Hello, I am Mr. Hall, the course manager for the Special Access Program or SAP Mid-Level Management Course, also known as the SAP Mid-Level Course.

If you are a SAP Mid-Level Manager with two or more years working a SAP, and want an in-depth explanation of SAP security management, then the SAP Mid-Level is the Course for you!

This course offers a classroom learning environment to help you address the challenges often associated with the management of Special Access Programs.

If you attend the SAP Mid-Level, you will leave with the skills and tools necessary to:
• identify enhanced security requirements
• and review or write security-related supporting documentation such as treaty, physical security and transportation plans.

Additional information regarding the SAP Mid-Level Course, including prerequisite course information, and the approval process, is available in the CDSE course catalog.

I look forward to seeing you in the SAP Mid-Level Course.
