

Committee on National Security Systems

CNSS-009-10

3 March 2010

Secretariat Manager

MEMORANDUM TO COMMITTEE ON NATIONAL SECURITY SYSTEMS MEMBERS, OBSERVERS, AND WORKING GROUP CHAIRS

SUBJECT: Issuance of CNSS Letters of Approval and Serial Numbers

The Committee for National Security Systems' (CNSS) National Manager approved the following commercial telephone security equipment products as "meeting the type-acceptance requirement for on-hook audio security of telephone equipment that reside in sensitive discussion areas of the U.S. Government or sponsored contractor spaces." CNSS Letters of Approval were issued to with the accompanying CNSS serial numbers to each of the below list vendors.

The following CNSS serial numbers were assigned to below listed commercial products:

CNSS-A-06-2009 – CIS Secure Computing, Inc. – CIS 7962 Optical VoIP

CNSS-NC-07-2009 – Telnet Labs Inc.-Eagle Telephonic Inc. - Eagle Safeset Telephone

CNSS-A-08-2009 – Nortel Networks – Fiber VoIP Telephone, Internet Protocol Phone

Each of the vendor products must be resubmitted for approval if substitution of any component alters its electrical or acoustic characteristics. A random sample of this model will be tested one calendar year after CNSS approval to ensure compliance with CNSS guidance.

Secretariat's POC: Mr. Paul Kappes, p.kappes@radium.ncsc.mil, 968-7801s or 410-854-6805b.
