PROGRAM: Indian Housing Block Grant (IHBG) and the U.S. Housing Act of 1937

FOR: All Tribal Government Leaders and Tribally Designated Housing Entities (TDHE)
/s/ D. Lalancette for TK

FROM: Ted Key, Acting Deputy Assistant Secretary, PN

TOPIC: Income Limits under the Native American Housing Assistance and Self Determination Act of 1996 and the U.S. Housing Act of 1937

Purpose: This guidance updates NAHASDA Guidances No. 98-14, No. 99-04, No. 00-04, and No. 2001-09 by providing the Fiscal Year (FY) 2002 Income Limits.

Guidance: HUD Notice PDR-2002-01, issued January 31, 2002, contains the latest published median income limits for the various Indian areas. The income limits published in the notice are in effect for FY 2002 and will remain in effect until superseded. The information in the notice is organized by county; each county has its own income limit.

Tribes located on large reservations or those who have land in more than one county may have more than one income limit. However, to reduce administrative burden, the tribe/TDHE may set income limits for multi-county reservations at the income limit level of the county with the highest income limits.

If the income limit for a county located within your Indian area is lower than the United States median, you must use the United States median income limits. The United States median family income is \$54,400. Therefore, the adjusted income limit for family size and 80 percent of median income is as follows:

1	2	3	Base4	5	6	7	8
30,450	34,800	39,150	43,500	47,000	50,500	53,950	57,450

For each additional family member over eight, 8 percent of the four-person base should be added to the eight-person income limit. For example, the nine-person limit equals \$60,950 ($57,450 + [43,500 \times .08]$). All income limits are rounded to the nearest \$50 to reduce administrative burden.
