Construction of facilities in support of operations vital to the security of the United States				\$10,000											
<p>10. Description of Proposed Construction</p> <p>For FY 2013, \$10.0 million is programmed to provide the Secretary of Defense with the capability to respond to unforeseen facilities requirements. This amount is required to undertake urgent, unforeseen military construction, the deferral of which is deemed inconsistent with national security interests.</p> <p>The authority for the construction of these facilities is provided by Section 2804 of 10 U.S.C. Both the Armed Services and Appropriations Committees of the House and Senate will be notified by the Secretary of Defense, or his designee, immediately upon reaching a decision to undertake construction under this authority.</p>															
<p>11 Requirement:</p>
