SCOPE:

TANK COMMANDERS COURSE:

The Tank Commanders Course (TCC) focuses more on technical than tactical instruction. The instruction will include crew stations and duties, tank maintenance, unit gunnery management, bore sighting, armor accuracy checks, plumb and synchronization, tank ammunition and weapons, screening, and tank gunnery. Students are trained using conventional training methods, stand-alone training devices, and simulators. Performance Oriented Training is M1A1 and M1A2 SEP specific. The course is a gunnery systems intensive functional course that trains the Soldier to function as a M1A1 or M1A2 SEP tank commander.

COURSE REQUIREMENTS:

Tank Commanders Course

- Active Army Armor Commissioned Officer (19A) & Noncommissioned Armor (19K series)

*assigned or enroute to a Heavy Combat Brigade equipped with M1A1 or M1A2 SEP and have not shot a tank gunnery in over 2 years.

Regular Army

E5 – E9

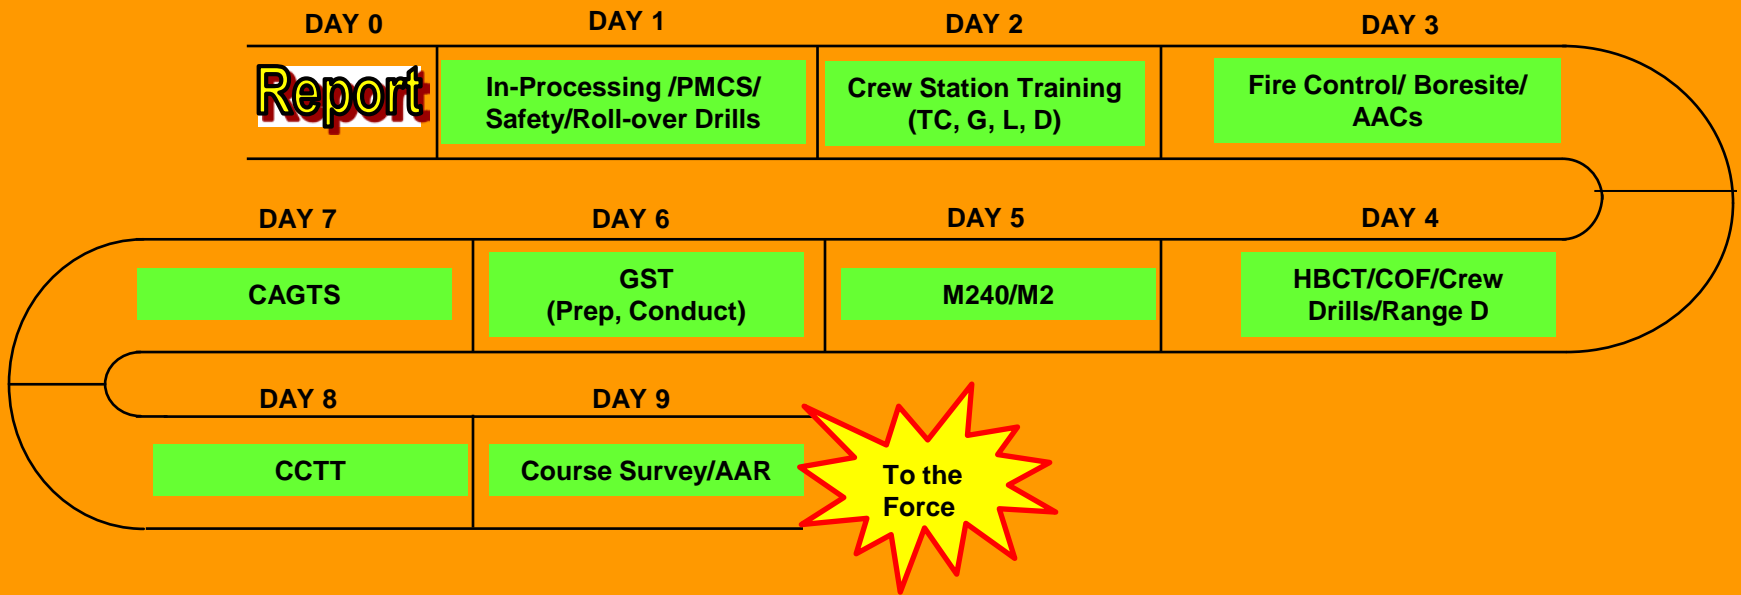

02 – 05

USMC

PACKING LIST:

- There is no need to bring any TA 50 equipment, CVC's or nomex. These items will be temporarily issued here at Fort Benning. Currently, Fort Benning CIF will not issue students sweat bands for their ACH, ACH pads, nor Mechanics Coveralls. We strongly suggest you bring your own.
- Fort Benning safety regulations require ballistic eye protection, hearing protection, and gloves on all ranges. Students must bring their own.
- Bring civilian clothes, as you deem necessary.
- Training here will require you to bring your ACUs (Gortex and gloves in the winter) and complete Army Physical Fitness uniform to include a reflective vest/belt
