2 pool tables and a tennis table which are free and open to anyone. The Users' Center also has a piano room and a bar. There is also a restaurant in the Users' Center, "Chez Leon", which is open Wednesdays for lunch and every other Thursday for dinner. The Chez Leon menu may be found at <http://bss.fnal.gov/chezleon/index.html>.

The Kuhn Barn is used for all kinds of functions, such as the annual GSA Halloween Party, and for dance classes. The area in front of the Kuhn Barn has picnic tables and a grill which may be used by anyone. To reserve the barn, you must submit a Facility Request Form after agreeing to the disclaimer (<http://bss.fnal.gov/facilities/disclaimer.html>).

The laundry and vending machines are located at 18 Sauk Boulevard, across the street from the Users' Center parking lot. The laundry facility has also a small room with a piano. To use the piano room you must ask for the key at the Housing Office. Snacks, drinks, a change machine, and a microwave oven are available at all times.

The Gym and the sports courts are located at 16 Potawatomi. There is a fee for using the gym. Once you have purchased a membership, your Fermilab ID card is used to enter the gym. You will find more information in Chapter ??.

The Children's Center day care facility is located at 34 Shabbona. It opens at 6:45 am and closes at 5:30 pm. More information may be found in Chapter ?? or by visiting their web page at <http://wdrs.fnal.gov/childrens/handbook.html>.

The laboratories which are located at the village are: Lab 1, Lab 2, Lab 3, Lab 4, Lab 5, Lab 5 Pole Bldg., Lab 6, Lab 7, and Lab 8.

1.5 The Experiments

The complete listing of Fermilab experiments and their primary webpages may be found online at <http://www.fnal.gov/faw/experimentsprojects/>. "Procedures for Experimenters" can be found at <http://www.fnal.gov/directorate/documents/>.

Chapter 2

Upon Arrival at Fermilab

2.1 Fermilab Security and ID badges

2.1.1 Security Regulations

On January 24, 2005, the Department of Energy approved changes to the Fermilab Security Plan. These changes eased some of the site access restrictions that had been in place since 9/11.

A central corridor of public areas currently enables the public to visit much of the Fermilab site without the need for visitors' passes. The public areas include most of the recreational features of the site. A map showing the public areas is available online (<http://www.fnal.gov/pub/visiting/map/site.html>).

Visitors are able to enter the Fermilab site by car through the Batavia Road and Pine Street entrances. After presenting identification, most visitors will simply pass through the security checkpoint after telling the security officer the purpose for their visits. Roadways that are off limits to visiting members of the public are posted with signs, and motorists will be given site maps to guide them to the public areas.

The public areas will be open to the visiting public from 8 a.m. to 6 p.m. from mid-October to mid-April and from 8 a.m. to 8 p.m. when daylight hours are longer.

The public areas extend into the Lederman Education Center and to the ground floor and atrium of Wilson Hall, and Ramsey Auditorium. Signs tell visitors which areas of Wilson Hall are open to the public.

The Fermilab Security Plan identifies certain workspaces as "Property Protection Areas." (<http://www.fnal.gov/pub/visiting/map/site.html>). Fermilab ID badges are required for entry into these areas. If a visitor needs to enter a Property Protection Area in order to conduct business at the lab or to meet with someone who works at the lab, he or she must obtain a temporary visitor's pass and wear it while inside the Property Protection Area. These spaces include CDF; DØ; the Main Control Room and the associated computing space; parts of Feynman Computing Center; the Central Utility Building; the Central Helium Liquefier; and the Master Substation, the Kautz Road Substation, and the Grid Computing Center (GCC). Fermilab ID badges will be required for entry into these areas, and people working in these areas must wear Fermilab ID badges or visitors' passes at all times.

The east gate is closed at night from 1:00 a.m. to 5:00 a.m. Personnel called in during those hours to work on emergency repairs will be provided access. All other employees and

users who wish to enter the site between 1 and 5 a.m. will need to use the main entrance on Pine Street. As the laboratory gains experience with emergency repair access during the night, Fermilab management will modify the procedures as necessary. For more information about the new gate, please read the articles published in Fermilab Today on Sept. 24 and Sept. 29, 2009.

Those who visit or work in Property Protection Areas will be required to wear Fermilab ID badges or visitors' passes. People will not need to wear ID badges or visitors' passes elsewhere on the site so long as the present threat level (yellow) remains in effect. However, everyone on the Fermilab site must produce valid identification if requested by a security officer.

Security officers will remain at the East and West gates. When entering the site you should be prepared to show your Fermilab ID badge so the security officer will know you are authorized to enter.

Visitors will now be able to enter the Fermilab site by car through both the East and West Gates. After presenting identification, most visitors will simply pass through the security checkpoint after telling the security officer the purpose for their visits. They will not need to obtain visitors' passes. However, when a visitor plans to enter a Property Protection Area, he or she must obtain a temporary visitor's pass and wear it while inside the Property Protection Area.

If you do not normally work within one of the Property Protection Areas but need to visit one during the course of a day, you will need to use your Fermilab ID badge to open the card-key access doors of the area, and you must wear the identification badge at all times while inside the area.

These security changes will remain in effect at the current security level. If DOE directs Fermilab to raise the security level due to some imminent threat, access procedures may change and the site-wide wearing of identification badges may be required until the threat subsides.

For more information, call the Fermilab Office of Office of Communication at (630) 840-3351.

2.1.2 Obtaining a Fermilab ID badge

First-time Application for Fermilab ID Badge

Before you arrive at Fermilab: Computing Privileges and Visitor ID Number – If you do not already have a Kerberos account, request Fermilab Computing Privileges. This results in the issuance of a Visitor ID Number to you. Complete your Safety and Training requirements.

Medical Insurance – Obtain evidence of medical insurance

Apply for a Visitor ID Badge – Complete the Application for Fermilab Visitor ID Badge. The experiment spokesperson does not need to sign Section 4 of the Application if step 1 from above is completed. If you are a foreign national, you will need the appropriate U.S. visa or be able to enter the U.S. under the Visa Waiver Program. Please note that we cannot issue a Fermilab Visitor ID Badge to you if you hold tourist status (if B-2, VT, or VWT is marked on your I-94 Arrival Card). If entering as a Business Visitor, you must have B-1 marked on your I-94 Card. If entering under the Visa Waiver Program, you must have VB or VWB marked on your I-94 Card, to denote that you are permitted to engage in business activities.

When you arrive at Fermilab:

Apply in-person at the Users' Office for the ID Badge. During the application, you must present the completed application form and evidence of medical insurance mentioned above, each time you apply for an ID Badge (regardless of whether it is your first or fiftieth ID Badge).

U.S. Citizens must bring photo ID on your first visit to the Users' Office. Foreign nationals must bring their valid, unexpired foreign passport, I-94 card, and any other documentation associated with your visit to the U.S., such as your visa, I-20, DS-2019, EAD (Employment Authorization Document), I-797 Approval Notice, or LPR card, as appropriate. Completion of the steps above before your arrival at the Users' Office will greatly reduce the time involved in processing and issuing your first ID badge (reducing the time involved from 2-3 hours to roughly 5 minutes). This will get you out into the Lab and working much faster.

Renewal of Fermilab ID Badge

To renew your ID Badge, you must be physically present on site at Fermilab.

Renew your Fermilab Computing Privileges online, if your computing privileges also will expire. Go to the appropriate experiment site and follow the directions there to renew your account.

Obtain evidence of medical insurance

Apply in person at the Users' Office to renew your ID Badge. You must present evidence of medical insurance mentioned above, along with the same kinds of documents as you presented during your original arrival, each time you apply for an ID Badge (regardless of whether it is your first or fiftieth ID Badge). U.S. Citizens must bring photo ID, and Foreign nationals must bring their valid, unexpired foreign passport, I-94 card, and any other documentation associated with your visit to the U.S., such as your visa, I-20, DS-2019, EAD (Employment Authorization Document), I-797 Approval Notice, or LPR card, as appropriate.

Fermilab ID Badges

Scientists and professionals from other institutions who need to access the Fermilab Site must have valid and unexpired ID badges. On-site privileges are not the same as computing privileges. A User who needs only computing privileges need not apply for an ID Badge, but need merely obtain a Visitor ID number. Please see our information on Fermilab Computing Privileges (http://wdrs.fnal.gov/users/comp_priv.html).

PhD U.S. Citizen: 3 years, Non U.S. Citizen 1 year maximum **Engineer: U.S. Citizen** 3 years, Non U.S. Citizen 1 year maximum **Technician:** 3 years, 1 year maximum **Post-Doctorate, Graduate or Under-graduate student:** U.S. Citizen 1 year, Non U.S. Citizen 1 year maximum

Within the maximums listed above, the validity of the ID Badge cannot exceed the shortest of:

- Your U.S. medical insurance coverage,
- Your need to be present at the Fermilab site,
- The period of time you may legally stay in the U.S. (the "authorized stay"), as shown on the I-94 Arrival Departure Card issued to you at the airport, during arrival, or
- In certain circumstances, the validity of your passport (U.S. citizens and greencard holders are not subject to this requirement).

The U.S. Department of Energy (DOE) requires that Fermilab collect certain information and documents from all ID badge applicants, including all Users. The DOE also requires that we track the immigration status of all non-U.S. citizen Users. Foreign Users must advise the

Users' Office of changes in visa status, such as the issuances of new visas, extensions of status, or changes from one type of visa to another.

The DOE requires that all Users and visitors to Fermilab present information and/or documentation relating to identity and/or citizenship status. The provision of the requested information/documents is voluntary; however, failure to comply may result in denial of an ID badge. Information/documentation provided by non-US citizens is entered into a DOE database. All Users' Office files, including any information and copies of any documentation provided during an ID badge application, may be reviewed by DOE and other federal agencies at any time, without notice or any other explicit permission.

While the ID Badge can be issued only once you have physically arrived at Fermilab, there are many steps that you should complete before you arrive here that will speed the Badging process.

For details or further information visit the Users' Office website (http://wdrs.fnal.gov/users/Fermi_badges.html#renewal)

2.2 Computer and Email Accounts

You are also likely to need a computer account at Fermilab. The Computing Division (<http://computing.fnal.gov/cd/>) has a web page where you can find Form Requests (<http://computing.fnal.gov/cd/forms/>) for all kinds of computer accounts and more.

One of the default mailing accounts is an account for fnal.gov. This machine is a mail server that allows you to set the forwarding address on the mail that is sent to your_user_name@fnal.gov.

The Computer Division also offers help and instructions on how to setup your email accounts (<http://computing.fnal.gov/email>):

- The Fermilab Mail Server: fnal.gov (Your permanent email address at Fermilab)
- Mailing Lists and LISTSERV
- Mail Server Protocols: IMAP and POP
- Email on UNIX/LINUX
- Email on Windows
- Additional Email Resources

If you have a question or any kind of computer problem you can email helpdesk@fnal.gov or call X2345.

Computer and Email Accounts:

You are also likely to need a computer account at Fermilab. The Computing Division (<http://computing.fnal.gov/>) has a web page where you can find form requests (<http://computing.fnal.gov/forms>) for a large variety of computer accounts and more. Please read the information at the top which contains important information for new users.

One of the default mailing accounts is an account for fnal.gov This machine is a mail server that allows you to set the forwarding address on the mail that is sent to your_user_name@fnal.gov.

The Computing Division also offers help and instructions on how to setup your email accounts, and email clients, and provides additional information related to email use (<http://computing.fnal.gov/email>):

1. The Fermilab Mail Server: fnal.gov (your permanent email address at Fermilab)
2. Mailing lists and LISTSERV
3. Email on UNIX/LINUX
4. Email on Windows
5. Additional Email Resources

For more information on computing for researchers, please see additional documentation in the Procedures for Researchers Document (PFX) (<http://www.fnal.gov/directorate/documents/>).

If you have a question about email, accounts, or any kind of computer problem you should contact the Service Desk at (<http://servicedesk.fnal.gov/>) or call x2345. The Service Desk is located on the ground floor (basement) of Wilson Hall across from the Argonne Credit Union. Walk-ups are also welcome.

The Office for Professional Organization Development:

The Office for Professional & Organization Development is a resource of continuous learning for all Fermilab employees and visitors. The Office provides classes in management, professional development, computer programming/software, and technical topics. Classes are paid for by the individual, the home university or the home institution. Visit the Office for Professional & Organization Development's website (<http://wdrs.fnal.gov/train-dev/index.html>) for a full listing of current classes.

The Computing Division and C++ Classes:

As a service to the HEP computing community, the Computing Division offers courses in C++ programming. "Accelerated C++: A Short Course in Practical Programming by Example" is a series of lectures aimed at programmers who are new to C++. This Short Course is supplemented from time to time by special topics at intermediate and advanced levels. There is no fee for any of these offerings; the required texts are available for check-out from the Fermilab Library. Additional offerings are under active consideration and may become available in the near future.

ITNA & TRAIN ITNA and TRAIN work hand-in-hand to manage Environment, Safety and Health (ES&H) training requirements for Fermilab employees, users, visitors and subcontractors. ITNA, or Individual Training Needs Assessment, is a questionnaire completed by your supervisor that determines your training requirements. The ITNA is completed by a person's supervisor or Fermilab point of contact because they are familiar with the employee/visitor's job duties including the associated ES&H hazards. ITNAs should be updated at least once a year, or more frequently as job hazards change. TRAIN is the system that everyone can use to manage their personal ES&H training requirements. The Individual Training Plan (ITP) is generated as a result of the ITNA process. The ITP summarizes your training needs in a table. The ITP lists needed courses by name and course code, shows the training completion date, and the due date. As the due date draws near, TRAIN will send reminders to enroll in the course that is about to expire.

Two Power Point slideshows are available to view in **DocDB, Document 838**: (<https://esh-docdb.fnal.gov:440/cgi-bin/ShowDocument?docid=838>).

ITNA (halfway down, left column): (http://www-esh.fnal.gov/owa_user/esh_home_page.page?this_page=16707)

ITP: (<http://www-esh.fnal.gov/pls/default/itp.html>)

2.3 Arriving with pets

Pets are allowed in houses and most apartments (not in dormitories, nor in the Neuqua apartments) under the following conditions:

1. You must register your pet with the Housing Office and sign a document that states that you will be responsible for keeping your animal under control at all times.
2. If your pet is a dog or cat, you must have in your possession a valid pet license and a recent Rabies Vaccination Certificate.
3. You are responsible for picking up and properly disposing of all animal waste - both inside and outside.

If you are arriving at Fermilab looking for a home to live in with your pet but need to spend some time at the village dorms while you find it, you may need to find a short term housing for your pet. There are several places offering boarding for pets around the lab, but not all of them offer service for all pets. Some of them may require that you supply them with the food for you pet and will have vaccination requirements as well. Here we list a few that are closest to the site.

- **Country Pet Retreat:** (630) 393-9390. 29w421 Butterfield Rd, Warrenville, IL 2.80 mi. Cats and dogs only.
- **Brushbow Boarding Kennels** (630) 231-4418. 0s639 Prince Crossing Rd, West Chicago, IL 3.17 mi.
- **Crate Escape Incorporated:** (630) 579-1220. 500 Industrial Dr # 559, Naperville, IL 4.16 mi. Dogs Only.
- **Ruffner's Doggie Day Care:** (630) 232-9193. 345 Stevens St, Geneva, IL 5.28 mi. Dogs only
- **Apolda Kennels:** (630) 898-2947. 2380 E New York St, Aurora, IL 5.34 mi. Cats, dogs, rabbits, etc.
- **Boulder Terrace Animal Hospital:** (630) 420-9155. 1586 W Ogden Ave, Naperville, IL 5.66 mi. Cats and dogs only.

2.4 Useful Fermilab Web Pages and Resource Information

Fermilab Home Page: The one from which all the others can be accessed, also has a lot of PR stuff on it, including a clickable tour of the lab.

<http://www.fnal.gov>

Fermilab at Work: Links to the home pages of all experiments at Fermilab.

http://www.fnal.gov/faw/fermilab_at_work.html

Fermilab Today: Published daily with all the news and upcoming events at Fermilab.

<http://www.fnal.gov/pub/today/index.html>

Fermilab Phone Directory, White Pages: Listing of everyone with a Fermilab ID badge, including both Fermilab employees and visiting physicists. All Fermilab phones are area code 630, prefix 840. From an on-site phone, dial only the 4-digit extension.

<http://www-tele.fnal.gov/telephone>

Fermilab Phone Directory, Yellow Pages: Listing of all Fermilab departments and offices.

<http://www-tele.fnal.gov/telephone/yellow/yellow.html>

Users' Executive Committee: The Users' Executive Committee is a group elected to represent the voice of the Users of Fermilab to the Directorate.

http://www.fnal.gov/orgs/fermilab_users_org

Graduate Student Association: Group of graduate students elected each year to represent the student community. The GSA offers classes, tours, and other kind of activities.

<http://www.fnal.gov/orgs/gsa>

Fermilab Housing Office: Information about the housing options on the Fermilab site.

<http://lss.fnal.gov/housing/index.html>

Airline Tickets - Travel Office, Wilson Hall 4-SE, x3398, e-mail: travel@FNAL.gov **Arts & Lecture Series Tickets** - x2787: <http://www.fnal.gov/culture/NewArts/index.shtml> /endcenter

Cafeteria - Wilson Hall - 1 South. The cafeteria on the first floor of Wilson Hall serves breakfast, lunch and snacks, Monday through Friday, and breakfast and lunch on Saturday. There is usually no service on Sundays and holidays. Hours are posted near the cashier.

<http://www.bss.fnal.gov/cafe.html>

Car Rental - Users' Office, Wilson Hall - 1W, x3111.

Cashier - Wilson Hall - 4E (just outside East elevator), x5808, Tues.-Fri., 12:30-4:15 p.m. Personal checks to \$200 may be cashed with a Fermilab ID.

CERN Courier - Sign up for mailing list in Users' Office or Office of Communication.

Chez Leon Dining - Users' Center, Wednesday lunch 11:30 - 1:00, Thursday dinner 7:00 p.m. By reservation only (x4512). Menus listed:

<http://www.fnal.gov/faw/events/menus.html>

Computer Accounts - Details and procedures for requesting computer accounts may be obtained by going to

http://computing.fnal.gov/xms/Services/Getting_Started/Introduction_to_Computing_at_Fermilab

Copying Duplicating - Wilson Hall - Ground Floor, or Library, Wilson Hall - 3 South.

Cultural Activities - Program announcements. Atrium Reception Desk, Wilson Hall - 1 North, x3353:

<http://www.fnal.gov/pub/events/index.html>

Day Care - 28 Shabbona, for information - x3762 or x3082.

Discount Tickets (Recreation) x5427:

<http://wdrs.fnal.gov/recreation/convenience.html>

E-Mail Addresses - To find telephone numbers or email addresses:

<http://www-tele.fnal.gov/cgi-bin/telephone.scrip>

EMERGENCY - Call 3131. Fire, Ambulance, Security. Stay on line to answer any questions.

Environment, Safety and Health Manual - ES&H Section, Wilson Hall - 7 East:

http://www.-esh.fnal.gov/pls/default/esh_home_page.page?this_page=800

Fax Communications Center - Wilson Hall - Ground Floor, 1-630-840-4343. Check Fermilab Phone Book for other Fax numbers.

Fermilab Today - Electronic newsletter published Monday through Friday. Office of Communication, Wilson Hall - 1 East, x3351:

<http://www.fnal.gov/pub/today/>

FIRE - call x3131. Stay on line to answer questions.

Gate Passes - Obtain passes through Keys and ID Office, Wilson Hall Ground Floor.

Gym Membership - Includes pool and gym memberships, leagues, clubs, etc. Recreation Office, **Wilson Hall** - 15 West, x2548 or x5427:

<http://fnalpubs.fnal.gov/benedept/welcome.html>

History and Archives:

<http://history.fnal.gov/>

Housing Information - Aspen East in Village, x3777, e-mail: housing@fnal.gov

Key Requests - Key requests must go through the appropriate Division or Section Office. Keys and ID Office, Wilson Hall Ground Floor, x4506.

Library - Wilson Hall - 3 South, x3401, e-mail: library@fnal.gov:

<http://bss.fnal.gov/library/index.html>

Lost and Found - Communications Center, Wilson Hall - Ground Floor, x3000.

Mailing Lists - Users' Office, Wilson Hall - 1 West, x3111.

Maps - Users' Office, Wilson Hall - 1 West, x3111.

Medical Clinic - Wilson Hall - Ground Floor West, x3232.

Medical Emergency - Call x3131. Stay on line to answer questions.

NALWO (National Accelerator Womens Organization) An organization open to all women and their families affiliated with Fermilab, NALWO sponsors cooking demonstrations, family events, bus trips, play groups for children (a way for families to get together with their pre-school children), potlucks, special events, and English Classes. Classes meet Monday and Friday mornings from 9:30 a.m. to 11:00 a.m. in the Music Room at the Users' Center. Volunteer teachers work with students at all skill levels. Classes are free of charge and may be joined at any time. Information about the times and place is available from the Users' Office or visit the NALWO web page:

<http://www.fnal.gov/orgs/nalwo/.html>

Notary Public - Argonne Credit Union, Wilson Hall - Ground Floor North, x3293.

Pager (On Site) - Dial 72, wait for tone, dial pager number, wait for 3 beeps, give message.

Personnel Policy Guide:

<http://wdrs.fnal.gov/policies/index.html>

PREP Equipment Loans - prep@fnal.gov

<http://cdorg.fnal.gov/ese/ESEPREP.html>

Radiological Control Manual - ES&H Section, Wilson Hall -7 East:

http://www-esh.fnal.gov/pls/default/esh_home_page.page?this_page=900

Recreation Membership - Recreation includes pool and gym memberships, leagues, clubs, etc. **Recreation Office, Wilson Hall** - 15 West, x2548 or x5427:

<http://wdrs.fnal.gov/recreation/facility.html>

Remote Computing Access:

<http://computing.fnal.gov/vpn/>

Residence ID - For identification of users' family members. Housing Office, Aspen East, x3777.

Service Desk - (Fermilab IT Service Desk), x2345:

<http://servicedesk.fnal.gov>

Social Security Applications:

<http://www.ssa.gov/>

Stockrooms - Site 38, Warehouse #1, x3825, Mon.-Fri., 8:00 a.m.-11:45 a.m., and 12:30-4:30 p.m.

Taxi - Call HACK (x4225), 7:30 a.m.-4:30 p.m. weekdays, on-site transportation only.

Technical Publications - Wilson Hall - 3 South West, Mail Station #358, x5693, email: techpubs@fnal.gov **Telephone Numbers** - Telephone numbers or email addresses,

<http://www-tele.fnal.gov/cgi-bin/telephone.script>

Tours - The Education Office, x5588, makes reservations for and conducts guided tours.

Travel Office - Wilson Hall - 4 South East, x3398, e-mail: travel@fnal.gov

Users' Center - 10 Che Pinqua, Village; Mon. - Fri. 5:00 p.m. - midnight. Bar, snacks, recreation are available.

Users' Office - The Users' Office is the best resource for experimenters for Fermilab information (Wilson Hall - 1 North West, x3111 and x3811, e-mail: usersoffice@fnal.gov):

<http://wdrs.fnal.gov/users/users.html>

Vehicle Stickers - Keys and ID Office, Wilson Hall ground floor next to the Communications Center, x4506.

Visa Office - The Visa Office provides U.S. immigration-related guidance to users and assistance to employees, as well as information about changes to U.S. immigration laws or policies, and about consulate processing of visas. The website at visas.fnal.gov has a lot of useful information, or email visaoffice@fnal.gov.

Visitors ID Badges - Required for all experimenters, obtained through Users' Office, Wilson Hall - 1 North West.

Weekend Services - Communications Center, Wilson Hall - Ground Floor North, x3000. Dispenses pre-arranged housing contracts, airline tickets; dispatches Security to handle emergency stockroom withdrawals, PREP exchange/withdrawal, housing lockouts, and emergency on-site transportation.

Yellow Pages - Fermilab Telephone Directory, or

<http://www-tele.fnal.gov/telephone/yellow/yellow.html>

Chapter 3

Getting Around

3.1 Transportation

There is no public transportation to or from Fermilab, so access to a car is a necessity whether you live on or off site. For short stays, you can rent a car through the Users' Office (X3111). Call for up-to-date rates. The rental firm is based at Fermilab so the cars cannot be dropped off at the airport. The Travel Office can also arrange transport to O'Hare International Airport for around \$30 (1-way), but reservations must be made in advance.

For on-site transportation, the free Fermilab taxi is available from 8:00 AM to 4:30 PM on weekdays. To call the taxi, dial x4225 (HACK) on site.

On July 2004, the lab purchased 25 bicycles that were distributed among the MINOS, Mini-BooNE, CDF, and D0 experiments to offer them to their collaborators living at the Fermilab Village. If you would like to borrow one of these bikes you should contact your experiment's spokesperson to check for availability. There is a maintenance day for these bikes to take place every spring.

You can also rent a bicycle for local travel, but the cost for a week's rental is just about what you would pay for a used bicycle. You can find a used bicycle by looking in classified ads of the local newspapers, or at some of these places:

- **Play It Again Sports**

St. Charles. (630) 584-7334. 1501 W. Main St., St. Charles. Sometimes have used bikes for sale.

Naperville. (630) 355-1121. 24 W. Gartner Rd, Naperville. Sometimes have used bikes for sale.

- **Performance Bike Shop**

Naperville. (630) 983-3010. Rte 59 and Aurora Ave, Naperville. New bikes and bike equipment.

- **Bevie's Bikes** Batavia. (630) 879-5926. 408 E. Fabyan Pkwy., Batavia. Used Bikes. Sales & Repairs.

3.1.1 Commuter trains around Fermilab

Commuter trains connecting the suburbs around Chicago are available and may in some cases be useful to you when moving around the area. Some students and postdocs who live in the city of Chicago take the METRA/UNION Pacific West Line from the Ogilvie Transportation Center at Chicago to the Geneva Metra Station, or the METRA/BNSF Railway from Union Station at Chicago to the Route 59 station in Naperville as part of their daily commute. However it is necessary to have a car to go from the train stations to Fermilab. At present the lab does not provide a taxi service to or from train stations.

A typical commute from downtown using one of these two lines should last approximately between 50-60 min on the train plus 15-25 min drive from the station to the lab. If you do not live nearby Union Station in Chicago, you should consider the extra time it will take you to get there from your home.

For more information on transportation by train see section ?? of this guide.

3.2 Buying A Car

For a used car in good condition, you should expect to pay perhaps \$1,500 to \$2,000. However, neither individuals nor dealers expect to receive their asking price for a used car, and frequently will ask for much more than a car is worth.

The Argonne Credit Union, located on the west side ground floor of Wilson Hall, has information on the average wholesale price and retail price for various makes and models of cars. You should expect to pay somewhere between the wholesale and retail price.

For federal contractors, Government Vehicles may be available from the General Services Administration, Chicago Fleet Management Center, 4100 West 76th Street, Chicago, Illinois 60652. Cars must be picked up and returned to the Chicago street address. Requests for these vehicles must be made prior to pickup, via the user's home institution.

Any user who needs to use a government vehicle while working at Fermilab must make arrangements with the home institution to obtain a valid U.S. Government Motor Vehicle Operator's Identification Card (Form 346) and the authorization to use governmental vehicles prior to arriving at Fermilab. Vehicles, when available, may be assigned from the department office to drivers holding a valid state license.

3.2.1 Driver's License and Registration

To receive an Illinois driver's license you must provide a minimum of three forms of identification. You must prove name, date of birth, Illinois residence, Social Security Number, and signature for comparison. For preparation, you can pick up a copy of the Illinois "Rules of the Road" booklet at the Users' Office (in English, Polish, and Spanish). Technically, if you live in Illinois for over 90 days, you must get an Illinois driver's license (as opposed to a foreign or out-of-state license).

You can obtain a driver's license at the Illinois Secretary of State office, at 339 East Indian Trail Road in Aurora (Phone # (630) 896-1911). Go south on Kirk Road and turn right onto Indian Trail Rd - the offices will be on your left. For more information or other driver service facilities: <http://www.sos.state.il.us>.

The state of Illinois has a mandatory insurance law that requires drivers to have liability insurance on their personal vehicles (which pays for damage that you might cause to other persons or their property). You must arrange for insurance through a private company, which satisfies the legal requirements. You can reach Geico General Insurance Company by call 1-800-841-3000 toll-free, or any number of other insurance companies by looking in the yellow pages.

3.3 Housing

Fermilab's Housing Office (x3777; housing@fnal.gov) is in the lobby of Aspen East at the corner of Sauk Boulevard and Batavia Road in the Fermilab Village (see the map in the appendices of this document). Housing requests can be made by contacting the Housing Office or submitting an online request at (http://bss.fnal.gov/accommodations/housing_request.html). Furnished houses, apartments, and dormitory rooms are available for users to rent. The Village has a number of available facilities. To start with, vending machines and laundry facilities are at 18 Sauk Boulevard near the center of the Village (laundry facilities also exist in the basement of Aspen East). The Users' Center (across the street at 2 Che Che Pinqua Street) has a bar, television/video room, game room, and a gourmet restaurant "Chez Leon".

The Housing Office also compiles an "Off-Site Short Term Housing Sheet" and maintains a listing of privately owned properties for rent or lease.

Detailed housing information can be found at: <http://bss.fnal.gov/accommodations/index.html>

3.3.1 Other details about living on-site:

- The Housing Office is at X3777 for questions, service, and complaints. It must be informed of the names of current tenants.
- Reservations should be made in advance with the Housing Office, payable by Fermilab travel code, cash, check, MasterCard or Visa. (The deadline for requesting summer housing is usually early March; mid-July for fall housing). Houses and apartments must be canceled at least two weeks in advance or a fee of two weeks rent is charged.
- Upon arriving, you may pick up keys at the Housing Office, Monday through Friday, 8 AM to 3:45 PM. At other times, you must pick up your keys at the Communications Center, on the ground floor of the high rise.
- Check-out time is 10:00 AM in houses and apartments, 1:00 PM in dormitory rooms. Please turn in keys to the Housing Office at Aspen East or to the Communications Center. Late check-out may incur an extra charge.
- A set of household equipment is available from the Housing Office upon request.
- Weekly maid service is available. It is always included with dormitories, and required for houses and apartments rented by a group.

- All dormitories and most apartments are non-smoking.

You can find information about renting off-site on the GSA web page. There you will find links and hints to find apartments, hotels and roommates.

(<http://www.fnal.gov/orgs/gsa/guide2life/rent.html>)

3.4 Food

There is a cafeteria (Fermilab Southern Foodservice Management) located on the first floor atrium of the Wilson Hall. It is open Monday through Saturday during the following hours:

Breakfast	7:30 to 10:15 (8:00 to 10:15 on Saturdays)
Lunch	11:30 to 14:00 (11:30 to 13:30 on Saturdays)
Snacks	13:30 to 16:00 (weekdays only)

In addition to the cafeteria, **Chez Leon**, located in the Users' Center, serves gourmet meals twice a week. Lunch is served on Wednesday 11:30 AM to 1:00 PM. Dinner is served every other Thursday at 7 PM. The menu is fixed on any given day. For reservations (they're required) call X3524.

There are no stores on-site. The nearest market, Family Foods, is about 3 kilometers (1.5 miles) east of the Village at the corner of Batavia Road and Route 59. It is open from 6 AM to 10 PM every day (call (630) 393-2800). Delivery is available.

For more information see "The Western Suburbs" Chapter. There you will find information on restaurants and local hang-outs, plus stores and malls in the area.

3.5 Postal and Parcel Services

The nearest post office is located east of Fermilab in Warrenville, on Batavia Road, east of Route 59.

Chapter 4

Recreation

4.1 On-Site Recreation

The Fermilab Recreation Office is located on the 15th floor of Wilson Hall, West side (WH15W), at X2548. They are open 8:30 am to 5:00 pm Monday through Friday. They handle membership for the Recreation Facility, Pool, Children's Summer Day Camp, and other activities - as well as answering more general questions about recreation at Fermilab.

Memberships to these resources are only available to Fermilab employees, visiting researchers, eligible contractors, and their immediate families.

The Recreation Office web site (<http://wdrs.fnal.gov/recreation/index.html>) contains a comprehensive and up-to-date description of all the recreational opportunities at Fermilab.

In this section you will also find information about users clubs and sports leagues. Some of these groups maintain a mailing list to inform their members about the group's activities. Instructions on how to subscribe to a mailing list can be found at: (<http://listserv.fnal.gov/users.html>).

You will need to contact the group organizer to get the name of the mailing list and further information.

4.1.1 Recreation Facilities

The Recreation Facility is located at 16 Potawatomi in the Fermilab Village. It includes a multi-purpose gymnasium that can be set up for basketball, tennis, volleyball, dodge ball, badminton and soccer play. Some classes are held in the gym from time to time. It also includes an aerobics/exercise room, a weight room, and men's and women's locker rooms. It was built with a grant from the Universities Research Association.

Membership is required to use the Facility, available on an individual basis only and non-transferable. Call Jeanne Koester in the Recreation Office at x2548 to confirm, as rates are subject to change.

Regular Annual Membership	\$100 per year
Student Annual Membership	\$65 per year
3-Month Membership	\$55
1-Month Membership	\$30

Membership may be canceled for disruptive or destructive behavior, or for allowing use of your member ID card by non-members. Memberships may be purchased in the Recreation Department, WH15W. Gym Membership Forms can be found on our website: (<http://wdrs.fnal.gov/recreation/index.html>).

4.1.2 Swimming Pool

The Fermilab outdoor swimming pool is located behind the Kuhn Barn on Sauk Road in the Village. Dressing rooms, lockers, and shower facilities are available and are located adjacent to the pool in the lower level of Kuhn Barn.

2009 membership rates are listed below. Call Jeanne Koestser in the Recreation Department at x2548 to confirm, as rates are subject to change.

Single	\$85
Family up to 4	\$180 (Additional member \$10)
Children age 2 and under do not require a pool tag.	

Employees without a pool membership may pay a daily admission fee of **\$7.00** per day (**\$5.00** after 5PM on weekdays only), payable at the pool gate. Guests must be accompanied by a Fermilab employee and pay the daily admission fee. Admission charges to the pool will be strictly enforced. Daily fees will not be applied to a pool membership purchase.

2009 Pool Hours: Closed Mondays, Tuesday-Friday Open 11:30 am - 7:00 pm, Saturday and Sunday Open Noon - 5:00 pm. The pool will also close for rain, thunder, lightning, or other severe weather - or for outdoor temperatures less than 70 degrees Farenheit. Call x3119 or x2548 for status.

4.1.3 Swimming Instruction for Children

Swimming instruction for children is regularly offered. For schedules, fees, and registration information go to the web page (<http://edrs.fnal.gov/recreation/index.html>), or call X2548.

4.1.4 Other Facilities

Three outdoor tennis courts are located behind Kuhn Barn in the Village. Nets are put up in the spring and removed in the fall. Reservation sheets, along with instructions, are posted on the bulletin board located on the barn near the pool entrance.

Two sand volleyball courts are available and located behind the swimming pool. Use of these courts is on a first-come, first-serve basis, except for league play.

A softball diamond and basketball court are also located behind Kuhn barn. These are first-come, first-serve, unless there is league play.

A soccer field is located at the end of Sauk Boulevard. This field is to be used for soccer play and ultimate Frisbee only.

Equipment such as basketballs, volleyballs, softballs, and balls may be checked out from the Users' Center during their hours of operation.

4.1.5 Users' Center

The Users' Center, at 10 Che Che Pinqua in the Fermilab Village, is open Monday through Friday from 5:00 PM until midnight. The Center has a bar, ping pong, pool, cards, and chess and checkers. You'll also find meeting rooms, a television with DVD/VCR, a piano, and a small library.

4.1.6 Vending and Laundry Building

The Vending area, the house located at 18 Sauk in the Fermilab Village, houses a number of useful on-site facilities:

- **Vending:** Soda and candy machines dispense salty and sugary pleasures for your enjoyment.
- **Laundry:** Five washers and five dryers are available. They are coin operated. There is a change machine here as well.
- **Mail Boxes:** All the mail boxes for houses and dorms on site are located here. The keys are issued by the Housing Office.
- **Piano Room:** There is a small piano room available in the vending area. You can request a key for this room from the Housing Office, Aspen East.

4.1.7 Clubs

A list of the various recreational clubs at Fermilab is maintained by the recreation office at: (<http://wdrs.fnal.gov/recreation/clubs.html>)

Below you will find the list of users clubs currently active at Fermilab.

- **Amateur Radio Club:**

Dave Peterson X3073. The Amateur Radio Club welcomes anyone interested in Ham radio or short wave listening. The club operates a UHF repeater on Wilson Hall and a complete HF and VHF-FM station at site 56. Meetings are held monthly and are open to anyone issued a Fermilab ID. (<http://www.fnal.gov/orgs/radioclub/farca.html>).

- **Barnstormers Model Airplane Club:**

Jim Zagal X4076. The Model Airplane club fosters interest in building and operating radio-control models. (<http://www.fnal.gov/orgs/barnclub/welcome.html>).

- **Bridge Club:**

Spencer Pasero x3076. Provides an opportunity to learn and play the game of contract bridge. Games are held on Mondays from Noon -1:00 pm. For more information or questions, email can be sent to (bridgeclub@fnal.gov).

- **Chess Club:**

Lennie Spiegel x2809. The Fermilab Chess club provides opportunities for casual chess games and participation in organized team play within the Chicago Industrial Chess League (<http://www.fnal.gov/orgs/chess/>).

- **Creative Writers Club:**

Bakul Banerjee x5251. The Fermilab Creative Writers Club exists to support, encourage and advance the personal writing of its member authors. The main activity of the club will consist of review and comment on member authors' work. (<http://www.fnal.gov/orgs/writers/>).

- **Fermilab Singers:**

Anne Heavey x8039. The Fermilab choir provides an opportunity for people to meet, sing together and learn new music selections. (<http://www.fnal.gov/orgs/choir/>).

- **Folk Club:**

Lynn Garren X2061. The Fermilab Folk Club promotes and preserves American Folk Culture with monthly barn dances which include dances such as traditional square and contra dancing. (<http://www.fnal.gov/orgs/folkclub/folkdance.html>).

- **Garden Club:**

Eileen Berman x3941. The Garden Club is open to persons who are interested in gardening under well maintained, ecologically sound conditions. (<http://wdrs.fnal.gov/recreation/Garden%20Club.html>).

- **GO Club:**

Alberto Annovi x6412. Go is a fascinating board game that originated in China more than 4,000 years ago. Games are played at the Users' Center.

- **Indian Creek Riding Club:**

Lynette Greenwood (630)747-0810 Boarding stable and riding club for horses.

- **Sustainable Energy Club:**

Brian Chase x3040. The Fermilab Sustainable Energy Club creates the opportunity for interested Fermilab employees to learn, share information and collaborate on projects related to sustainable energy. The scope of these projects may include residential, transportation, educational, regional and other, only limited by our creativity.

- **Toastmasters Club:**

Ben Galan x8864. Toastmasters International welcomes any lab employees who would like to improve their public speaking, listening and leadership skills by participating in fun, fast paced meetings. The club meets during lunch hours two Thursdays per month. Please contact Ben Galan (bgalan@fnal.gov, x8864) for more information.

(Other clubs are being added, check the website for changes.)

4.1.8 Sports Leagues

To participate in the various athletic leagues, call Jeanne Koester at x2548 for the name of the current league representative. Leagues are announced in Fermilab Today and in posters around the lab. Participation in leagues held in the Recreation Facility requires a current gym membership. You may find information regarding starting a new league at (<http://wdrs.fnal.gov/recreation/programs.html>).

- **Basketball League:** Games held in the Recreation Facility. The summer league begins May 22. The winter league will begin play in November. Contact is Ryan Schultz, x6571, (rschultz@fnal.gov). (<http://www-org.fnal.gov/basketball>)
- **Blackberry Oaks Golf League:** Ron Evans x4166. This Monday night league will be an individual medal play competition. Each golfer will be competing against the field every week based on handicap. A \$20.00 entrance fee is charged and this money will be returned via contest recognition.
- **Bowling League:** The combined Fermilab and Nicor Wednesday night bowling league (FERMITERM's) is looking for a few bowlers (or complete teams) to participate in a fun evening of entertainment and friendship. This is a sanctioned mixed league with both Fermilab and Nicor employees and friends. Bowling starts at 5:30. Cost: \$15.00/week includes bowling and prize funds. Place: Bowling Green Sports Center, 30W150 Roosevelt Road, West Chicago, (Rt. 38 one mile west of Rt. 59), 30 week session runs September 9, 09 through March 31, 2010. For more information or to sign up contact Al Legan, x4074, (legan@fnal.gov) or Rich Neswold, x3454, (neswold@fnal.gov)
- **Coed Softball League:** Games held at the softball field on Monday and Wednesday beginning in May. Contact Dave Hockin (hockinb@fnal.gov) for more information. (<http://wdrs.fnal.gov/recreation/Softball.html>)
- **Golf League:** Tuesday Arrowhead League, Tuesday Bliss Creek, Wednesday, Fox Valley League, Thursday Phillips Park League. <http://mccrory.fnal.gov/golf/> Contact Mike Matulik at (matulik@fnal.gov) for more information or questions.
- **Tennis Singles League:** Winter league is held in the Recreation Facility and summer league at the outdoor courts. Monday through Saturday, starting dates and times vary. Contact John Yoh (johnny@fnal.gov) for more information or questions. (<http://wdrs.fnal.gov/recreation/Singles%20Tennis.html>)
- **Tennis Doubles League:** Winter league is held in the Recreation Facility and summer league is at the outdoor courts on Saturdays. Players are randomly chosen. Contact Don Flynn, x2650 or (Flynn@fnal.gov) for more information or questions. (<http://wdrs.fnal.gov/recreation/Doubles%20Tennis.html>)
- **Soccer League:** Winter league held in the Recreation facility and summer league at the outdoor soccer field Games are held on Wednesdays and Fridays. Winter league begins in October, summer league varies. Contact O'Sheg Oshinow, x6301 (Oshinowo@fnal.gov) for more information or questions. (<http://ploney.fnal.gov/PL/main/orgs/volleyball>). To subscribe to the Soccer email list email your name to (Fermi_soccer@fnal.gov).

- **Volleyball League:** Competitive winter league is held in the Recreation Facility on Mondays beginning in October and at the outdoor courts in May. (<http://www-d0.fnal.gov/~gallas/fnalvb.html>). Recreational league is held outdoors in May. (<http://wdrs.fnal.gov/recreation/volley>)
- **Dodge Ball League:** Join us on the tennis courts in the village on Thursdays from 4:00 pm - 7:00 pm. Email Mike Geelhoed (Geelhoed@fnal.gov) for exact date and times or if you have questions.

4.1.9 Recreational Classes

A list of the available recreational classes is maintained by the Recreation Office website at (<http://wdrs.fnal.gov/recreation/index.html>). For availability, registration and schedule information call the Recreation Office (x2548).

Classes offered during 2009 include:

- **Yoga**
- **Kyuki-Do**
- **Muscle Toning**
- **Lo Cardio**
- **Tai Chi**

4.2 Convenience services for Employees

The Recreation Office offers many on-site services. Consult the Recreation Office web site (<http://wdrs.fnal.gov/recreation/index.html>) for up to date information. Services are now available Monday through Friday. The Recreation Office accepts cash, check and credit cards.

- **Theater Discount Movie Tickets**

AMC and Goodrich Quality movie theater tickets are available for purchase in the Recreation Office for \$7 each.

- **Discount Program**

The Recreation Department offers numerous discounts throughout the year to various locations for entertainment events; i.e Great America, water parks, sporting events, theatrical shows, etc. Check the website or call x2548 for current offers.

- **Canoes and Car Racks**

Canoes and car racks can be rented through the Recreation Office, WH15W. Cost is \$10 per day/per canoe. This includes paddles, life jackets and car racks. Transportation of the canoes is the responsibility of the renter.

Canoes are 17' in length and have a maximum capacity of 5 people. Canoes are located in the garage between 10 Sauk Circle and Anderson Barn. Reservations and payment must be made prior to use. Canoes are licensed and may be taken off site.

Onsite canoeing is available on the Village lakes only. These are: DUSAF Pond, A.E. Sea and Lake Law. Please read the Canoe Rental Rules and Information Sheet before renting (http://wdrs.fnal.gov/recreation/canoe_rules.html).

4.3 Wellness Services

A list of education events and seminars to promote health and wellness is available at the following website: (<http://wdrs.fnal.gov/recreation/wellness.html>)

4.4 Off-Site Recreation

Of course, being near a large Metropolis has its benefits. Some recreational activities not associated with Fermilab are listed below, for when you want to get away.

- **Chicago Sport and Social Club:**

(773) 883-9596, 952 W. Webster, Chicago. (<http://www.chicagosportandsocialclub.com/>) This club offers volleyball, football, soccer, basketball, etc. as well as social events including parties, trips, and tournaments, which vary with the season. Volleyball has varying levels of play, from recreational to competitive, and they offer summer beach and winter indoor. The football program offers coed touch, men's flag, and coed flag leagues for roughly \$550/team, with a similar format for basketball and soccer.

- **Whale of a Spike Volleyball:**

(773) 489-6464; 3123 West Lyndale St., Chicago (<http://www.wsvb.com>) This Chicago organization offers summer beach leagues on North Ave. beach and winter indoor leagues in Lincoln Park, with levels ranging from recreational to competitive. Teams for men's, women's, and coed beach teams may have 2 players/team or 4 players/team, while the winter indoor teams have 6 players/team. Note: the fee per team is on the order of \$350 with at least six on the team. Granted, this is more expensive than the Fermi league, but play is better and with different people. Winter leagues have paid refs.

- **Great Lakes Center:**

(630) 231-0444; 551 W. Roosevelt Rd., West Chicago (<http://www.greatlakescenter.com>) Local club totally devoted to volleyball, with great facilities and equipment. The leagues are all indoor, with skill levels ranging from elite to intermediate, with the fee being about \$250/team for 6 people. The facility is very nice, and the quality of play here is very high.

4.4.1 Events

Listings of events from the Arts Series, Gallery Series and Art Gallery can be accessed directly at <http://www.fnal.gov/culture>. These and other cultural offerings such as Folk Dancing can also be accessed through the Fermilab events page located at (<http://www.fnal.gov/pub/events/index.html>).

The Fermilab Arts Series features Saturday evening performances each month of internationally acclaimed performances of music, dance, theater, comedy, and family offerings. A complete schedule of the Arts Series is available at (http://www.fnal.gov/culture/NewArts/Arts/09-10/arts_series.shtml). Note that Fermilab Graduate Students can get tickets at half price if bought prior to the show. A half price discount is also offered for students under the age of 18. No advance purchase is required for this student discount.

The Fermilab Lecture Series is a public academic lecture series, presenting distinguished speakers from many disciplines, though primarily based in the sciences. A complete schedule of the current lecture series is available at (http://www.fnal.gov/culture/NewArts/Lectures/09-10/arts_series.shtml). Note that Fermilab Graduate Students receive free tickets for the Lecture Series.

Tickets, Information, and Brochures for the Arts, Lecture and Gallery Series events are available either by calling 630/840/ARTS (2787) or visiting the Box Office located in Wilson Hall in the International Services Office, just behind the elevators on the first floor, west side of the building. When available, tickets are sold in the Auditorium lobby box office starting one hour prior to the event. More information about these offerings is available at <http://www.fnal.gov/culture>.

The Art Gallery on the second floor of Wilson Hall hosts changing exhibits by local and regional artists. The exhibitions are engaging and varied, including watercolors, oils, contemporary sculpture, fiber arts and photography. Fermilab invites employees and users to visit and relax in the Art Gallery during work hours. http://www.fnal.gov/pub/Art_Gallery/

Chapter 5

Family Page

5.1 Dependent Care Services: Day Care, Children's Summer Camp and Adult Dependent Care

Refer to the Recreation section under "Dependent Care Services" , section ?? of this guide.

5.2 Dependent Care Services

The Recreation Office offers programs for dependents. For an updated list visit:
(<http://lss.fnal.gov/recreation/dependent.html>)

- **Children's Summer Day Camp**

Fermilab sponsors three, three-week, supervised Day Camp sessions. Children of employees, users, visitors and Fermilab contractors who are 7-12 years old are eligible. Admittance to the Day Camp Program is done by lottery at the end of March. Applications are accepted in the month of March. The program consists of arts and crafts, sports, field trips, films swimming, etc. The program is held in the lower level of Kuhn Barn in the Village, Monday through Friday. Daily programs begin at 8:30 a.m. and run until 5 p.m. Supervision is available starting at 7:30 a.m. A \$15 per 1/2 hour late fee will be charged per child per late pickup (after 5:30 p.m.). For more details contact Jean Guyer, x2548.

- **Children's Day Care**

In our area there are no public day care centers. A day care facility, The Children's Center, is available at Fermilab, but there is a waiting list, so you should sign up as soon as possible. The day care facility is flexible about the number of days and hours the child attends each week and charges accordingly. The current monthly cost of full time Child Care at this facility is \$961 for infants, ages 6 weeks to 15 months; \$874 for ages 15 months to 2 years; and \$788 for children 3 years to 6 years old. Prices may change. For more information and current rates, contact the Children's Center Manager, Patti Hedrick, at x3762.

For a list of private daycare and nursery schools, you should probably consult the yellow pages.

In Appendix D you will find a list of preschools and kindergarten close to Fermilab.

Fermilab also has a co-operative playgroup that meets twice a week. For more information, contact Jennifer Jansson at 879-0172.

5.3 Schools

The elementary school age children on site attend the Currier School at 800 Gary's Mill Rd., West Chicago, IL - phone number (630) 293-6600. This is a small school in a good residential neighborhood. Currently, there is a fee of ~\$44/year for Kindergarten, and ~\$52/year for grades 1-6, although you should call for current prices. The number of children in a class averages 25 to 30. Many of the children on site begin the school year unable to speak English. Consequently, there is an English as a Second Language program in the nearby public schools, and the teachers are generally understanding and helpful.

Please note that the school will need proof of residence on Fermilab site, so when you register, be sure to take along a letter from housing declaring that you are living on-site. In addition, take any records from previous schools (e.g. immunizations) and a birth certificate or a passport for the child.

Children of families living in the small towns around Fermilab must attend the school in whose district they live.

In Appendix D you will find a list of elementary, middle and high schools closer than 10 miles to Fermilab.

5.4 Colleges and Universities

You will find a more extensive list in Appendix D. Here you have some citation of the most popular ones.

- **Du Page County**

- **College of DuPage** (<http://www.cod.edu/>)

425 Fawell Boulevard

Glen Ellyn, IL 60137

(630) 942-2800

College of DuPage (C.O.D.) is the comprehensive community college for Illinois Community College District 502, located 35 miles west of downtown Chicago in the village of Glen Ellyn, IL. Since its founding in 1967, the college has graduated more than a half million students. C.O.D. has become the largest single campus community college in the United States.

- **Benedictine University:** (<http://www.ben.edu/>)

Benedictine University

5700 College Road

Lisle, IL 60532

(630) 829-6000

An academic community committed to liberal arts and professional education guided by a Roman Catholic tradition. It has undergraduate and graduate programs.

- **Elmhurst College:** (<http://www.elmhurst.edu>)

190 Prospect Avenue

Elmhurst, Illinois 60126-3296

(630) 617-3500

It has a wide range of programs at undergraduate and graduate level.

- **North Central College** (<http://www.noctrl.edu>)

30 N. Brainard St.

Naperville, IL 60566

(630) 637-5100 or (800) 411-1861

North Central College is an independent, comprehensive college of the liberal arts and sciences affiliated with The United Methodist Church. Founded in 1861, the College is recognized as one of "America's Best Colleges" and "Best College Values" by U.S. News & World Report, is ranked among the "top choices for top students" by Peterson's Competitive Colleges, and has been called one of the "Best Buys in College Education" today by the editors of Baron's 300.

- **Wheaton College** (<http://www.wheaton.edu/>)

501 College Ave.

Wheaton, IL 60187

(630) 752-5000

Wheaton College is a private, interdenominational Christian college established in Wheaton, Illinois in 1860 as a coed institution. It has approximately 2,300 undergraduate students (51% female, 49% male; 13% are multicultural) from all 50 states and approximately 400 graduate students, many from countries overseas.

- **Kane County**

- **Waubonsee Community College** (<http://www.waubonsee.edu/>)

Sugar Grove (Main Campus)

Route 47 at Waubonsee Drive

Sugar Grove, IL 60554-9454

(630) 466-7900

Aurora Campus

5 E. Galena Boulevard

Aurora, IL 60506-4178

(630) 801-7900

Copley Campus (Route 34 on Rush-Copley Campus)

2060 Ogden Avenue

Aurora, IL 60504-7222

(630) 585-7900

– **Aurora University** (<http://www.aurora.edu>)

347 S. Gladstone Ave.

Aurora, IL 60506-4892

(630) 742-5281

Aurora University is an independent, comprehensive university offering undergraduate and graduate degree programs and specialized courses. The main campus is in Aurora, Illinois and there are two additional campuses—on Michigan Avenue in downtown Chicago and along Lake Geneva in Williams Bay, Wisconsin. The average age of the students is 24 for undergraduates and 31 for graduate students. AU is organized into five schools: University College of Arts and Sciences, George Williams College, School of Business and Professional Studies, School of Nursing, and New College: A Center for Lifelong and Professional Education. AU is a member of the NCAA Division III and participates in six men's and five women's intercollegiate sports.

More public universities in other counties

Chapter 6

Health Insurance

6.1 Health Insurance

Medical Insurance for Users/Visitors

Users must provide evidence that they have medical insurance covering them while at Fermilab. The evidence must be in one of the following forms:

A completed, signed Medical Insurance Attestation, Your Declaration of Coverage from your insurance company, or Your medical insurance card. If you present a Declaration of Coverage or medical insurance card, please ensure that you have the original document with you when you apply for your Badge at the Users's Office. The Users's Office will copy the document and return the original to you.

If you do not have valid U.S. medical insurance that would cover you while at Fermilab, you must purchase such medical insurance. You either may purchase medical insurance before your arrival and present proof of your coverage during the ID Badge application process, or apply for coverage after arrival, which would delay the issuance of your ID Badge.

There are many insurance providers who offer temporary, short-term insurance coverage to U.S. citizens and foreign visitors to the U.S., including, but not limited to, the following:

Gateway USA The Gateway USA temporary medical insurance is for individuals traveling inbound to the U.S. for business purposes, for a minimum of 15 days to a maximum of 36 months. Gateway USA includes insurance for accident and medical expenses, medical evacuation and repatriation, and accidental death & dismemberment. The Plan also features medical and travel assistance services. The New York International Group, Inc. The Patriot AmericaSM International Travel Medical Insurance is temporary U.S. medical insurance available to all nationalities (except U.S. citizens) traveling outside their country of citizenship, for a minimum of 10 days up to a maximum of 12 months. Coverage includes medical evacuation, repatriation, trip cancellation, lost baggage, accidental death & dismemberment and choice of deductible and policy limits. Seven Corners Inc. The Visitors Medical Insurance is temporary medical insurance coverage available to foreign nationals visiting the U.S. for business, pleasure, to study, or to immigrate, for a minimum of 5 days to a maximum of 6 months. Coverage includes emergency medical evacuation, repatriation, hospitalization, prescription drugs, ambulance service, and Accidental Death and Dismemberment (AD&D). The above listing of insurance companies is not intended as a recommendation. You must evaluate and select an insurance company based on your own needs and in accordance to your own circumstances.

For detailed information and links visit the Users' Office web page at (http://wdrs.fnal.gov/users/med_insurance.html).

A list of nearby hospitals is given in Appendix ??

Chapter 7

Practical Information

7.1 Neighborhoods

The suburbs around Fermilab offer places to go and things to do, if you look for them. Some suggestions are offered below.

The downtown areas of the nearby towns have various shops and restaurants of interest. Geneva has many quaint little shops and restaurants, along State St and Third St; Downtown Naperville (Jefferson street between Washington and Mill) is pretty nice, with lots of small shops and old buildings.

During the spring and summer, you might want to take advantage of the nice parks and bike paths in the area. Batavia, Geneva, and St. Charles have parks and bike paths along both sides of the Fox River, which connect with the bike paths at Fermilab.

The closest neighborhoods to Fermilab are:

- **Batavia** City of Batavia <http://www.cityofbatavia.net>
- **Aurora** City of Aurora home page <http://www.aurora-il.org/>
- **Naperville**
 - City of Naperville <http://www.naperville.il.us>
 - Naperville Township <http://www.napervilletownship.com> - get in touch with local government officials, departments and link up to community sites.
 - Naperville Site <http://www.naperville-il.com> - dedicated to local Naperville businesses and organizations.
- **St. Charles**
 - City of St. Charles <http://www.ci.st-charles.il.us>
 - Community Cooperative <http://www.st-charles.il.us>
- **Warrenville** City of Warrenville <http://www.warrenville.il.us>
- **Geneva** City of Geneva <http://www.geneva.il.us>
- **Wheaton** City of Wheaton <http://www.wheaton.il.us>

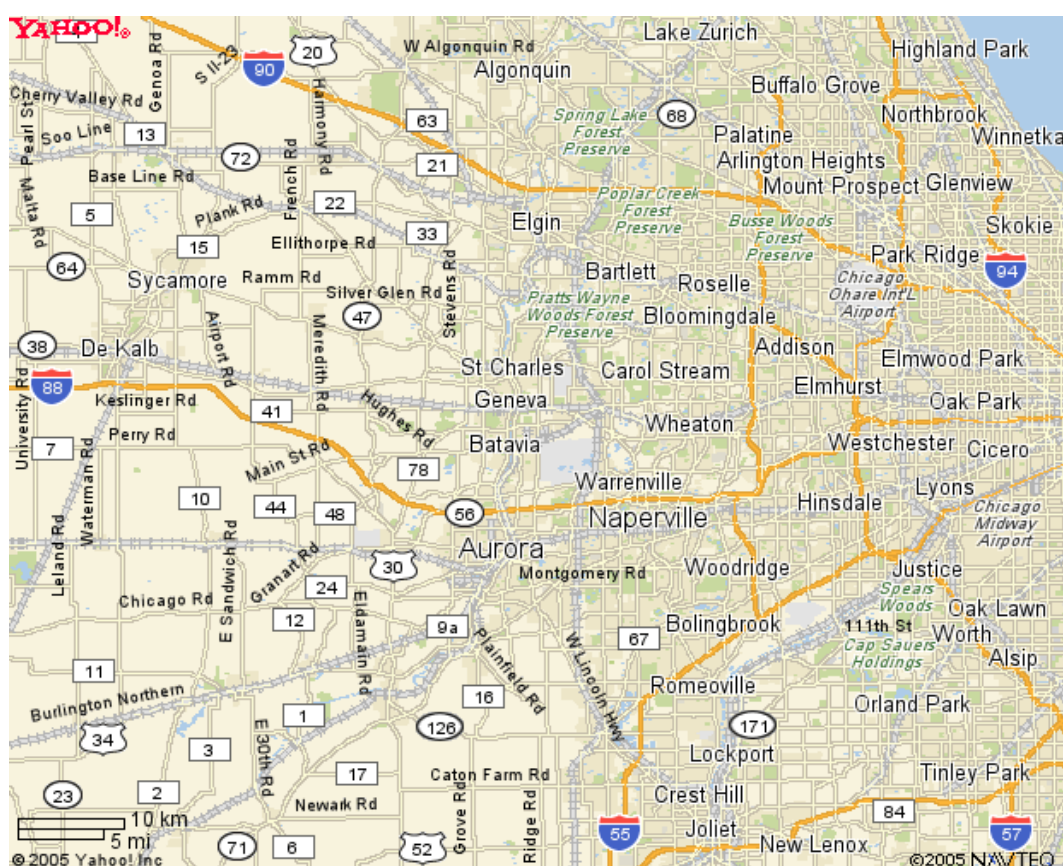

Figure 7.1: Map of the Chicago land area extending from DeKalb county to Oak Park.

7.2 Lunch and Take-Out 5 minutes from Fermilab

There are a number of places close to the Lab for take-out food and/or lunch. Here are some of the closest and most often frequented places nearby:

- **East**

To the east, a cluster of fast-food restaurants and shops on the corner of Route 59 and Batavia Ave provide convenient places to grab a bite to eat.

- Speedway Plaza (Route 59 and Batavia Road)
 - Super Taco - (630) 836-9527.
- Shell Plaza (Route 59 and Batavia Road)
 - Rosati's Pizza - (630) 393-9393. Cheap, good sandwiches, pasta, and arguably one of the better pizza places around, although the pizzas can get pricey. They also deliver onsite for a small fee.
 - McDonald's - (630) 393-6685.
 - Subway Sandwiches & Salads - (630) 393-1782.
- Family Foods Plaza (Route 59 and Batavia Road)

- Burger King - (630) 393-6009. 1PM. Very inexpensive.
- White Hen Pantry Plaza (Route 59, going to I-88 at the left)
 - East China Inn - (630) 836-9600. Cheap at lunch. Expensive at dinner time. The quality of the food is regular. Slightly more expensive, but still well less than \$10/person at lunch.

- **Farther down Rte 59**

- China House - (630) 393-3828. 2s676 Route 59, Warrenville. Cheap and good at lunch and dinner time.
- Al's Pizza - (630) 393-9630. 28w241 Warrenville Rd, Warrenville.
- Dairy Queen - (630) 393-2277. 3s071 Route 59, Warrenville.

- **West**

To the west, you have to proceed along Wilson St. into downtown Batavia.

- Taco Grande - (630) 406-8415. 6 N. River St, Batavia. Good Mexican food. Great burritos. Moderate prices.
- Domino's Pizza - (630) 879-1919. 127 State St, Batavia.
- Subway - (630) 406-0990. 324 E Wilson St, Batavia.
- McDonald's - (630) 879-0024. 125 W Wilson St, Batavia.
- Burger King - (630) 879-0823. 107 N Batavia Ave, Batavia.
- Water Street Cafe (Lincoln Inn)- (630) 406-1221. 1345 S. Batavia Avenue, Batavia.
- Dairy Queen - (630) 406-6922. 1134 W Wilson St, Batavia.
- White Hen Pantry - (630) 406-9514. 336 E Wilson St, Batavia.
- Fantastico Italian Restaurant - (630) 879-5900. 102 N River St, Batavia. Good American-Italian food and moderate prices.

7.3 Entertainment

Things to do in the suburbs...

7.3.1 Other things to do in the Suburbs

This section is intended as a repository of the many great things to do around here not covered in any other section.

- **Brookfield**

Brookfield Zoo:

3300 Golf Rd., Brookfield, (708) 485-0263. Tickets are \$8.00 (\$4.00 senior/children; free Tuesday and Thursday in January, February, October, November, and December. Saturdays and Sundays are free in January and February. Open daily from 10:00 a.m. to 5:00 p.m. all year. (<http://www.brookfieldzoo.org>).

- **Lisle**

Morton Arboretum:

Just off Rt. 88, north on Rt. 53 in Lisle, IL. A nice place to see lots of trees and gardens. Open 365 days a year from 7am to 7pm in daylight savings time and from 7am to 5pm central standard time. (630-968-0074). Admission fees are: \$7 Adults, \$5 Seniors, Children (3-12) \$2 and Children 2 and under are free

- **Aurora and Joliet**

Casinos:

Downtown Aurora houses a riverboat casino. This is no Vegas style gambling, but good for a hoot if you're loaded with dough. Unfortunately very few grad students are in that position. There is a casino in Joliet as well.

- **Naperville**

Riverwalk:

Starts in downtown Naperville (Ogden east to Washington and south to where you see water and parking space), which is in general pretty. Walk to your heart's content.

Naperville Astronomical Association:

Astronomy club for southwest suburban Chicagoland (<http://www.stargazing.net/naa/>) Free public meetings and stargazing from the observatory.

- **Oak Park**

Frank Loys Wright Home & Studio:

951 Chicago Ave., Oak Park. (708) 848-1976. Tickets are around \$8. Tours are available Monday through Friday (<http://www.wrightplus.org/homestudio/>).

7.4 Banking

If you are planning to be here for an extended period of time, you might consider opening up a bank account in the area. Some of the banks operating in the area are listed below.

- **Chase**

(630) 898-9200. 130 S Batavia Ave. Warrenville. Is located just east of the intersection of Route 59 and Batavia Rd. They have many ATMs of this bank in the area, and a no monthly fee checking account (provided you use only the ATM's).

- **Argonne Credit Union**

Is conveniently located at the Hi Rise (ground floor next to visual media and duplicating). You need a Fermilab ID to open an account there. (<http://www.argonnecu.org/>).

- **Other**

West Suburban Bank. 3s041 State Rt. 59. Warrenville. (630) 393-6060.

Citibank. 2819 Aurora Rd. Naperville. (630) 527-2120.

7.5 Museums

- **Geneva Historical Society Incorporated -**
(630) 232-4951, 400 Wheeler Drive, Geneva, IL (4. miles)
- **Schingoethe Native American**
(630) 844-5402, Randall Road & Marseillaise Place, Aurora, IL (4.8 miles)
- **Aurora Historical Society**
(630) 906-0650, P.O. Box 905 (contact for physical address) Aurora, IL (5.0 miles)
- **Preservation Partners of Fox**
(630) 377-6424, 8 Indiana St, St Charles, IL (5.1 miles)
- **Dunham-Hunt Museum**
(630) 443-6733, 304 Cedar Ave, St Charles, IL (5.4 miles)
- **Aurora Regional Fire Museums**
(630) 892-1572, 53 N Broadway, Aurora, IL (5.4 miles)
- **Aurora Historical Society**
(630) 906-0650, 20 E Downer Place, Aurora, IL (5.5 miles)
- **Grand Army-Republic Memorial**
(630) 897-7221, 23 E Downer Pl, Aurora, IL (5.5 miles)
- **Scitech**
(630) 859-3434, 18 W Benton Street, Aurora, IL (5.5 miles)
- **Garfield Farm Museum**
(630) 584-8485, 3n016 Garfield Rd, St Charles, IL (6.2 miles)
- **West Chicago Historical Society**
(630) 231-0564, 527 Main Street, West Chicago, IL (7.2 miles)
- **Air Classics Museum**
(630) 466-0888, 43w776 Rte 30, Sugar Grove, IL (7.2 miles)
- **Cantigny Foundation**
(630) 668-5161, 1s151 Winfield Rd, Wheaton, IL (7.9 miles)
- **Warrenville Historical Society**
(630) 393-4215, 3s530 2nd St, Warrenville, IL (8.0 miles)
- **Kline Creek Farm**
(630) 876-5900, 1n600 County Farm Road, Winfield, IL (9.5 miles)

Chapter 8

Chicago

8.1 Getting There

Getting to downtown Chicago from Fermilab should nominally take you about 45 minutes to an hour by car, but that estimate can be complicated by the sometimes severe traffic in the Chicago area (do not go downtown during rush hours if you can help it). Once you get downtown, it may still take you a while to reach your final destination, so plan accordingly. The following sections give you some tips about getting downtown.

The City of Chicago is quite spread out, which combined with urban traffic can make getting around troublesome for the unfamiliar. You can listen to the radio for traffic reports - but note that they will refer to all the highways by their names rather than their numbers. A map of Illinois would have a name/number translation. Downtown Chicago, in the area referred to as the Loop (because the Elevated trains run in a loop around it), can also be very congested, and the many small one-way streets can be confusing to a visitor.

In Chicago, as in any large city, you should exercise appropriate caution, especially in unfamiliar areas and especially after dark. Many guidebooks recommend driving with car doors and windows locked; driving to a lighted gas station to ask directions or to look at a map; not walking in unfamiliar areas; and not riding subways at night except with a group.

8.1.1 By Car

The main way into Chicago is along the Eisenhower Expressway (Rte 290), but if traffic is bad you can take I-355 or I-294 South to avoid things and take the Stevenson North (Rte 55), which lets you off a bit south of the Loop. The Stevenson is rarely as congested as the Eisenhower.

Once in the vicinity of downtown, you can go North-South either by the Kennedy Expressway (90/94), or by Lake Shore Drive - depending on your destination, of course.

Once you arrive at your destination, parking becomes the main concern. Many residential sections in the city enforce permit parking, which may allow you to park there without a permit during certain hours. There will be signs posted along these streets to tell you when you may park there without a permit. There is also metered parking along most non-residential streets, but a spot, particularly one near your destination, is often difficult to find. Some restaurants, clubs, and hotels will either have valet parking or a small parking lot, which may or may not

be free to customers. Call ahead to check if a place has parking available. There are also many commercial parking structures in the downtown area, but these can be very expensive depending on what time of day you arrive and how long you stay. For destinations near the Loop, you may want to use the parking structures underneath Grant Park. These have many spaces and are relatively cheap (\$14 for any stay under 12 hrs).

8.1.2 By Train

There are three nearby Metra train stations which will drop you off in Chicago, just West of the Loop:

- **West Chicago Station:** Go North on Rte 59, turning left on Main St. in West Chicago (about 3 miles down, with a McDonald's on the right). The entrance to the station is a left just about 60 meters down - just after the liquor store. This is the Union Pacific West Metra line.
- **Geneva Station:** For those living on the West side of Fermilab. This is located on 3rd St in Geneva, on the Southern edge of town. This is also the Union Pacific West line (last stop).
- **Route 59 Station:** Go South on Rte 59 past Rte 88. After you pass North Aurora Rd. the road dips under the tracks, and there will be a road on the right before the next stop light which has a sign for the station. Turn right on this road and then right again at the station entrance farther down the road. This is the Burlington Northern Santa Fe (BNSF) line.

The ride into Chicago normally takes about an hour and half. Express trains, which make only a few stops along the way to Chicago, will arrive in less than an hour. The Union Pacific West line ends at the Madison St. and Canal St. station in Chicago, just a few blocks north of Union Station. The BNSF goes directly to Union Station. Schedules are available on the web at <http://www.metrarail.com/> or you can get full schedule information by calling (312) 322-6777. Train schedules are different for Saturdays, Sundays, and holidays than they are for weekdays, so be sure to check the schedule and arrive at least a few minutes early for the train.

Metra stations have parking lots where you can leave your car when you get on the train. Parking is free on weekends (from about 6pm Fri night until about 5am Mon morning). On weekdays, there are some numbered spots in the parking lot (other spots are paid for by daily commuters) which anyone is allowed to use.

The cost of a ride all the way into Chicago is about \$5.15 one-way (from the Geneva station). Metra allows children under 12 to ride free when accompanied by an adult, and fares for children between 12 - 17 are half price on weekends and holidays. Metra also has an ongoing weekend special - buy a \$5 weekend pass, and it's good for unlimited rides on almost all Metra lines for both Sat and Sun. If Mon or Fri is a national holiday, the weekend pass is good for that day in addition to Sat and Sun. If you ride the train frequently on weekdays, you should look into purchasing a 10 or 20 ride ticket, which gives you a discounted price for each ride.

From the downtown train stations, you can walk east over the river into the Loop. There are plenty of buses and CTA trains going North and South from there. The nearest CTA station is two blocks directly south of Union Station (Blue line, Clinton St. stop).

8.2 Finding Your Way Around

Obviously, getting a map is probably a good idea. You can find lots of maps and Chicago guides in the local bookstores and gas stations. A Chicago 'Easy Finder' laminated street map can be found for \$4.95 at most gas stations. The Speedway on the corner of Batavia Rd. and Rte. 59 has a good map selection.

8.2.1 Addresses

Chicago addresses are laid out in a grid system: streets generally have a name and a number such as Division Street (1200 North). Division Street goes East-West, and any address such as 1200 N. Clark Street or 1200 N. LaSalle Street is at the intersection with Division Street.

Every 400 numbers is roughly a half-mile. The zero mark is the intersection of State and Madison Streets, located in the Loop near to the Lake.

8.2.2 Neighborhoods

A quick guide to the neighborhoods, starting downtown and proceeding progressively north. . .

8.2.2.1 Downtown and North Side Neighborhoods

- **The Loop:** This is Chicago's "Downtown", a core of primarily commercial, government, and cultural buildings - bounded on the North and West by the Chicago River, on the East by the Lake, and on the South by Roosevelt Avenue.

Features include the Sears Tower, Chicago Public Library and the Art Institute of Chicago. Out by the lake is Grant Park and Buckingham Fountain - just South of there is the Field Museum of Natural History, Shedd Aquarium, Soldier Field, and Adler Planetarium. The Eisenhower Expressway (Rte 290) dumps onto Congress Parkway near the Southern edge of the Loop.

- **The Field Museum:** 1400 S. Lake Shore Drive, (312) 922-9410. Tickets cost \$19 for adults, \$14 for students with ID. Check online for discount days with \$7 admission. It opens daily from 9AM to 5PM. (<http://www.fieldmuseum.org/>)
- **The Shedd Aquarium:** Has many exhibits in different parts of the building; you can choose to buy a ticket for some combination of those exhibits. A ticket for full access is \$23 for adults. They do offer some free and discount days (typically Mon and Tues). Check online at <http://www.sheddaquarium.org/>.
- **Adler Planetarium Astronomy Museumstyle:** 1300 S. Lake Shore Dr., (312) 922-STAR. Tickets are \$16 for adults. Normal daily hours are 9:30AM to 4:30PM; on the first Friday of every month they stay open until 10PM. They also have free admission on some Mon and Tues; check online at <http://www.adlerplanetarium.org/>.
- **Museum of Science and Industry:** 57th St. and Lake Shore Dr. (773) 684-1414. Tickets are \$9 adults for just the museum, \$15 for museum and one ticket for an Omnimax show. Free days are some Mon and Tues; check online for schedule. Hours are typically 9:30AM to 4PM. (<http://www.msichicago.org/>)

- **The Art Institute of Chicago:** 111 S. Michigan Ave., (312) 443-3600. This museum does not have set ticket prices; you choose what you want to pay to enter (although you do have to pay something!) Suggested prices are \$12 adults and \$7 students. Hours are typically 10:30AM to 4:30PM. Tuesdays are free, although some exhibits may require a special ticket to enter. (<http://www.artic.edu/aic/>).
- **The Sears Tower Observation Deck:** It's fun to go up and pull off a Ferris Buehler, standing on the railing and leaning your head onto the glass to look down. This pleasure will run you \$11.95 (adult). For a very long time, the Sears Tower held the title of the tallest man-made structure on the planet. (<http://www.the-skydeck.com/homeDefault.htm>)
- **Chicago Public Library, Harold Washington Library Center:** 400 S State St. (312) 747-4300. Free admission, with free public tours of this historic building (call (312) 747-4136 for information on tours). Open Mon-Thurs 9AM to 7PM, Friday and Saturday from 9AM to 5PM and Sunday from 1PM to 5PM. (<http://www.chipublib.org/>).
- **Near North:** This is the area just North of the Loop (i.e. past the Chicago River), up to around Division St. (1200N). North Michigan Avenue is known as the Magnificent Mile for the premiere shopping, dining, and hotels along and beside it. Here you will find the John Hancock building, the Water Tower Place mall, Navy Pier, the Oak Street Beach, etc.
 - **Magnificent Mile:** Find out about special events like the Winter Holiday Lights Festival and the Spring Tulip Days! (<http://www.themagnificentmile.com/default.cfm>)
 - **Hancock Observatory:** Newly renovated, located at the John Hancock Center, 875 N. Michigan Ave, open 9AM to 11PM. Cost is \$10 for adults. For information call 1-888-875-VIEW or check online at <http://www.hancock-observatory.com/>.
 - **Museum of Contemporary Art:** 220 East Chicago Ave (312) 280-2660. Hours are Tues 10AM to 8PM (admission is free from 5PM to 8PM), Wed-Sun 10AM to 5PM. Free tours are available daily, check online or call for times. Admission is \$10 adults, \$6 students. (<http://www.mcachicago.org/>)
 - **Water Tower Place Mall:** Open Mon-Fri 10AM to 9PM, Sat 10AM to 8PM, and Sun 12PM to 6PM. (<http://www.shopwatertower.com/>)
 - **Navy Pier:** IMAX theater, exhibitions, places to eat, park. Many boat tours around the Lake and the Chicago River leave from here. (<http://www.navy pier.com>)
 - **Chicago Children's Museum:** Navy Pier, 700 E Grand Ave. (312) 527-1000. (<http://www.chicildrensmuseum.org/>).
 - **Oak Street Beach:** 1000 N. Lake Shore Drive, just north of the Mag Mile. Great for all kinds of outdoor sports, with a wide sandy beach perfect for sunbathing.
- **Old Town:** West of Dearborn, principally on North Wells St (200W) between Division and North Avenue, is the nightlife district of Old Town, which contains many comedy clubs such as Second City.

- **Lincoln Park:** This is a fashionable residential neighborhood located north of North Avenue (1600N), bordered on the east by the huge park of the same name as far north as Diversey (2800N).

This subsumes the **Lincoln Park Zoo:** 2001 N. Clark St. (312) 742-2000. Free admission. It opens daily from 9AM to 5PM. (<http://www.lpzoo.com/>)

- **New Town:** A semi-gentrified quarter centering on Belmont (3200N) between Broadway (600W) and Sheffield (1000W). It has a significant artistic as well as gay/lesbian community.
- **Lakeview:** North of Belmont is the area of Wrigley Field, home of the Chicago Cubs, and hence is also known as Wrigleyville. The field itself is 1060W Addison St (by the B train Addison stop). The area around it has been built up with lots of nightclubs and restaurants.
- **Wicker Park / Bucktown:** The neighborhood surrounding the Damen, North, and Milwaukee intersection is rich in artistic and hipster lifestyles. There are many good restaurants, bars, coffeshops, and music spots here.
- **Korea-town:** Located far north and west. The main drag is West Lawrence Ave (4800N), between 2200W and 3600W.
- **India-town:** Also located far north and west. The main drag is Devon, 6400 N, near Loyola University.

8.2.2.2 West and South Side Neighborhoods

- **Greektown:** Just west of the Loop is the Greek culinary center of the city, where you can find lots of good Greek restaurants and shops on Halstead between Adams and Monroe. You can get here by taking the second to last exit on 290 - Racine Ave.
- **McCormick Place:** This is a gigantic convention center, which is located around Lake Shore Drive, right about where the Stevenson (Rte 55) exits. There are lots of expositions and such here that you might take interest in. (<http://www.mccormickplace.com/>)
- **Old Chinatown:** Within the South Side is a small Chinatown with a long row of shops and restaurants along Wentworth Av. (300W) and Cermak Rd. (2200S). There is a local El stop for Chinatown as well.
- **Hyde Park:** This is a small neighborhood around the University of Chicago and the Museum of Science and Industry. You can get to the Museum easily enough by Lake Shore drive, getting off at 57th St, which is also a main drag for the University community. The main campus is many blocks West, just past Woodlawn Ave(1200E) from 55th to 59th.

8.2.3 What to do in Chicago

Obviously, there is no such thing as a definitive list of things to do in Chicago. There are restaurants, bars, nightclubs, jazz clubs, museums, historical spots, festivals, and so on for everyone and every interest. The places highlighted in the previous sections are only some of the most popular tourist attractions. The best way to find something fun to do in Chicago is to check things out online, talk to other grad students with similar interests, or just pick something new to try! Below are a few websites with information on Chicago events:

- City of Chicago: <http://egov.cityofchicago.org/city/webportal/home.do>
- Chicago Events: <http://www.chicago.il.org/default.html>
- Chicago Events listing by Citysearch: <http://chicago.citysearch.com/section/events>
- Chicago Sun-Times Events Calendar: <http://www.suntimes.com/calendar/>

But above all, whatever you do, make sure to explore Chicago while you're here. You can't spend ALL your time at the lab working!

Appendix B

Fermilab Conference Rooms

B.1 Wilson Hall

This is a list of the biggest conference rooms in Wilson Hall, which either have video equipment or are set up to work with video equipment available from Audio Visual/Speaker Support, X3455. For a more complete (although not entirely accurate) listing of Fermilab conference rooms, see the Fermilab Yellow Pages (<http://www-tele.fnal.gov/telephone/yellow/yellow.html>) under Conference Rooms.

Example of the naming scheme: WH8NXO = 8th floor of Wilson Hall, north cross over

- Auditorium: WH1SW (capacity: 847), X3211
- 1 East: WH1NE (capacity: 40), X3201 or x6656
- 1 North: WH1NW (capacity: 45), X3211
- 1 West: WH1W (capacity: 175), X3211
- Small Dining Room: WH1SW (capacity 15), X3211
- Black Hole: WH2NW (video conference) (capacity: 25), X3211
- Curia II: WH2SW (capacity:100), X3211
- Comitium: WH2SE (capacity 25), X3211
- Snake Pit: WH2NE (video conference) (capacity 25), X3211
- Theory NE: WH3NE (capacity 32), X8585
- Theory NW: WH3NW (capacity 32), X8585
- The Req. Room: WH4NW (capacity 20), X4168
- Abacus: WH4SE (capacity 8), X3242
- The Oval Office: WH4W (capacity 6), X2634

- The ConFESSional: WH5E (capacity 15), X4405
- The Board Room: WH5SW (capacity 20), X2634
- The Dark Side: WH6NW (video conference) (capacity 25), X3758
- Woodshed: WH7W (capacity 12), X4229
- Bullpen: WH7XO (capacity 8), X5811
- Racetrack: WH7NXO (Directorate room/video conference) (capacity: 39), X3211
- Hornet's Nest: WH8NXO (capacity: 65), X3200
- Quarium: WH8SW (capacity 8), X3200
- Libra (video conference): WH9SE (capacity: 20), X3201 or X6656
- West Wing: WH10NW (video conference) (capacity: 40), X6408
- Sunrise: WH11NE (video conference) (LHC Physics Center), X6408
- Round Table: WH11NE (video conference) (LHC Physics Center), X6408
- Sunset: WH11NE (video conference) (LHC Physics Center), X6408
- Nu's Room Conf.: WH12XO (capacity 25), X2312 or X2106
- Fish Tank: WH13XO (capacity 14), X897, X5680, or X3211
- 19th Hole: WH14E (capacity 10), X2568
- Aquarium: WH15SW (capacity 18), X5427

B.2 Accelerator Division

- Dungeon: By Control Room (capacity 24), X4468
- Huddle: By Control Room (capacity 40), X4468
- Loft: Transfer Gallery (capacity 20), X6032
- The Cooler: East Booster Tower (capacity 15), X5069
- The Penthouse: West Booster Tower (capacity 25), X4741
- Bungalow: Linac North (capacity 14), X4446
- The Outfield: MW9 (capacaity 12), X2378

B.3 CDF

To reserve a conference room at CDF, contact Carol Picciolo: carol@fnal.gov or X4600.

- The Pump Room: BØ 2nd Flr. (video conference) (capacity: 20)
- The Cloud Chamber: BØ 2nd Flr. (video conference) (capacity: 15)
- The Theater: BØ 2nd Flr. (video conference) (capacity: 50)
- Trailer 159: behind new office building (video conference) (capacity: 15)
- Trailer 159 West: behind new office building (video conference) (capacity: 15)

B.4 DØ

To reserve a conference room at DØ, call X8303 or x4591.

- The Hurricane Deck: DAB3 (video conference) (capacity: 50)
- The Far Side: Portakamp 151 (video conference) (capacity: 25)
- The Doghouse: Portakamp 151 (video conference) (capacity: 20)
- Salle Des Heros: Portakamp 177 (video conference) (capacity: 10) /item The 5th Dimension: 5th floor of the main DZero Building (DAB) (video conference) (capacity: 8)

B.5 Feynman Computing Center

To reserve a conference room at FCC, send email to CD-SIS@fnal.gov.

- FCC 1 West: (video conference) (capacity: 20)
- FCC 2A: (video conference) (capacity: 25)
- FCC 2B: (capacity: 10)
- FCC 3 East: (capacity: 10)

B.6 Elsewhere around the lab

- Hermitage: Industrial Center Building, ICB2E (video conference) (capacity: 40), X3738
- SiDet conference room: Lab A (capacity: 20), X8630
- Users' Center, Music Room (capacity: 25) X3776

Appendix D

Household Furnishings

One of the hardest things to decide when packing to live at Fermilab either in a dorm or in the houses is what to bring. A set of household equipment is available from the Housing Office upon request.

Appendix E

F.3.2 Bowling Alleys, Pool and Darts

- Bowling Green (630) 231-2400. 30w150 Roosevelt Rd. in West Chicago. This place is more than a bowling alley. They have sand volleyball and other activities. Attached to the alley is the night club Synergy, described elsewhere. Rates are \$2-\$2.50 per person per game, depending on when you go, and shoe rental is \$2.75. They have on the order of 40 lanes, and automatic scoring.
- Batavia Bowl (630) 879-7069. 120 1st St. in Batavia. Take Wilson into Batavia past 25 to Shumway. Turn Left. Take Shumway to 1st St. Right on 1st St. Batavia Bowl is on your left. This bowling alley is somewhat of a dive, but that's part of its charm. They only have 8 lanes and a bar. A very nice place to spend an evening with a small group of people.
- More
 - Pool-A-Rama. (630) 851-9090. 150 Trade St. Aurora.
 - AMF Bowling Center. (630) 897-0401. 310 S Lincolnway, North Aurora.

- Fox Bowl. (630) 690-2400. 1101 Butterfield Rd. Wheaton.
- St Charles Bowl. (630) 584-9400. 2520 W Main St, St Charles.
- Funway Ent. Center (630) 879-8717. 1335 S River St, Batavia.

F.3.3 Books and Coffee Shops

- **Borders Books**

- 336 S. Rte 59. (630)637-9700. (just before Fox Valley, near Montgomery Ward.)
A combined bookstore/music store/coffee shop. The snacks are okay, the coffee is a bit expensive but the refill is free; the nice thing is that one can hang out there without a penny! The place is full on Fri and Sat evening.
- 1660 S Randall Rd. Geneva. (630) 262-8747
- 3539 E. Main St. St. Charles. (630) 443-8160

- **Starbucks**

- 115 N Randall Rd Batavia.
- 229 W. State St. Geneva.

- Pet Zone
(630) 690-1006
27w191 Geneva Rd, Winfield, IL 5.78 mi

G.4 Shopping

There is certainly no dearth of great places to shop in the small suburban towns surrounding Fermilab. The Chicago area is rife with large shopping centers. Somewhere north on I-294 is a mall called Woodfield that has about the same shopping area as the Mall of America (except it has no amusement park inside). Below is a small selection of places to go when you need something in the Fermi area.

– South on Route 59 / Aurora

The largest shopping center near Fermilab is certainly the massive cluster of malls in Aurora along Route 59, known collectively as the Fox Valley Center. Upon heading out from the Lab east (on Batavia Rd.) turn right on Rte 59 and go south 3-4 miles. There you will find rows of stores on either side of the road. Near the intersection of Aurora/New York Ave are entrances to the Fox Valley Mall ((630) 851-3000, <http://www.westfield.com/foxvalley/>). Be aware that traffic can be extremely congested along Rte 59, especially around rush hours.

– Batavia

For general supply stores, you can go to the general stores at the far end of Batavia. Heading along Wilson road, you proceed through the center of Batavia and beyond

until Wilson ends with a "T" at Randall Rd. Directly ahead is a Target store and a Sears Hardware store. A short distance to the right is a Menards store with more hardware-type supplies. Downtown Batavia (around the river) has a few more small stores (including a drug store), but not very many.

– **Geneva**

Geneva has a large number of quaint little small-town shops and restaurants, mostly along State St. and Third St. You can get there by proceeding north on Kirk Road (the road to the west of the Lab) and turning left on State St. These are usually more pricey than the mass-market stores, but it can be nice to wander around. Most of these places are near to the river along State Street, but there is a cluster of more commercial places further west on State (near Randall Road). The "Geneva Commons" is also a good place to visit for shopping with various stores from sports to designer clothing, restaurants, bookstores, etc. This shopping center is located on Randall Rd. and Williamsburg Ave. (<http://www.shopgenevacommons.com>).

– **St. Charles**

St. Charles has a lot of small stores like Geneva, as well as larger shopping centers along its main drag. St. Charles is also known for its many antique stores, which are mostly clustered along Main St. just west of the Fox River. You can get there by driving north on Kirk Road and turning left on Main St (Rte 64).

G.5 Thrift Stores

If you're moving to the area and need furniture or household items, a thrift store is a good place to find used stuff for very little money. These are some of the ones we've discovered; you can find more complete listings online, at websites such as <http://www.abstractpublishing.com/resale/swsuburbs.html>.

- **St Peter Thrift Shop** (630) 232-6621. 327 Hamilton St., Geneva
- **Living Branches Thrift Shop** (630) 584-5833 216 S 2nd Ave, St Charles, IL
- **Play It Again Sports** 2 locations; both sometimes have used bikes for sale.
 - (630) 584-7334. 1501 W. Main St. Valley Shopping Center, St. Charles
 - (630) 355-1121. 24 W. Gartner Rd, Naperville
- **Village Discount Village Mart** at Farnsworth and Sheffer Rd. Aurora, IL (behind Speedway). Open 7 days a week; very good and cheap.
- **Community Thrift Store** (630) 896-9786. 315 E Indian Trl Aurora, IL 60505. Between Mitchell Rd and Aurora Avenue Ln; only open weekends.

Appendix H

Hospitals and Medical Centers

The distance in miles refers to from the intersection of Batavia Rd. and Eola Rd. in teh Fermilab site.

H.1 Hospitals and Medical Centers

- Copley Memorial Hospital
(630) 585-5934
