## Christmas Markets in Bavaria

### **The First Christmas Markets**

In the quite populated docket of Munich Christmas markets, the Weihnachtsmarkt on Praterinsel is one of the first to open this year, kicking off on November 26 and running to December 23. Hours are 3 to 10 pm, Monday through Thursday, and 11 am to 10 pm, Friday to Sunday. The market is just next to the Maximiliansbrücke. ## *Christmas Market at the Fraueninsel/Chiemsee*

The only Christmas market on an island in Germany is situated in a truly unique and romantic setting – in the heart of the Bavarian Alps and surrounded by the crystal **clear waters of Lake Chiemsee**.

Market hours:

November 26 – 28 and December 3 – 5

Fri 2 – 7 p.m., Sat/Sun 12 a.m. – 7 p.m.

The island is a beautiful place to visit throughout the year, with its still operating Cloister and rich community of artists, crafts-people and fishermen. Opposite to “Frauenchiemsee” is the island of “Herrenchiemsee” which is famous for its palace “Castle Herrenchiemsee” built for “crazy” King Ludwig II and based upon “Versailles”.

The whole island is lit-up with elaborate Christmas decorations and lights, creating a really special and traditional atmosphere. Sweet smelling aromas fill the air as over 80 stalls sell culinary delicacies, wonderful arts & crafts, woodcarvings, mulled-wine and many other great gift ideas.

Reaching the Island of Frauenchiemsee is easy with regular boat-trips from Prien am Chiemsee.

**In Prien, where the boats leave is also a Christkindl Market during all 4 Advent weekends**

**Fri 2 – 9 p.m.**

**Sat/Sun 11a.m. – 9 p.m.**

## **Karwendel Mountain World**

The top of Karwendel mountain is home to Germany's highest exhibition hall, Karwendel Mountain World. Located 2,244 meters above sea level, the building itself is an architectural delight. The surrounding view, however, is even more spectacular. Visitors will also get a closer look at the Alpine ecosystem in a permanent exhibition. Learn about the native flora and fauna, as well as the role of humans in the nature resort, Karwendel. Other parts of the exhibition will deal with the dangers of climbing and the historic development of “mountain culture.” A cable car from Mittenwald will bring you up to the hall and a mountain restaurant will serve visitors hungry from all the fresh air.
