AES Compliance Seminars and AES PcLink Workshops

## AES Compliance Seminars and AES PcLink Workshops

### U.S. Exporters Must Comply with the Foreign Trade Regulations

*How do the Foreign Trade Regulations (FTR) affect your export business? Do you know how to use the Automated Export System (AES) to comply with the FTR? It is imperative that you understand the FTR so you can avoid the possible penalties and/or seizure of your export shipments. Attending one of these educational seminars or workshops will help provide you with information on the processes of exporting, in compliance with the FTR and AES.*
