

Table 9. Resident Population Projections by Sex and Age: 2010 to 2050

[In thousands, except as indicated (310,233 represents 310,233,000). As of July 1. Projections are based on assumptions about future births, deaths, and net international migration. Data do not reflect results of the 2010 Census. More information on methodology and assumptions is available at <<http://www.census.gov/population/www/projections/methodstatement.html>>]
