

VV adopted

Congresswoman Pingree – Amendment # 52

Meat and Poultry Processing Report – The Secretary shall in cooperation with States, processors and growers shall submit a report to Congress within 12 months of enactment of the bill to analyze:

1. Additional steps that can be taken to better meet the needs of small and very small meat and poultry growers and processors that are subject to federal or state inspection and
2. Methods to create an electronic submission option for the meat label approval process and to provide improved public access to information on the label approval process.
