CITIZENS UNITED SUPPORTS
“RETURNING TO RESPONSIBLE FISCAL POLICIES ACT”

Washington, DC -- Citizens United President David N. Bossie, issued the following statement in support of the “Returning To Responsible Fiscal Policies Act,” authored by Congressman Jack Kingston (R-GA).

“Citizens United is pleased to announce its support for Congressman Jack Kingston’s ‘Returning To Responsible Fiscal Policies Act’ that seeks to limit federal spending to 18 percent of the Gross Domestic Product,” said David N. Bossie, President of Citizens United. “America is facing a debt crisis that could bring down the Republic if it is left unchecked. The Kingston plan is a sound proposal that will help rein in our out-of-control \$14 trillion national debt. I would like to applaud Congressmen Jack Kingston, Jim Jordan, Jeff Flake, and Tom Graves for having the courage to take on our nation’s dire fiscal situation head-on.”
