

DATES: Comments must be received by June 1, 2007.

ADDRESSES: Send comments to: USDA, ARS, Office of Technology Transfer, 5601 Sunnyside Avenue, Rm. 4-1174, Beltsville, Maryland 20705-5131.

FOR FURTHER INFORMATION CONTACT: June Blalock of the Office of Technology Transfer at the Beltsville address given above; telephone: 301-504-5989.

SUPPLEMENTARY INFORMATION: The Federal Government's patent rights in this invention are assigned to the United States of America, as represented by the Secretary of Agriculture. It is in the public interest to so license this invention as Antibacterial Resources, Inc. of El Paso, Texas has submitted a complete and sufficient application for a license. The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within thirty (30) days from the date of this published Notice, the Agricultural Research Service receives written evidence and argument which establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Richard J. Brenner,
Assistant Administrator.

DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. FSIS-2007-0010]

Notice of Request for Extension of a Currently Approved Information Collection (Procedures for the Notification of New Technology)

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to request an extension of an approved information collection regarding the procedures for notifying the Agency about new technology.

DATES: Comments on this notice must be received on or before July 2, 2007.

ADDRESSES: FSIS invites interested persons to submit comments on this notice. Comments may be submitted by any of the following methods:

- *Mail, including floppy disks or CD-ROM's, and hand- or courier-delivered items:* Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, 300 12th Street, SW., Room 102 Cotton Annex, Washington, DC 20250.

- *Electronic mail:*
fsis.regulationscomments@fsis.usda.gov.

- *Federal eRulemaking Portal:* This Web site provides the ability to type short comments directly into the comment field on this Web page or attach a file for lengthier comments. Go to <http://www.regulation.gov> and in the "Search for Open Regulations" box, select "Food Safety and Inspection Service" from the agency drop-down menu, then click on "Submit." In the Docket ID column, select FDMS Docket Number FSIS-2007-0010 to submit or view public comments and to view supporting and related materials available electronically.

All submissions received by mail or electronic mail must include the Agency name and docket number. All comments submitted in response to this document, as well as research and background information used by FSIS in developing this document, will be available for public inspection in the FSIS Docket Room at the address listed above between 8:30 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. Comments will also be posted on the Agency's Web site at http://www.fsis.usda.gov/regulations_&_policies/regulations_directives_&_notices/index.asp.

FOR ADDITIONAL INFORMATION: Contact John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 300 12th Street, SW., Room 112, Washington, DC 20250-3700, (202) 720-0345.

SUPPLEMENTARY INFORMATION:

Title: Procedures for the Notification of New Technology.

OMB Number: 0583-0127.

Expiration Date of Approval: 08/31/2007.

Type of Request: Extension of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes provide that FSIS is to protect the public by verifying that meat, poultry, and egg products are safe, wholesome, unadulterated, and properly labeled and packaged.

FSIS is requesting extension of an approved information collection addressing paperwork and recordkeeping requirements regarding new technology.

FSIS has established procedures for notifying the Agency of any new technology intended for use in official establishments and plants (68 FR 6873).

To follow the procedures, establishments, plants, and firms that manufacture and sell technology to official establishments and plants notify the Agency by submitting documents describing the operation and purpose of the new technology. The documents should explain why the new technology will not: Adversely affect the safety of the product, jeopardize the safety of Federal inspection personnel, interfere with inspection procedures, or require a waiver to a regulation. In addition, if the new technology could adversely affect the safety of the product, jeopardize the safety of Federal inspection personnel, interfere with inspection procedures, or require a waiver to a regulation, submitters are to provide a protocol for an in-plant trial as part of a pre-use review. FSIS expects the submitter of a protocol to provide data to the Agency throughout the duration of the in-plant trial.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 29 hours per response.

Respondents: Official establishments and plants; firms that manufacture or sell technology.

Estimated No. of Respondents: 290.

Estimated No. of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 8,400 hours.

Copies of this information collection assessment can be obtained from John O'Connell, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 300 12th Street, SW., Room 112, Washington, DC 20250-3700, (202) 720-5627, (202) 720-0345.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both John O'Connell, Paperwork Reduction Act Coordinator, at the address provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs,

Office of Management and Budget, Washington, DC 20253.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it on-line through the FSIS web page located at http://www.fsis.usda.gov/regulations/2007_Notices_Index/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/. Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves and have the option to password protect their account.

Done at Washington, DC, on: April 26, 2007.

David P. Goldman,

Acting Administrator.

BILLING CODE 3410-DM-P

DEPARTMENT OF AGRICULTURE

Forest Service

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

Gunnison Basin Federal Lands Travel Management Plan

AGENCIES: Forest Service, USDA, Bureau of Land Management, USDI.

ACTION: Notice of intent to prepare an environmental impact statement.

DATES: Comments concerning the scope of analysis must be received on or before August 31, 2007. The draft environmental impact statement is expected to be released in February 2008 and the final environmental impact statement is expected in August 2008.

ADDRESSES: Send written comments to Gunnison Travel Management, GMUG National Forests, 2250 Highway 50, Delta, CO 81416.

FOR FURTHER INFORMATION CONTACT: Anne Janik, Public Involvement Specialist at ajanik@fs.fed.us, (970) 874-6637 or Gary Shellhorn, Team Leader at gshellhorn@fs.fed.us, (970) 874-6666.

SUMMARY: The Forest Service and the Bureau of Land Management (BLM) are to designate which roads or trails on federal lands administered by the BLM and the Forest Service within the Gunnison Field Office area and the Gunnison National Forest are open to motorized and/or mechanized travel. In so doing, both agencies will meet commitments set forth in the 2001 Gunnison Interim Travel Management Plan to further evaluate and analyze motorized travel needs on a route-by-route basis and comply with requirements of the Forest Service 2005 Travel Management Rule (36 CFR part 212) as well as policies for Public Lands found in the BLM Land Use Planning Handbook (H-1601-1). As a result of these travel management decisions, the Forest Service will produce a Motorized Vehicle Use Map (MVUM) depicting those routes on the Gunnison National Forest and the Gunnison Field Office Public lands that will remain open to motorized and/or mechanized travel. The MVUM will be the primary tool used to determine compliance and enforcement with motorized and mechanized vehicle use designations on the ground. Those existing routes and other user-created routes not designated open on the MVUM will be legally closed to motorized and mechanized travel. The decisions on motorized and
