Dear Congressman Young:

I am writing to thank you for nominating me to the United States Naval Academy, helping me to complete the application process. It has been a lifelong dream of mine to attend the Naval Academy, and your nomination has fulfilled an important step in reaching my goal. I have not heard from the academy yet, but whatever the outcome, I owe you an immense amount of gratitude both for your nomination and for your loyal service to my home state of Alaska.

Respectfully,

A handwritten signature in cursive script that reads "Nathanael R. Brown".
