WHEN USING AN A-T-M, YOU PROBABLY DON'T LET STRANGERS LOOK OVER YOUR SHOULDER. BUT EXPERTS AT THE OFFICE OF THE COMPTROLLER SAY THIEVES MAY WATCH WITHOUT YOU KNOWING IT. THIEVES CAN USE CARD READERS TO "SKIM" OR STEAL ACCOUNT INFORMATION AND TINY CAMERAS TO WATCH YOU TYPE IN YOUR I-D NUMBER. TO REDUCE YOUR RISK, BEWARE OF ANY UNUSUAL OR SUSPICIOUS DEVICES ATTACHED TO CARD-READING MACHINES AND COVER THE KEYPAD WHEN ENTERING YOUR PIN. FOR MORE INFORMATION, VISIT HELP-WITH-MY-BANK--DOT--GOV.
