Chapter 12 CHDO LOAN ACTIVITIES

In this chapter, you will learn how to set up, fund, draw funds for, and complete a HOME activity that is initially funded with a CHDO loan. Instructions are provided for CHDO loan activities that go forward to produce affordable housing and for those that do not go forward.

CHDO loans are intended to give CHDOs access to funds for eligible pre-development costs (see 24 CFR 92.301 for more information). The two types of pre-development assistance are:

- Site control/technical assistance loans, for covering the costs of establishing the feasibility of a specific activity, and
- Seed money loans, for paying the pre-construction costs of a specific activity.

CHDO loan assistance may be provided for rental activities or for homebuyer activities where the CHDO is acting as the owner, sponsor, or developer of the property. While the instructions below are for a single-address rental activity, you will follow the same steps to set up a CHDO loan for a homebuyer activity.

THE CHDO LOAN PHASE

The processing steps for the CHDO loan phase of an activity are:

- 1. Set up the activity by completing the common activity screen and filling in the first HOME setup screen.
- 2. Fund the activity with CHDO Loan (CL) money and draw the CL funds.
- 3. Indicate whether or not the activity is going forward to produce HOME-funded housing.

ACTIVITY SETUP FOR THE CHDO LOAN PHASE

Complete the common activity screen as you do for all activities (see page 3-2), selecting an ACTIVITY CATEGORY of **Rental** or **Homebuyer**. Click the <Add HOME> button to display the first HOME setup screen:

Field	Description
Fields in gray box	These read-only fields identify the activity you are processing.
Will the activity be funded with CHDO Reserve (CR)?	Change this field to ${\bf Yes}$ (CHDO Loan funds are subfunded from CR).
CHDO Acting As	Indicate if the CHDO is acting as the owner, sponsor, or developer:
	Owner : The CHDO holds legal title to or has a long-term (99-year minimum) leasehold interest in the property. The CHDO may be an owner with one or more individuals, corporations, partnerships, or other legal entities.
	Sponsor : The CHDO develops a property that it solely or partially owns and agrees to convey ownership to a second nonprofit organization at a predetermined time.
	Developer : The CHDO either owns and develops the property or is under a contractual obligation with the owner to obtain financing and develop the property.
Will initial funding be a CHDO site control loan and or seed money loan?	Change this field to Yes .

When you are finished, click the <Save and Continue> button to save your data and display the Edit Activity screen:

CHDO LOAN FUNDING AND DRAWS

PJs may use up to 10% of their CHDO Reserve funds for CHDO loans. Because this form of assistance is tracked separately in IDIS, you must create a CHDO Loan subfund before you will be able to fund the activity.

The funding and draw procedures for CHDO loan activities are the same as for other activities. The only difference is that, during the CHDO loan phase, the only fund type you can commit and draw is CHDO Loan (CL).

INDICATING IF THE ACTIVITY IS GOING FORWARD

Once all of the CL funds committed to the activity have been drawn, the next step is to return to the setup screen and indicate if the activity is going forward to produce housing.

Notice the new field at the bottom of the screen, CHDO LOAN (CL) FUNDS HAVE BEEN FULLY DISBURSED. IS THE ACTIVITY GOING FORWARD? If the activity is continuing to the development phase, change the answer to **Yes**. Otherwise, leave the field set to **No**.

When you have finished, click the <Save and Continue> button. The screen that is displayed next depends on how you answered the GOING FORWARD question.

IF THE ACTIVITY IS NOT GOING FORWARD

If the activity is not continuing beyond the loan phase, perform these two steps:

- 1. If any public or private funds were used for the CHDO loan, enter the amount(s) on the cost screen. The cost screen is the only HOME screen that is completed for a loan activity that does not go forward.
- 2. Update the ACTIVITY STATUS to Completed.

When you answer **No** to GOING FORWARD on the CHDO Questions screen and click <Save and Continue>, the HOME Costs screen is displayed. It differs from the regular cost screen in that (1) the CHDO Loan amount is displayed in a read-only field and (2) there are no input fields for HOME costs. The rental screen is shown below. The homebuyer cost screen has been similarly modified.

Field	Description
Fields in gray box	These read-only fields identify the activity you are processing.
HOME - CHDO Loan	This display-only field shows the total amount of CL funds drawn for the activity.
	Because the activity is not going forward, there are no other input fields for HOME funds.
Public Funds <i>through</i> Other	If funding for the CHDO loan phase of the activity was received from other sources, fill in these fields exactly as you do for a non-CHDO loan rental activity.
Activity Total	
HOME Funds	For a CHDO loan activity that is not going forward, this is always equal to HOME - CHDO LOAN.
All Funds	This read-only field shows the sum of all HOME, public, private, and other funds.
Total HOME Funds Disbursed	For a CHDO loan activity that is not going forward, this always equals the HOME FUNDS amount.

When you click the <Save> button, the Edit Activity screen is displayed. Remember to update the ACTIVITY STATUS to Completed (see page 3-10) within 120 days of the final CL draw.

IF THE ACTIVITY IS GOING FORWARD

If the activity is going forward to produce HOME-assisted housing, perform the following:

- 1. Fill in the HOME setup screens.
- 2. Commit and draw additional (non-CL) funds for the activity.
- 3. Fill in the HOME completion screens.
- 4. Update the ACTIVITY STATUS to Completed.

Processing differs only very slightly from that of a regular rental or homebuyer activity. Those differences are explained below.

ACTIVITY SETUP

With the exception of one field, the setup screens for a CHDO loan activity and a regular activity are identical. For a CHDO loan activity, the ESTIMATED HOME COST field on the Page 2 setup screen looks like this:

*Estimated HOME Cost	
	Amount
CHDO Loan	2,500.00
Other HOME Cost	\$
Total	\$ 2,500.00

CHDO LOAN shows the amount of CL funds disbursed for the activity, and cannot be updated. In OTHER HOME COST, enter the amount of additional (non-CL) HOME funds you expect to expend on the activity.

FUNDING AND DRAWS

Perform these steps exactly as you do for a regular rental or homebuyer activity.

ACTIVITY COMPLETION

The completion screens for a CHDO loan activity are the same as those for a regular activity, except that the amount of CHDO Loan funds disbursed for the activity is displayed in the cost section of the Page 2 completion screen. The cost section of the rental screen is shown below; the same modifications have been made to the homebuyer screen for a CHDO loan activity.

Single-Address Activity Costs Screen

As with any regular activity, the HOME final rule at 24 CFR 92.502(d)(1) requires PJs to enter completion information and update the ACTIVITY STATUS to Completed (see page 3-10) within 120 days of the final draw for the activity.

MULTI-ADDRESS CHDO LOAN ACTIVITIES

Multi-address rental and homebuyer activities that are initially funded with CHDO loans follow the same processing pattern as single-address activities:

Complete the Common Path and CHDO Questions screen, commit and draw the CHDO Loan (CL) funds, and indicate if the activity is going forward to produce HOME-funded housing (see pages 12-1 through 12-4).

If the activity is not going forward:

- 1. If any public or private funds were used for the CHDO loan, enter the amount(s) on the cost screen. The cost screen is the only HOME screen that is completed for a loan activity that does not go forward.
- 2. Update the ACTIVITY STATUS to Completed.

If the activity is going forward:

- 1. Fill in the HOME setup screens (see page 12-7).
- 2. Fund and draw additional (non-CHDO loan) HOME funds for the activity.
- 3. Fill in the HOME completion screens. The cost screen for multi-address CHDO loan activities is completed a little differently from single-address activities, as explained below.
- 4. Update the ACTIVITY STATUS to Completed.

Multi-Address Activity Costs Screen

On the cost screen for multi-address CHDO loan activities that go forward, the CHDO loan amount is not protected as it is on the single-address screens. It is instead an input field:

Costs HOME Funds	
Form of Assistance	
HOME - CHDO Loan	\$
HOME Funds (including PI)	
Form of Assistance	
Amortized Loan	\$
Grant	\$
Deferred Payment Loan	\$
Other	\$
Total	\$ 0.00

You can either prorate the CHDO loan amount across addresses, as you do all other HOME costs, or enter the entire amount of the loan on the cost screen for one address. The sum of the CHDO LOAN amounts you enter on the cost screens must equal the total amount of the loan before you will be allowed to update the ACTIVITY STATUS to Completed. The total of the CHDO loan amounts you have input is displayed on the Multi-Address Activity Cost Summary screen along with other HOME Funds totals:
