To Whom It May Concern:

Please accept this military retiree's Retiree Account Statement as verification of regular pay. Military retirement pay is normally a lifetime payment without frequent changes. The account statement contains the same information that would be included in a customized pay certification letter. By accepting it, you will reduce the cost to taxpayers.

If you require additional copies of this letter, you can access it on our website at [www.dfas.mil/retiredmilitary/manage/payverification.html](http://www.dfas.mil/retiredmilitary/manage/payverification.html).

Sincerely,

A handwritten signature in black ink, appearing to read "Th. P. McKenna", is positioned above the printed name.

Thomas McKenna  
Director, Retired and Annuitant Pay
