**CHECK SHEET FOR PUBLICATION PAGES**

All of the pages contained in this publication are listed consecutively by number with a revision number after each page. The pages of this publication, and the supplements to the publication listed on this page bear issue dates which are the same as, or prior to, the issued date of this page. An "O" in the revision column indicates an original page; the designation of "R" indicates the page was not issued but has been reserved for future use. This page will be updated with each subsequent revision to this publication.

3           **SECTION A -           GENERAL APPLICATION AND INSTRUCTIONS**  
4  
5

6       **ITEM I           PURPOSE AND APPLICATION.**  
7

8           **1.           PURPOSE.**  
9

10                   This Department of Veterans Affairs (VA) BASELINE RATE  
11                   PUBLICATION No. VA-1000 (VA No. VA-1000) is designed  
12                   to afford carriers a simple method of expressing and filling  
13                   Freight-All-Kinds (FAK) rate tender(s) for VA shipping activities.  
14                   Its purpose is to provide the standardization necessary to achieve  
15                   a fully automated system for rating and routing traffic, without  
16                   requiring substantive changes in the manner in which  
17                   rates for this traffic have traditionally been stated.  
18

19  
20           **2.           APPLICATION.**  
21

22                   The baseline rates and minimum charges contained in this  
23                   publication shall serve as a basis for carriers to submit  
24                   actual rates and charges for a Minimum Charge (MC),  
25                   Less Than Truckload (LTL), or Truckload (TL)  
26                   shipments from, to, or between all point in CONUS, Hawaii,  
27                   Alaska, and Puerto Rico.  
28

29           **3.           GOVERNING RULES.**  
30

31                   Rates and charges offered to the Department of Veterans  
32                   Affairs using this publication will be subject to the rules,  
33                   accessorial services, and accessorial charges  
34                   contained in Department of Veterans Affairs (VA)  
35                   RULES TENDER No. VA-100 (VA No. VA-100) and  
36                   supplements or reissues thereto.  
37

38           **4.           VA BASELINE RATES AND MINIMUM CHARGES.**  
39

40                   The rates and charges shown in this publication were  
41                   originally established by the General Services Administration  
42                   (GSA) at a baseline level above, below, or equal to motor tariff  
43                   bureau class 50 rates as of January 1, 1989, were subsequently  
44                   realigned on April 1, 1990, and increased by 13.6 percent on  
45                   September 1, 1993 and currently reflect the same rates and  
46                   charges found in the GSA Baseline Rate Publication No. 1000-C  
47                   dated September 1, 1993. This is not in any way to be construed  
48                   as the setting of rates or charges by VA. Carriers must  
49                   independently establish their own levels of Minimum Charge (MC),  
50                   Less Than Truckload (LTL), or Truckload (TL) rates  
51                   by utilizing a percentage above, below, or equal to the  
52

1 level of baseline rates and minimum charges shown in  
2 SECTION B, ITEM 100, TABLE OF BASELINE RATES AND  
3 MINIMUM CHARGES of this publication.  
4

5 **5. METHOD OF INCREASING TABLE OF BASELINE RATES AND**  
6 **MINIMUM CHARGES.**  
7

8 The method that shall be used to increase the VA No. VA-1000 baseline  
9 rates and minimum charges in future reissues of this publication may be  
10 adjusted by multiplying the rates and charges by a percentage carried to  
11 four decimal places. The resulting product will be rounded to two (2)  
12 decimal places. Numbers five (5) or larger will be rounded to the  
13 next higher number.  
14

15 **6. APPLICATION OF GENERAL RATE INCREASES.**  
16

17 The baseline rates and charges contained in this publication will  
18 be adjusted on an as needed basis.  
19

20 **ITEM 10 REVISING PUBLICATION PROVISIONS AND METHOD OF**  
21 **CANCELING ORIGINAL OR REVISED PAGES.**  
22

23 This publication will be revised by the Department of Veterans Affairs, Office of Acquisitions  
24 and Materiel Management, Distribution Programs Division (92C), 810 Vermont Avenue, NW,  
25 Washington, DC 20420, through either the issuance of page revisions (original or revised) or  
26 the reissuance of the document on an "as needed" basis.  
27

28 **A. PAGE REVISIONS.**  
29

30 This publication will be revised through issuing page revisions. When there  
31 are page revisions, cancellation of prior pages will be effected by means of  
32 this rule. Pages will be inserted in the document in numerical sequence. (For  
33 example: "FIRST REVISED PAGE 10" will have the effect of canceling  
34 "ORIGINAL PAGE 10"; "SECOND REVISED PAGE 10" will have the  
35 effect of canceling "FIRST REVISED PAGE 10". Pages should be inserted  
36 in the following order, as page 115 would be followed by pages 115-A,  
37 115-B, 115-C, 116, and 117.)  
38

1 Except where a specific cancellation is shown on a revised page, a revised page  
2 cancels any and all uncanceled revised or original pages, or uncanceled portions  
3 thereof, which bear the same page number,  
4

5 **TEXT THAT IS CHANGED ON THE REVISED PAGES WILL BE PLACED**  
6 **WITHIN BRACKETS** [ ]. A listing of current pages is shown on the  
7 **CHECK SHEET FOR PUBLICATION PAGES** on page 3.  
8

9 **B. REISSUING DOCUMENT.**

10  
11 Reissues of the document will be identified by a letter suffix, in alphabetical  
12 sequence, next to the title number. The first reissue of this  
13 publication would be designated as the VA BASELINE RATE  
14 PUBLICATION No. VA-1000-A the next No. VA-1000-B. etc. Each reissue  
15 will cancel the previous issue in its entirety.  
16

17 When this publication is reissued only text that is changed from the  
18 previous issue of the publication will be place within brackets [ ].  
19

20 **ITEM 20 DISPOSITION OF FRACTIONS.**

21  
22 Fractions of a cent resulting from the application of a carrier's independently  
23 established percentage(s) of the baseline rates and minimum charges shown  
24 in SECTION B of this publication, shall be disposed of as follows:  
25

- 26 A. Fractions of less than one-half of one cent shall be omitted; and  
27  
28 B. Fractions of one-half of one cent or greater shall be increased to  
29 the next whole cent.  
30

31 **ITEM 30 EXPLANATION OF VA BASELINE RATES AND MINIMUM CHARGES.**

32  
33 The rates in SECTION B, ITEM 100, TABLE OF BASELINE RATES AND MINIMUM  
34 CHARGES herein, are shown in Cents per 45.36 kilograms (cents per hundredweight  
35 [cwt]). The minimum charges in SECTION B herein are shown in dollars and cents.  
36  
37  
38

1       **ITEM 40           BASE EXPLANATION AND APPLICATION.**

2  
3       Each distance base (kilometers [miles]) established in conjunction with the distance  
4       table of rates contained in SECTION B, ITEM 100, TABLE OF BASELINE RATES  
5       AND MINIMUM CHARGES herein shall apply to all distances within the grouping  
6       (i.e., 162.54 kilometers [101 miles] through and including 193.12 kilometers [120  
7       miles]). All distances shall be computed by use of the applicable Household Goods  
8       Carriers' Bureau Mileage Guide (s) as shown in ITEM 10, GOVERNING PUBLICATIONS  
9       IN THE VA RULES TENDER No. VA-100 herein, or supplements or reissues thereto  
10       or any combination of both guides.  
11

12  
13       **ITEM 50           METRIC CONVERSION.**

14  
15       The weights and measurements expressed in this publication, are being changed to  
16       indicate only metric measurements. This change will be continued in the four steps  
17       (paragraphs A through D) established in the predecessor GSA Standard Tender of  
18       Service Publication No. 1-E dated September 1, 1993.

- 19       A.       In the first step in the 1992 edition of the GSA No. 1000, the appropriate  
20       weight or measurement (inches, feet, miles, or pounds) was first expressed  
21       after which the metric equivalent (centimeters, meters, kilometers, or  
22       kilograms) was parenthetically shown.  
23  
24       B.       The second step in the 1993 edition of this document (GSA No. 1000),  
25       the exact opposite with first the appropriate measurement in centimeters,  
26       meters, kilometers or kilograms after which the customary  
27       weight or measurement in inches, feet, miles, or pounds was parenthetically  
28       shown. The metric conversion in this step did not require tenders to be  
29       predicated upon metric measurement. Only when the fourth step, below, is  
30       implemented, will carriers be required to submit their tender filings based  
31       upon metric measurements.  
32  
33       C.       The third step in implementing the metric conversion will be to round the metric  
34       weights and measurements expressed in paragraph B to a whole number and,  
35       in turn, to translate the "whole" metric number to equivalent U.S. weights and  
36       measurements. In some instances, the conversion process may result in U.S.  
37       weights and measurements with mixed numbers, i.e., a number containing a  
38       whole number and a fraction.  
39  
40       D.       The fourth and final step of the conversion process will be to display  
41       only the metric system of measurement eliminating the customary U.S.  
42       weight and measurement in parenthesis.  
43

44       Please see APPENDIX D in the VA TOS No. VA-1 for the Metric Conversion Table.

## SECTION B - TABLE OF BASELINE RATES AND MINIMUM CHARGES

ITEM 100 TABLE OF BASELINE RATES AND MINIMUM CHARGES.  
(Subject to Note 1.)

The following table identifies the minimum weight columns used in the distance table or rates in this ITEM. The metric weight equivalents in kilograms are listed first with the customary weight shown in parenthesis. This ITEM also shows the distance expressed in kilometers and miles (one mile equals 1.6093 kilometers).

DEFINITION OF MINIMUM WEIGHT COLUMNS IN THIS SECTION

<u>MINIMUM WEIGHT COLUMNS</u>		<u>DEFINITION</u>
	MC	Minimum Charge - Applies per shipment
226.8 kilograms	L5C	less than 226.8 kilograms (500 pounds)
226.8 kilograms	5C	226.8 kilograms (500 pounds) but less than 453.6 kilograms (1,000 pounds)
453.6 kilograms	1M	453.6 kilograms (1,000 pounds) but less than 907.2 kilograms (2,000 pounds)
907.2 kilograms	2M	907.2 kilograms (2,000 pounds) but less than 2,266 kilograms (5,000 pounds)
2,268 kilograms	5M	2,268 kilograms (5,000 pounds) but less than 4,546 kilograms (10,000 pounds)
4,536 kilograms	10M	4,536 kilograms (10,000 pounds) but less than 9,072 kilograms (20,000 pounds)
9,072 kilograms	20M	9,072 kilograms (20,000 pounds) but less than 13,608 kilograms (30,000 pounds)
13,608 kilograms	30M	13,608 kilograms (30,000 pounds) but less than 18,144 kilograms (40,000 pounds)
18,144 kilograms	40M	18,144 kilograms (40,000 pounds) and over

**ITEM 100 TABLE OF BASELINE RATES AND MINIMUM CHARGES (CONTINUED).**

RATES ARE EXPRESSED IN CENTS PER 45 KILOGRAMS [kg] (CENTS PER HUNDREDWEIGHT) [CWT].

DISTANCE BASE			MINIMUM WEIGHT (KILOGRAMS)									
			Less Than Truckload (LTL)							Truckload (TL)

Note 1: The baseline rates and minimum charges contained in this table are equal to the baseline rates and minimum charges found in GSA's Baseline Rate Publication No. 1000-C. Any future adjustments to this table will be carried to four (4) decimal places and then rounded to two (2) decimal places.

**ITEM 100 TABLE OF BASELINE RATES AND MINIMUM CHARGES (CONTINUED).**

RATES ARE EXPRESSED IN CENTS PER 45 KILOGRAMS [kg] (CENTS PER HUNDREDWEIGHT) [CWT].

DISTANCE BASE			MINIMUM WEIGHT (KILOGRAMS)									
KILOMETERS	MILEAGE	MINIMUM CHARGE	Less Than Truckload (LTL)						Truckload (TL)			
			L5C (226.8)	5C (226.8)	1M (453.6)	2M (907.2)	5M (2,268)	10M (4,536)	20M (9,072)	30M (13,608)	40M (18,144)
