FINANCIAL GUIDE

for Relocating

Moving can be expensive, but there are many tax-free allowances you may be eligible for that you don't pay back. Check with your Disbursing Office to determine whether you qualify for any of the allowances and advance pay options listed below.

Rates and policies are subject to change. For complete information, visit www.defensetravel.dod.mil/perdiem/perdiemrates.html

Dislocation Allowance (DLA):

The DLA is a once-per-PCS-move allowance intended to help with miscellaneous moving costs. It is based on your rank and dependent status. DLA is not available for all types of moves. For more information, check with your command or local FFSC.

Monetary Allowance in Lieu of Transportation (MALT):

Also known as "mileage," MALT is money paid to offset the cost of driving to a new duty station. It is based on the Official Military Table of Distances and is figured per a table of miles, times the number of travelers and vehicles. Approval is needed before MALT can be paid for more than two vehicles.

Per Diem Allowance:

Military members can receive reimbursement for costs associated with meals and lodging while traveling to a new duty station. Per Diem rates for car travel are based on a flat rate (350 miles per day as the standard one-day travel distance). To determine the number of days you will receive per diem, take the official government mileage (this can be found on the Web site listed above) between duty stations and divide by 350. An additional day of travel is allowed if the remainder is 51 miles or more.

Per Diem rates vary by age and status.

Service Member 100% of rate
Spouse 75% of rate
Children over 12 75% of rate
Children 12 and under 50% of rate

Temporary Lodging Expense (TLE):

Relocating members and families may receive partial reimbursement for the cost of meals and lodging when temporary housing is needed. The formula used to calculate TLE includes many variables. The maximum TLE rate is \$180 per day. The maximum amount of time you can claim TLE for moves within the Continental U.S. (CONUS) is 10 days.

Temporary Lodging Allowance (TLA):

Service members and their families heading to San Diego from an overseas location may be eligible for TLA, for up to 10 days, when departing that installation. Consult your local Disbursing Office for more information.

Advance of pay and BAH:

Service members may request a loan in the form of an advance of Basic Pay and Basic Allowance for Housing (BAH) when making a PCS move. Keep in mind that this is an *interest-free loan repaid by deductions from pay starting immediately*. Because this can create an additional financial burden following a move, the use of advance pay is not encouraged unless circumstances require it.

If you're thinking about registering your car in California, you may receive a reduced fee as a service member. Also check with Navy Legal as you may qualify for benefits afforded by the 2009 Military Spouse Residency Relief Act.

California Traffic Laws

- By law, everyone in a vehicle must wear a seatbelt. See DMV Web site for requirements regarding child safety seats.
- Motorcyclists must wear a helmet.
- Many of California's heavily traveled freeways have car pool or "diamond lanes" identified by small black-and-white signs and by diamonds painted on the roadway. To legally drive in a car pool lane, you must comply with posted guidelines.

- It is against the law to write, send, or read text-based communication on an electronic wireless communications device, such as a cell phone, while driving a motor vehicle in California. Drivers must also use a hands-free device when speaking on a cell phone while driving (except in medical or traffic emergency). Additionally, cell phone usage is outlawed for all drivers under the age of 18.
- California has enacted strict drinking and driving laws that may affect you and apply even if you hold an out-of-state license.

LODGING

Reserve a Room Today: It's important to reserve a hotel, motel, or military lodge room well in advance of your move to ensure you have a place to stay when you get here. Obtaining a room in San Diego at the last minute may be difficult, especially during summer months. Early reservations will ensure you have accommodations while you search for permanent housing.

Navy Gateway Inns & Suites:

With locations on five San Diego Navy bases, Navy Gateway Inns & Suites (NGIS), offers a number of award-winning convenient locations. For reservations call 877-NAVY-BED or visit www.dodlodging.net. When traveling on PCS orders, reservations at NGIS facilities can be made up to one year in advance.

Navy Lodge:

Another cost effective hotel option is the Navy Lodge located on Naval Base San Diego and Naval Air Station North Island. Here you will find family accommodations and business class rooms. Reservations are available at 1-800-NAVY-INN, or www.navy-lodge.com. If the Navy Lodge is not available, lodge staff can provide referrals to local hotels. Check with your Disbursing Office to determine how much Temporary Lodging Expense (TLE) you may be eligible to receive.

Hotel Voucher Program:

Enjoy savings at non-military hotels with MWR's Hotel Voucher Program. Contact your nearest San Diego Navy Base MWR Tickets and Travel office for a list of hotels participating in the program. Expect to save from fifteen to twenty percent off the hotel rate. For current rates visit - www.mwrtoday.com/Sandiego/itt.htm and click on "San Diego ticket price list". For a listing of San Diego Ticket Office locations, see page 24 for MWR's Facility Directory.

Pet-Friendly Lodging:

There are hotels and motels in the San Diego area that welcome pets, though some may require a non-refundable deposit upon check-in. The Naval Base San Diego Navy Lodge is the only military lodge in San Diego that accepts pets (certain restrictions on type and size of animals may apply). Plan in advance to ensure you have adequate accommodations for your pets.

With the help of a School Liaison Officer (SLO), who is familiar with the area, you can build a positive academic environment and ensure the growth and success for military school-age children. SLOs provide military families, educators, and installation commanders with resources as they work together in providing a supportive and positive educational environment for children of military families. Visit <http://www.schooliaisonsw.com> for SLO contact information and more resources.

School Districts and Boundaries:

San Diego County has more than 40 school districts to choose from and not all school districts and city boundaries are close to Navy installations. For free comprehensive resource support and assistance in choosing the best school for you, contact a School Liaison Officer.

Year-round or a Traditional School Schedule:

Not all schools in San Diego start in early September and end in the middle of June. There are some, including high schools,

that operate on a year-round or staggered schedule. School Liaison Officers can help with information about school calendars, facilities, curriculum, resources, graduation requirements, extracurricular activities and other information that differs from district to district.

Student Online Achievement Resources (SOAR):

SOAR is a program for military families and the school districts that serve them. It aims to address the unique challenges facing military children in our nation's public schools, while benefiting the overall student population.

As an interactive tool, students take an online assessment aligned to state standards and are then directed to individualized FREE tutorials to develop skills as needed. Parents can monitor their children's progress, while receiving resources. For more information on this incredible resource for military families visit www.soarathome.org.

The Interstate Compact Educational Opportunity for Military Children:

Ensures that the children of military families are afforded the same opportunities for educational success as other children and are not penalized or delayed in achieving their educational goals by inflexible administrative and bureaucratic practices. Youth Activities

The Navy Region Southwest Child & Youth Programs staff has a plan to keep you and your family entertained. Designed for maximum fun and low budgets, Military Youth Recreation Centers, located in the housing areas, offer a multitude of activities for children of all ages: dancing, gymnastics, tae kwon do, karate and jazzercise to name a few. Tiny Tots and School Age Care programs take the worry out of childcare. Year-round youth sports programs, swim lessons, field trips and community events keep the kids moving and the parents cheering. MWR also hosts the annual Family Spring Festival and Family Holiday Party. Both are free events chock full of fun during holiday seasons.

Picnics, Playgrounds and Recreational Vehicle (RV) Parks

Picnics and playgrounds are a popular venue for families and friends, and there are acres of picnic areas at Naval Base San Diego, Naval Air Station North Island, Naval Amphibious Base (NAB), Naval Mine & Anti-Submarine Warfare Command (NMAWC) and SUBASE. Plan an RV vacation at Fiddler's Cove RV Park, located along the scenic Sliver Strand Highway just south of NAB and enjoy a beautiful view of San Diego Bay from your home-on-wheels. For more RV adventures, visit the Admiral Baker RV Park and Recreation Area located in the heart of Mission Gorge near Friars Road and I-15. Here you'll find picnic grounds, outdoor swimming pool with slide and plenty of room to have a summer cookout. MWR picnic areas have playgrounds, barbecue pits, sports fields, courts, picnic tables and cabanas for the perfect family gathering.

The Sea 'N Air Lanes on Naval Air Station North Island and the Admiral Robinson Recreation Center on Naval Base San Diego offer automatic scoring, bumpers for the kids, and television monitors on each bowling lane. Active duty bowl for free from 11 am-1 pm every Monday at Sea 'N Air Lanes and every Tuesday at Admiral Robinson. Both Bowling Centers handle parties for all occasions and have several party packages to choose from. Sign up for a bowling league, play bingo or just unwind at the food courts, sports lounges, and game arcades.

Adventures Outdoors

Rent camping gear, sporting equipment, tables, chairs, coolers, ski and snow boarding equipment, BBQs, baseball gear and more at MWR's Outdoor Adventure Center located right next door to the Admiral Robinson Center, on Naval Base San Diego. Find everything you need for fun in the sun.

MWR Golf – Learn, Practice, Play

If you'd like to learn or practice the game of golf, the Naval Base San Diego Golf Performance Center has the tools you need including golf instruction for those just getting started. The facility offers a driving range, putting greens and a pro shop for all the latest golf gear plus snacks and beverages. Golf enthusiasts and beginners alike can test their skills at Sea 'N Air Golf Course located at Naval Air Station North Island and Admiral Baker Golf Course located off Friars Road near Qualcomm Stadium.

Fix it Yourself!

Don't let car repair costs set you back. Save money, get it done right and have the satisfaction of knowing you did it yourself at the Naval Base San Diego or Naval Air Station North Island Auto Skills Center. The Auto Skills staff will help you analyze your engine or set your car up on the lube rack. You can buy or order the parts you need at the center's Auto Skills Shop or find what you need at the well-stocked resale shop. If they don't have an item in stock, they'll make every effort to find it for you. They'll supply the tools and "know how," you provide the labor.

Lunch Buffets, Sunday Brunches, Fun Clubs & Dining Facilities

After a busy work day or week, treat yourself to one of the many fine dining and casual eating spots aboard the five Navy bases in San Diego as well as the Admiral Baker recreation area. Plan that perfect birthday, retirement, anniversary or special event party with the help of the MWR Catering staff and make your party dreams come true.

From The \$5 Meal at the Pierside Café to all-you-can-eat buffets during the week and fancy Sunday Brunches on the weekend, think of MWR dining facilities. Serving more than food, many facilities have lots of free stuff including Internet, billiards, Wi-Fi, game computers, Wii, and, at the new Waterfront Recreation Center, there's even a movie room.
