Consistency and Standardization Initiative Principles

As a member of the aviation community, you can expect from us:

- Service that promotes a safe, secure, and efficient aviation system
- Considerate, respectful, and professional service
- A clear explanation of the requirements, alternatives, and possible outcomes associated with your inquiry or request
- A timely and complete response to your inquiry or request
- A clear explanation of our decisions
- An environment without fear of retribution if you challenge our decisions
- Fair and careful consideration of your issue
- Clear guidance on how you can elevate your concerns to the next higher level of authority

We ask you to:

- Understand that the FAA's first priority is safety
- Display the same level of professionalism with which you wish to be treated
- Provide all pertinent information in a timely manner

We share the responsibility to work together with mutual respect and integrity to continue to make the U.S. aviation system the safest in the world.

Consistency and Standardization Review Checklist

Have I considered?

- The issue
- All perspectives on the issue
- Information and materials presented to the FAA for consideration by the stakeholder
- Type of review conducted (telephone call, meeting, etc.)
- Meetings or telephone calls to the stakeholder to get their version of the situation
- Relevant regulations
- Relevant FAA guidance (i.e., AC's, Orders)
- Applicable legal interpretations or decisions (precedents)
- Ambiguities or inconsistencies in regulations and guidance or in correspondence received from the stakeholder (explain)
- Prior FAA history with this stakeholder (issues, decisions, etc.)
- Offices, regions, or directorates that have dealt with this stakeholder on this or other issues
- Prior FAA history or decisions with other stakeholders on this or similar issues (precedents)

Is there chronological documentation of the reviews accomplished at each level?
