John Purcell
Leeco Steel, LLC

John Purcell graduated from Michigan State University in 1989 with a B.A. degree in Business. He began his career in steel in 1990 in the Bethlehem Steel Sales Training Program and was a Sales Representative for Bethlehem Steel in the Philadelphia, Baltimore and Milwaukee district offices from 1991 to 1994. Since leaving Bethlehem Steel in 1994, John has worked in the metal service center industry, 10 of those years with Leeco Steel. In 2005, John began to head up the wind energy effort for Leeco Steel. Since 2005, this business has grown into a major portion of Leeco's annual business.

John now serves as Vice President for Leeco's Energy Division and Leeco Steel is now widely recognized as a leading steel supplier to the North American wind tower industry. Leeco has provided steel to most existing wind tower factories in the US, Canada and Mexico and has also been a provider of steel plates for wind tower production in Asia and Europe as well.
