

# Activated Jurisdictions

As part of the Secure Communities strategy, ICE is leveraging a federal biometric information sharing capability to quickly and accurately identify aliens in law enforcement custody. Since this capability was first activated in 2008, biometric information sharing has helped ICE identify and remove more than 159,000 convicted criminal aliens from the United States.

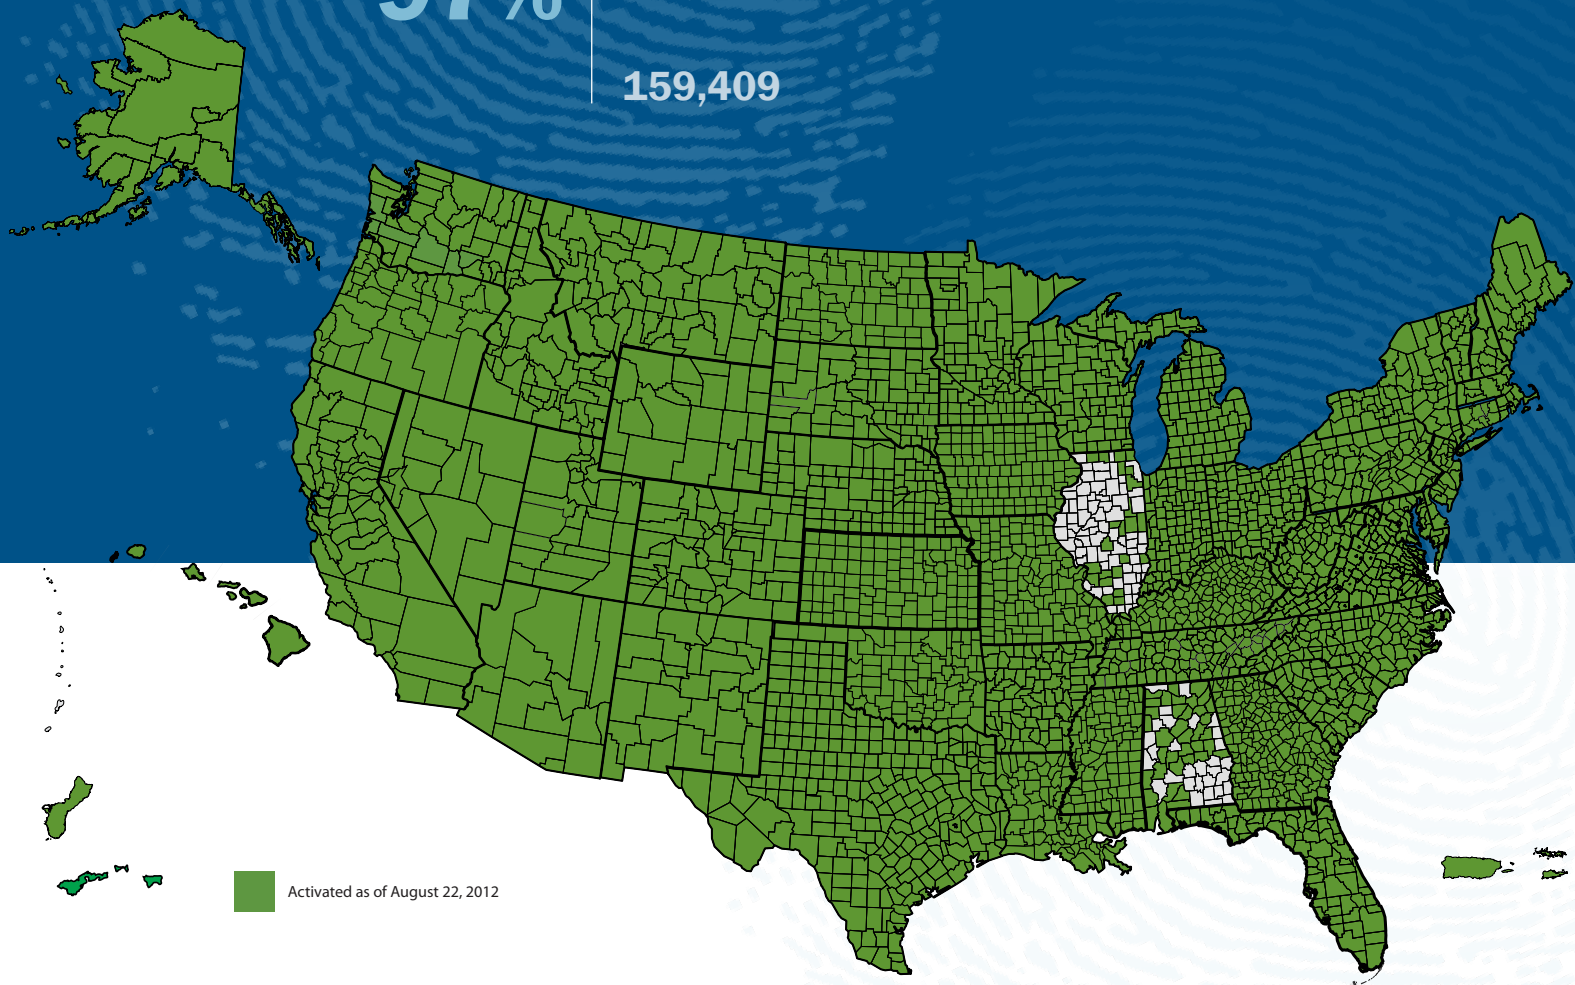

## Nationwide Cumulative Numbers

Activated Jurisdictions  
**3,074 of 3,181**

**97%**

Convicted criminal  
aliens removed from  
the United States.

**159,409**

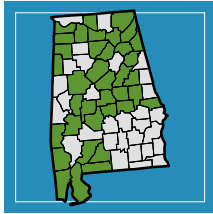

As of **August 22, 2012**, the biometric information sharing capability is activated in **3,074** jurisdictions in 50 states, 4 territories and Washington D.C. During FY2013, ICE plans to use this capability nationwide. The enforcement statistics are current as of July 31, 2012.
