Unit Training Management

Unit Training Management (UTM) on ATN provides the doctrine-based, how-to details of the US Army's training management processes

This flyer describes how UTM, together with the training enablers of **ATN/DTMS/CATS** help you plan-prepare-execute-assess your unit training.

The **Digital Training Management System (DTMS)** is a web based program that you can access anywhere you can access AKO.

With DTMS you can:

- Review the higher commander's training guidance and disseminate your own
- Review your higher unit METL
- Record your unit METL, and view your subordinate unit's METL
- Manage training calendar
- Assess/record training
