

SAVE THE DATES

SOUTHWEST CLIMATE SUMMIT

HOSTED BY THE SOUTHWEST CLIMATE
SCIENCE CENTER (SWCSC)

WWW.DOI.GOV/CSC/SOUTHWEST/INDEX.CFM

- ★ The author team will unveil the **2012 Southwest Climate Assessment (SWCA)**. The SWCA is a state-of-the art assessment and synthesis of climate change projections; climate change impacts on social, economic, and ecosystems; and adaptive capacity in the Southwest.
- ★ Resource managers will highlight opportunities for application of science to inform management decisions.
- ★ Facilitated discussions will focus on prioritizing regional climate concerns, knowledge gaps, and research to provide input to the Southwest Climate Science Center's Five Year Science Plan.

JUNE 2012
11-14

TUCSON ARIZONA

PLEASE JOIN US for a meeting of federal, tribal, state, and local stakeholders, resource managers, and scientists to discuss the state of climate science in the Southwest and needs for climate-related research to inform societal and management decisions.

SUMMIT PARTICIPANTS WILL HELP TO STRUCTURE FUTURE CLIMATE RESEARCH IN THE SOUTHWEST.

INFORMATION ON REGISTRATION WILL BE FORTHCOMING

FOR MORE INFORMATION PLEASE CONTACT ALISON MEADOW,
SWCSC PROGRAM MANAGER, AT MEADOW@EMAIL.ARIZONA.EDU
