## Introduction

In order to help companies interested in getting into the Chinese market, particularly those that are utilizing the STEP program, Commercial Service (CS) posts in China have compiled the following list of events that they have identified as having the most potential for U.S. firms looking to enter the Chinese market. While this is not an exhaustive list of trade shows or promotional events available in China, these have been selected as key events that have demonstrated potential for increasing sales for U.S. firms. After each show or event description, the appropriate CS contact staff member is listed.

CS China staff and our domestic U.S. Export Assistance Center (USEAC) colleagues are willing to provide companies with additional assistance to help find other methods of entering the Chinese market, including our Gold Key or Business Facilitation services, or Single Company Promotions. We can also provide the counseling needed to understand how to most effectively enter the Chinese market.

## CS China Contacts

### **U.S. Commercial Service - Beijing**

No. 55 An Jia Lou Lu,  
Chaoyang, Beijing 100600, China  
Tel: (86-10) 8531-3000  
Email: Office.Beijing@trade.gov

### **U.S. Commercial Service - Guangzhou**

14/F China Hotel Office Tower,  
Liu Hua Lu, Guangzhou 510015, China  
Tel: (86-20) 8667-4011  
Email: Office.Guangzhou@trade.gov

### **U.S. Commercial Service - Shenyang**

52 Shi Si Wei Lu, Heping District  
Shenyang, Liaoning 110003, China  
Tel: (86-24) 2322-1198  
Email: Office.Shenyang@trade.gov

### **U.S. Commercial Service - Shanghai**

Shanghai Center, Suite 631  
1376 Nanjing Xi Lu, Shanghai 200040,

## Natural Products Expo Asia 2012

**Date:** Aug. 26-28, 2012

**Venue:** Hong Kong

Asia contains great untapped potential - at a time when many businesses are shrinking, the natural, organic and healthy products market continues to increase. Each summer, thousands of industry's most important executives and buyers assemble at Natural Products Expo Asia in Hong Kong, the gateway to China and South East Asia, to investigate the latest products, industry trends and practices to grow their healthy business.

Natural Products Expo Asia has been established the leading natural & organic trade show in Asia-Pacific since its first year. Throughout the three-day show, you can meet with over 250 exhibiting companies from around the globe, exploring the latest spectrum of natural and organic products from raw ingredients to finished products, supply-related services and equipment! You will find it a true experience of sourcing, exchange of information and meeting potential business partners.

In 2012, the unrivalled Nutracon Asia program will offer crucial insights into product innovations, emerging trends & regulations, plus marketing and sales strategies, making it the most comprehensive source of industry expertise and the most effective platform for developing business opportunities, visit [www.NutraconAsia.com](http://www.NutraconAsia.com).

Both entertaining and stimulating, the Healthy Kitchen presents visitors with the freshest and liveliest kitchen in town! You will be enthralled by a series of cooking demonstrations with hot-in-town chefs to give out secret recipes using a fine selection of ingredients and seasonings to ignite your senses and palates.

## 2012 BIBF

**Date:** August 31 – September 2, 2012

**Venue:** Beijing

**Industries:** Book and publishing

**Contact:** Clarke Zhang, CS Shanghai, Clarke.zhang@trade.gov

**Website:** <http://www.bibf.net/WebSite/home/Default.aspx>

## China International Optoelectronic Expo

**Dates:** Sept. 6-9, 2012

**Venue:** Shenzhen

The China International Optoelectronic Exposition (CIOE) is a worldwide renowned exhibition, which presents the most advanced optoelectronic technologies and innovations. CIOE was established in 1999 in Shenzhen. This event has been held annually for the past 13 years at the Shenzhen Convention and Exhibition Center, China. As the world's largest Optoelectronic expo, it has been an UFI-approved event since 2007.

The 14th CIOE (CIOE 2012) will once again be held at the Shenzhen Convention and Exhibition Center, from September 6 to 9, 2012 over a total exhibition area of 100,000 sqm. It will comprise four concurrent sub-expositions, focusing on optical communications, lasers & infrared applications, precision optics, and LEDs. More than 3,000 exhibitors are expected to present the most advanced optoelectronic technologies and products at CIOE 2012. The China International Optoelectronic Conference (CIOEC) will be held concurrently.

The concurrent events and various on-site activities will present many highlights and revelations to the optoelectronic world. A series of professional forums, including the China Optical Communication Technology and Development Forum, the LED Lighting Technology and Development, and the China's Optics Forum-International Conference for Applied Optics, will fully discuss topics in the fields of optical communications, lasers and infrared technologies, applied optics, and LED lighting etc. Government bodies, scientific academies, trade associations and enterprises will be invited to discuss industry situations and trends. Specially arranged presentations on New Products and Technologies will provide excellent marketing opportunities for the exhibitors. In addition, on-site activities such as round-table discussions, and face to face sourcing meetings will further enhance the communication between exhibitors and trade buyers.

## China International Fair of Investment & Trade (CIFIT)

**Dates:** Sept. 8 - 10, 2012

**Venue:** Xiamen, Fujian

The China International Fair for Investment and Trade (CIFIT), approved by the State Council of the People's Republic of China, takes place on September every year in Xiamen, China. Themed on "Introducing FDI" and "Going Global", CIFIT features a focus upon nationality and internationality, upon investment negotiation and investment policy promotion, upon coordinated development of national and regional economy, and upon economic and trade exchanges across the Taiwan Strait. CIFIT is currently China's only international investment promotion event aimed at facilitating bilateral investment. It's also the largest global investment event approved by UFI. CIFIT has the following major contents: investment and trade exhibition, the International Investment Forum and serial seminars on hot investment issues, and investment project matchmaking symposia. CIFIT not only comprehensively showcases the investment environments, investment policies, investment projects and corporate products in all provinces, autonomous regions and municipalities directly under the Central Government in mainland China, but also attracts investment promotion agencies from dozens of countries and regions to conduct investment briefings. CIFIT offers optimum opportunity for business people at home and abroad to get a bird's-eye-view on the investment climates in China and other countries, and ensures them one-stop shopping service for multilateral investment cooperation, thereby helping them select from the widest range of investment projects and business partners. In response to the adjustments of the world's industrial structure and in view of the emerging trends, challenges and opportunities in international investment cooperation, the 15th CIFIT will carry out China's latest national development strategies, implement the nation's strategies for coordinated development of regional economies, and promote bilateral and multilateral economic exchanges and partnerships. CIFIT is poised to become the world's most prestigious international investment exposition.

## **VIV China 2012**

**Dates:** September 23-25, 2012

**Venue:** Beijing

Professionals from the United States in animal production and meat processing with serious growth ambitions are all heading into China. Population growth, changing dietary habits and rising income result in a dramatic increase for meat consumption in China, which already represents 30% of the global demand. No other country in the world offers such a palette of opportunities for suppliers of feed, feed ingredients and animal farming equipment, products and supplies.

## **China Wind Power**

**Date:** October 16-18, 2012

**Venue:** Beijing

Organized by the three leading associations in the domestic and international wind power arena - China Renewable Energy Industry Association, China Wind Energy Association, and Global Wind Energy Council – China Wind Power (CWP) is an annual event which attracts the key players in the wind industry. Featuring the latest developments in products and technologies as well as facilitating in-depth discussions on the wind industry's hot topics, the event serves as an effective and efficient platform for governments, academics, developers, manufacturers and investors to network, exchange ideas, and find direction to ensure the healthy growth of the wind industry.

CWP, one of the top events for both the Chinese and international wind power industry in terms of both its influence and size has also become an icon in the industry and the first choice for China's wind industry. In the year 2012, CWP will hold its fifth edition, and it will stick to its tradition of presenting the development of the China wind power industry that it has witnessed over the previous year.

## **Asia Golf Show**

**Dates:** Oct. 2012

**Venue:** Shenzhen

Asia Golf Show is an international learning, networking and trading platform in the south China region where global, regional and local suppliers can effectively network with general managers, superintendents and top industry buyers from all of Asia in a highly interactive and business-conducive environment with a concurrent forum supported by the leading associations including the PGA World Alliance and GCSAA bringing the market

leaders together to share market insights. This is the best way to learn, network and do business effectively with the right people in Asia's most dynamic markets.

- Asia Golf Show is the only professional learning, networking and trading event located in China which delivers a targeted audience of golf buyers from the whole Asian market.
- Asia Golf Show is the only golf show in south China receiving strong official support from the PGA World Alliance and hence delivers Asia's foremost platform to liaise with qualified buyers.
- Asia Golf Show is the only interactive show integrating multiple subsidiary events and activities including exhibition, conference, awards, equipment testing and demo day, and offers the ideal platform for professional learning, networking and trading in Asia.
- Asia Golf Show is organized every autumn by Reed Guanghe, a joint venture of Reed Exhibitions, the world's leading exhibition company, in the south China region's major hubs with convenient access from all major Asian airports.

## **(Zhuhai) Int'l Aviation & Aerospace Exhibition**

**Venue:** Zhuhai

**Dates:** November 13-18, 2012

China International Aviation & Aerospace Exhibition (namely Airshow China) is the only international aerospace trade show in China that is endorsed by the Chinese central government. It features the display of real-size products, trade talks, technological exchange and flying display. Since 1996, the show has been successfully held in Zhuhai in every even-number year for eight sessions. Airshow China 2012 will take place from Nov. 13-18, 2012.

The China Airshow has been a DOC certified trade fair ever since its first session in 1996. U.S. exhibitors increased year by year and there were 28 U.S. firms exhibiting at the 8th show. CS Guangzhou expects 30 U.S. exhibitors to the 9th show. Kallman International is the U.S. co-organizer of the show.

CS Guangzhou plans to staff a booth at the show to support U.S. exhibitors and to host a breakfast meeting for U.S. exhibitors to the show on Nov. 14, 2012.

Exhibitors: 300+ (2011)

## **China Hi-tech Fair**

**Venue:** Shenzhen

**Dates:** Nov. 16-21, 2011

Held in Shenzhen city from 16th to 21st, November every year, China Hi-Tech Fair (CHTF for short) is the largest and most influential scientific exhibition at present in China, which is approved by the State Council of P.R.C and hosted jointly by Ministry of Commerce of the P.R.C, Ministry of Science and Technology of the P.R.C, Ministry of Industry and Information Technology of the P.R.C, National/Development and Reform Commission of the P.R.C, Ministry of Education of the P.R.C, Ministry of Human Resources and Social Security of the P.R.C, Ministry of Agriculture of the P.R.C, State Intellectual Property Office of the P.R.C, Chinese Academy of Sciences, Chinese Academy of Engineering, Shenzhen Municipal People's Government. Its organizer is China Hi-Tech Transfer Center (Shenzhen Convention & Exhibition Center Management Co., Ltd.)

CHTF makes commercialization of high-tech achievements, product exhibitions, high-level forums, investment invitation and information exchange all in one. Through the organic combination of "government, industry, academia, research, capital and intermediary", it provides a convenient channel for customers at home and abroad in seeking projects, technologies, products, markets, funds and talents. With many years' progress, CHTF has been an important window of opening-up in the field of China's Hi-technologies. It becomes more and more important in increasing Hi-tech achievements' commercialization, industrialization and

internationalization as well as strengthening the communication and cooperation of economy, science and technology between countries and regions.
