

## **Infection Preventionists and Clinicians**

- a. [AHRQ HAI Tools & Resources Web Page](#)  
Features helpful links to information, tools, and resources on HAIs for healthcare providers and consumers.
- b. [AHRQ Morbidity and Mortality Rounds](#)  
Provides a searchable online journal and forum on patient safety and health care quality, including the topic of HAIs. Physicians and nurses can receive free continuing medical education (CME), continuing education units (CEU), or trainee certification by taking the Spotlight Quiz.
- c. [AHRQ Patient Safety Organizations \(PSOs\)](#)  
PSOs are organizations that share the goal of improving the quality and safety of health care delivery. Organizations that are eligible to become PSOs include: public or private entities, profit or not-for-profit entities, provider entities such as hospital chains, and other entities that establish special components to serve as PSOs.
- d. [Guidance of Public Reporting of Healthcare-Associated Infections](#)
- e. [Guidelines for Environmental Infection Control in Healthcare Facilities](#)
- f. [National Healthcare Safety Network \(NHSN\)](#)  
NHSN is a voluntary, secure, internet-based surveillance system that integrates and expands legacy patient and healthcare personnel safety surveillance systems managed by CDC. Enrollment is open to all types of healthcare facilities in the United States.
