

## Log of Meeting

Subject: Low speed electric scooters

Date of Meeting: January 20, 2003

Place: Room 711 CPSC Headquarters, Bethesda, MD

Log entry source: Lowell Martin, Esq., OGC

Commission representatives: See attached sheet

Non-Commission representatives: See attached sheet

### Summary of meeting:

Representatives of Currie Technologies Inc. requested this meeting to discuss low speed electric scooters. Mr. Malcolm Currie, C.E.O. of Currie Technologies Inc., reviewed the market for low speed electric scooters, described his company's product line, and discussed various regulatory regimes that have been applied to electric scooters, including by China. Mr. Currie and Mr. Esposito described their involvement in enactment of H.R. 727, legislation which clarified Commission jurisdiction over low-speed electric bicycles and made those products subject to the existing CPSC bicycle regulations.

CPSC staff reviewed their experience with various similar products concerning compliance, injury data gathering, and jurisdictional issues.
