SUPPLEMENTARY INFORMATION: Cantor Financial Futures Exchange, Inc. ("CFFE") has applied for designation as a contract market for the computer-based trading of US Treasury bond, ten-year note, five-year note, and two-year note futures contracts. CFFE has not previously been approved by the Commission as a contract market in any commodity, thus, in addition to the terms and conditions of the proposed futures and options contracts, CFFE has also submitted proposed trading rules, rules of government, and other materials to meet the requirements for a board of trade seeking initial designation as a contract market. Notice of CFFE's application was initially published under delegated authority for public comment on February 3, 1998 (63 FR 5505), for a 60-day comment period ending April 6, 1998. Acting pursuant to the authority delegated by Commission Regulation 140.96, the Division of Trading and Markets and the Division of Economic Analysis ("Division") have determined to extend until April 27, 1998 the deadline for comments on the notice of application of CFFE to be designated as first-time contract market. The Divisions believe that extension of the deadline for comment is in the public interest, will assist the Commission in considering the views of

interested persons, and is consistent with the purposes of the Commodity Exchange Act. The Divisions seek comment regarding all aspects of CFFE's application and addressing any issues commenters believe the Commission should consider. Any request for a further extension of the public comment period will be looked upon with disfavor.

Any person interested in submitting written data, views, or arguments on the proposal to designate CFFE should submit their views and comments by the specified date to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW, Washington, DC 20581. In addition, comments may be sent by facsimile transmission to facsimile number (202) 418-5521, or by electronic mail to secretary@cftc.gov. Reference should be made to the CFFE application for designation as a computer-based contract market for US Treasury bond, ten-year note, five-year note, and two-year note futures contracts. Copies of the proposed terms and conditions, Exchange rules, compliance procedures, clearing and settlement description, and other related materials are available for inspection at the Office of the Secretariat at the above address. Copies also may be obtained through the Office of the Secretariat at the above address or by telephoning (202) 418-5100.
