

PhiloMetron Inc.

... Accelerating Health

FCC Spectrum and Mobile Applications Field Hearing 8 October 2009

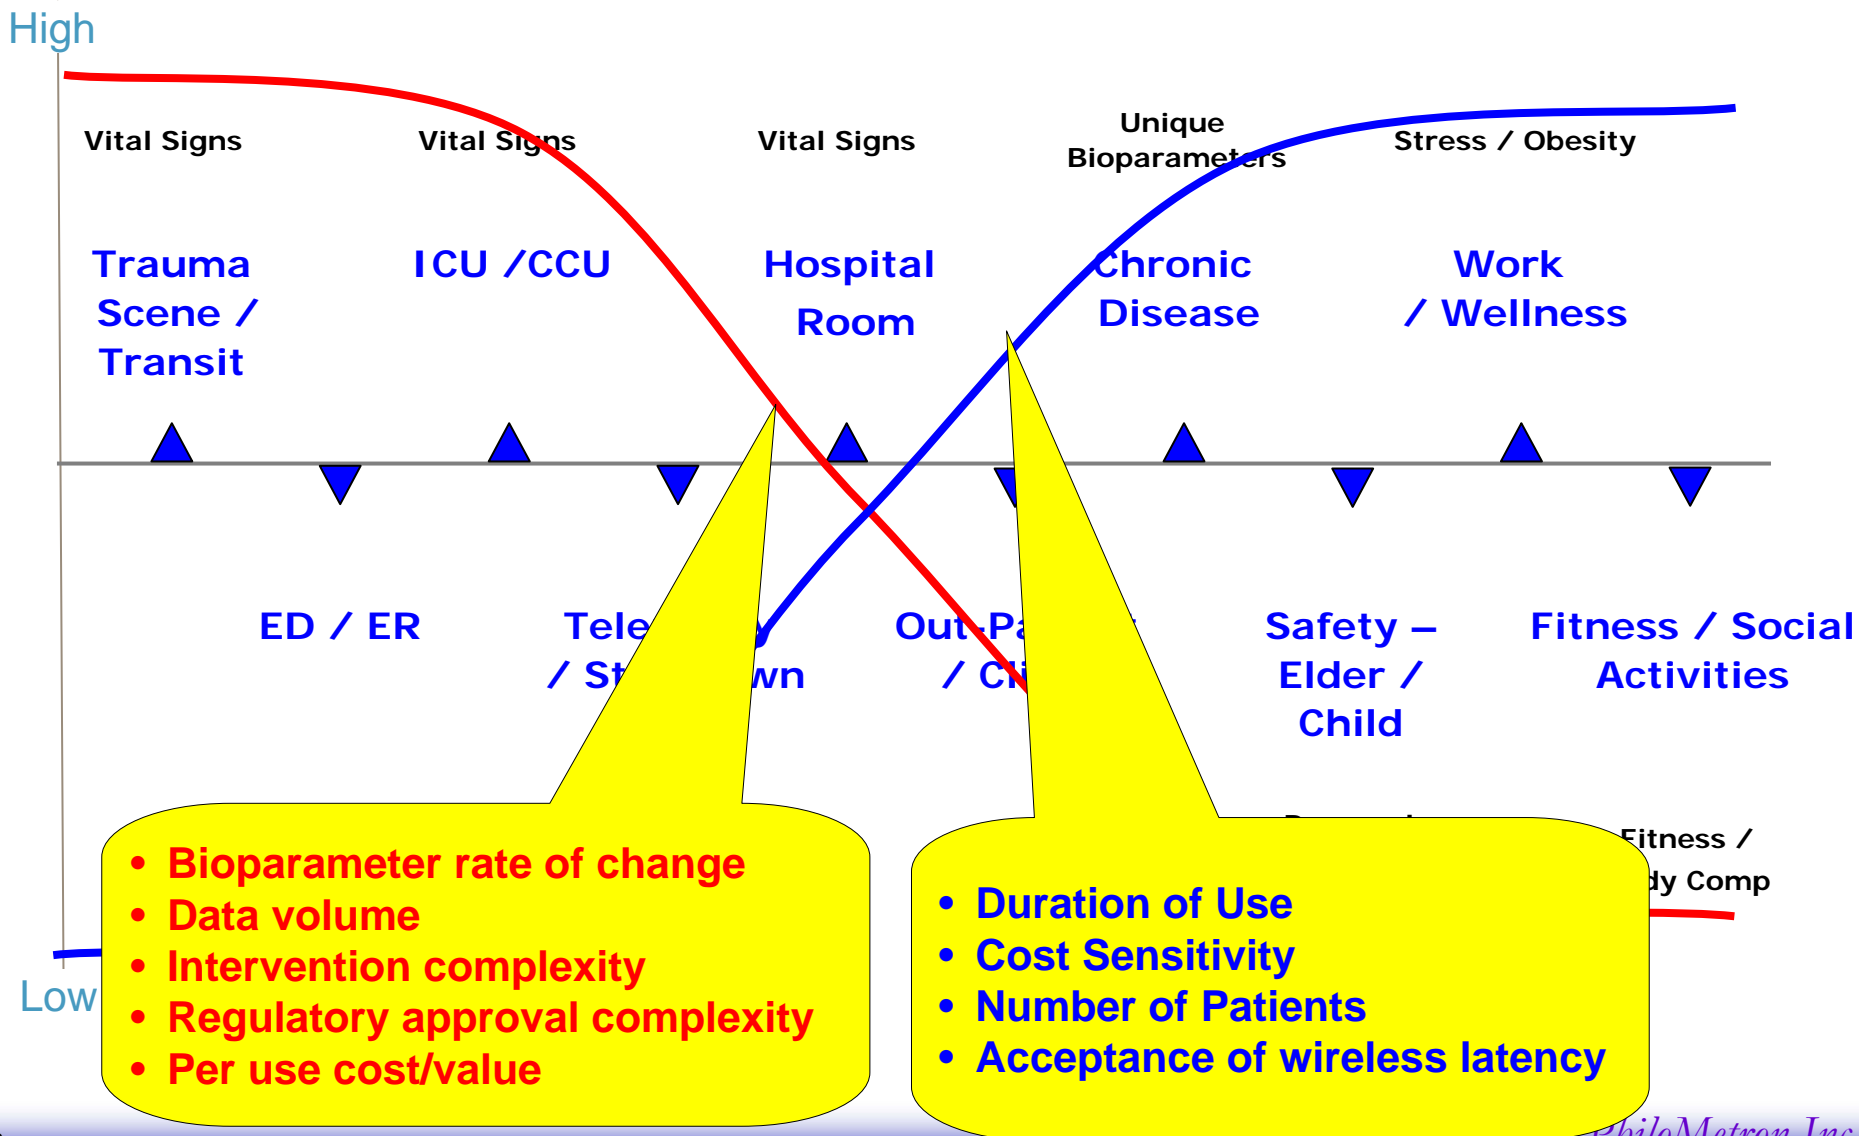

Presented by:

**Darrel Drinan – CEO
PhiloMetron Inc.
San Diego, California**

PhiloMetron

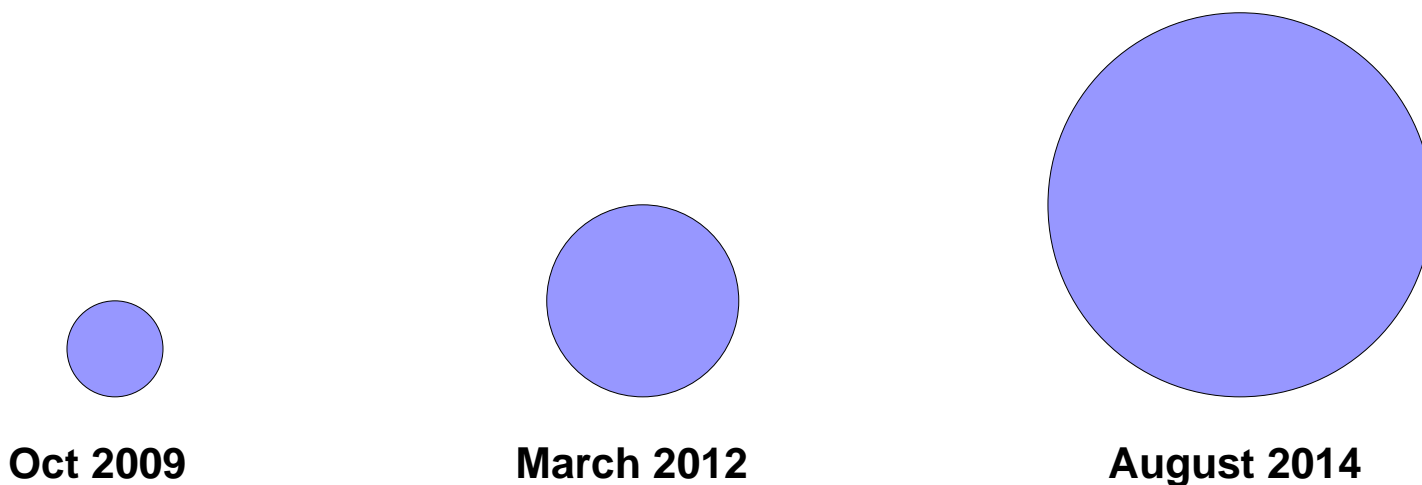

- HC Diagnostic Monitoring Care Continuum

PhiloMetron - Cooper's Law

“Cellular Spectrum Needs will Double every 30 Months”

Problem – Is Grandma's ECG going to get delayed because Billy is watching a YouTube video?

PhiloMetron

- Proposed Solution

- Use Public Safety Spectrum for Healthcare voice/data applications **too!**
- Use Tx priority code in data/voice packets to establish urgency / order of processing
- Benefits:
 - Enables monetization of Public Safety Spectrum
 - Establishes method to monetize packets based upon priority
 - Complies with HIPAA security requirements
 - Allows dual use applications (Public Safety/Healthcare)

PhiloMetron
