

Advice # 111 From: Tom Fitzsimmons

September 25, 2000

Ms Marilyn Reeves, Chair
Hanford Advisory Board
723 The Parkway, Suite 200
Richland, WA 99352

Dear Ms. Reeves:

Thank you for your letter transmitting Hanford Advisory Board Consensus Advice # 111. The advice deals with the Department of Energy's contractor performance agreements.

As this advice is directed primarily to the Department of Energy, let me simply express our appreciation for the Board's hard work and attention to this issue. We are grateful for the Board's support for our oft-stated position that the Department of Energy should align its performance agreements with the requirements in the Tri-Party Agreement, and that consultation with the regulatory agencies is one important step in developing performance expectations for contractors.

If you have further questions about our views on the question of performance agreements, please contact Mike Wilson, our Nuclear Waste Program Manager.

Tom Fitzsimmons,
Director
