¹ Reporting standards not met. ² Bullying types do not sum to total because students could have experienced more than one type of bullying. Also, total includes other types of bullying not shown separately. ³ Cyber-bullied includes students who responded that another student "made unwanted contact, for example, threatened or insulted (the respondent) via text (SMS) messaging." This category did not meet reporting standards to be reported separately. ⁴ Race categories exclude persons of Hispanic ethnicity. Other includes American Indian, Alaska Native, Pacific Islander, and more than one race. ⁵ Interpret data with caution.

¹ Parent Teacher Organization (PTO) or Parent Teacher Association (PTA) meeting. ² Variables for school characteristics (school type and school size) have a certain number of missing cases due to school non-report; therefore, the number of students across the categories for each school variable does not sum to the total number of students. ³ Persons of Hispanic origin may be any race. ⁴ Students whose parents reported the student's grade equivalent as "ungraded" were excluded from the analyses of grade level.
