**Re: Comments on Transmission Rate Schedules**

Seattle City Light is a member of the Point-to-Point Customers Coalition (“PTP Coalition”), which filed comments regarding the proposed changes to the transmission rate schedules discussed during the September 12, 2012 workshop. As previously stated, the coalition is an *ad hoc* group of transmission customers.

Seattle City Light re-iterates and supports the comments the Point-to-Point Customers Coalition (“PTP Coalition”) filed on September 19, 2012 regarding the proposed changes to the transmission rate schedules discussed during the September 12, 2012 workshop. Seattle City Light appreciates BPA’s efforts to date to fulfill the agreements in the transmission rate case settlement for FY 2012 and 2013.

Sincerely,

Robert W. Cromwell, Jr.
