Re: In re Rambus Inc. (FTC Docket No. 9302)

Dear Mr. Stone:

In light of the motion filed by the United States Department of Justice which addresses the proper scope of discovery from Mr. Appleton and others and which raises important questions of the public interest, Micron Technology will not make its Chairman, President and Chief Executive Officer, Steven Appleton, available for deposition on Thursday, December 19, 2002. Mr. Appleton will be available for deposition in Boise on January 13 or January 16, 2003. I note that yesterday Rambus requested delaying the deposition of Jan Du Preez, another Micron officer, until January. Thus, this brief delay in Mr. Appleton's deposition should not prejudice Rambus in any way.

Sincerely,

Richard L. Rosen
