

LIVING PATTERN QUESTIONNAIRE (LPQ) FOR CIVILIAN POST ALLOWANCE AND MILITARY COLA

Post/Duty Station: _____

The purpose of this questionnaire is to identify the consumer facilities and services that you and your family use at your post/duty station, as well as to gather some other information about your living pattern that relates to the cost of living at your foreign location. The information you provide on this questionnaire will be used to develop the Department of State's "Indexes of Living Costs Abroad." These indexes measure overall living cost differences between Washington, D.C. and locations where federal employees are assigned abroad. **The answers that you and others provide through this questionnaire will be used, with other information, to establish your post (cost-of-living) allowance level.** Please leave blank any question that does not apply to you and your family. Accurate information is vitally important, so please take the time to complete the survey to the best of your ability.
