Calls Aug. 6-15, 2010

I will be on vacation beginning tomorrow and returning Aug. 16.

During that time, Vic Hines will be the USGS POC for oil spill media calls.
He can be reached at 206-220-4573 (Office) and 206-375-3140 (Cell).

Also, Catherine Puckett will be the primary USGS HQ point of contact for
earthquake calls with Diane Noserale as her back-up.

Catherine's cell phone is: 352-278-0165 (Note: This is the best way to
reach Catherine as she is on detail in Reston for the next few weeks and is
not in her Florida office.)

Diane can be reached at 703-648-4333 (Office) and 703-638-5957 (Cell).

Please feel free to contact me today before 4 p.m. Eastern if you have questions.
