FOR RELEASE March 15, 1971

## COMMISSION ANNOUNCEMENT

**SEC ORDER CITES MIAMI SECURITIES, OTHERS.** The SEC on March 9 instituted public proceedings against Miami Securities, Inc., Prudential Investment Corporation and their owner Nicholas M. Torelli, all of North Miami, Fla., based on allegations of the Commission's staff that they violated the anti-fraud, net capital and reporting provisions of the Federal securities laws. The Commission, by order postponed the effective date of Miami Securities pending application to be a registered broker-dealer for fifteen days until March 26. The Commission also scheduled a hearing in Washington on March 18 to determine whether the application's effectiveness should be postponed pending final determination on whether Miami Securities application for a registration should be denied.

A hearing will be scheduled by further order to take evidence on the staff allegations and to afford respondents an opportunity to offer any defenses thereto, for the purpose of determining whether the allegations are true, and if so, whether any action of a remedial nature should be ordered by the Commission.

## NEW RULES AND RULE PROPOSALS

**NOTICE OF SUSPENSION OF DUTY TO FILE 15d REPORTS.** The SEC has adopted a new rule under Section 15(d) of the Securities Exchange Act of 1934 which requires the filing of reports notifying the Commission whenever the duty to file reports under that section has been suspended. The Commission has also adopted a short form for the filing of such reports. Notice of the proposed action was published November 27, 1970 in Securities Exchange Act Release No. 9025.

Section 15(d) requires issuers which have registered under the Securities Act of 1933 to file annual and other reports with the Commission. The section provides, among other things, that if the number of record holders of securities of each class registered is reduced to less than 300 persons at the beginning of any fiscal year, the duty to file reports shall be suspended for such year.

The new reporting requirement is necessary in order that the Commission may know whether an issuer's failure to file reports is due to delinquency or to a suspension of the duty to file reports. The notice to the Commission will enable it to keep its records up to date and will avoid the sending of delinquency notices in cases where the issuer's duty to file reports has been suspended. (Release 34-9100)

## DECISION IN ADMINISTRATIVE PROCEEDING

**BRAND, GRUMET & SEIGEL REVOKED.** In a decision announced today, the Commission revoked the broker-dealer registration of Brand, Grumet & Seigel, Inc., New York, and suspended Stanley Seigel, Murray Iskoe and Raymond Luchansky, who were president, vice president, and registered representative respectively of the registrant, from being associated with any broker or dealer for the respective periods of twelve, nine and two months effective March 25.

In an offer of settlement which the Commission accepted, respondents, without admitting or denying the charges, consented to findings of violations and failure of supervision, and to the imposition of the indicated sanctions. Under the offer each of the individual respondents are barred from handling any discretionary customer accounts, except with the prior approval of the Commission, and Seigel and Iskoe are further barred from undertaking any supervisory duties with any broker or dealer, trading any broker-dealer firm accounts, and having any proprietary or financial interest in any broker-dealer except with such prior approval. In addition, Seigel, Iskoe and Luchansky agreed to consent to the entry of a final judgment permanently enjoining them from violating certain provisions of the Exchange Act in connection with any securities transactions.

According to the Commission's decision, during the period from January 1, 1967 to August 31, 1968, respondents, for the purpose of creating a false and misleading appearance of active trading in stock of L'Aiglon Apparel, Inc. and inducing purchase by others of such stock which was listed and traded on the American Stock Exchange, effected transactions which involved no change in the beneficial ownership of the stock and entered orders for the purchase and sale of the stock with knowledge that orders of substantially the same size, at substantially the same time and price, for the sale and purchase of such stock had been or would be entered, and effected a series of transactions which raised the price of such stock.

The Commission also found that respondents dominated and controlled the market for L'Aiglon stock, purchased a substantial number of shares and thereby restricted the floating supply and, after an increase in the market price had resulted, sold a substantial number of shares at manipulative prices.

The Commission further found that the registrant failed reasonably to supervise with a view to preventing violations by a person who from June 1968 through July 1969 offered, sold and delivered unregistered stock of Computer Counseling Inc., and while participating in a distribution of such stock bid for and purchased such securities, and used a false and misleading offering circular to induce purchase of Computer stock and made false and misleading statements concerning, among other things, the plan of distribution of such stock and other important matters. (Release 34-9106)
