| 10. Description of Proposed Construction  At the 1000 Weshington Summit, Allies agreed to build a new NATO Headquesters building in Brussels to support on  |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| At the 1999 Washington Summit, Allies agreed to build a new NATO Headquarters building in Brussels to support an expanded and more expeditionary Alliance. Allies recognized that the current building had reached saturation point |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| and was beginning to deteriorate to the point of presenting major safety and security issues. The new building will   |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| support improved Alliance management of the International Security Assistance Force (ISAF) and other complex operations and provide office and meeting space for additional new members (beyond the current 28).                    |                               |                          |            |           |               |                 |  |  |  |  |  |  |
|   |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| 11 Requirement:   |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| In 2004, Allies signed an agre  |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| using management procedures modeled on those of the NATO Security Investment Program (NSIP). Construction of the new building is scheduled to begin in 2010, with completion and occupancy scheduled for 2015. By interagency       |                               |                          |            |           |               |                 |  |  |  |  |  |  |
| agreement, DoD and the State Department agreed to split the U.S. share of the building costs on a 60% DoD/40% State   |                               |                          |            |           |               |                 |  |  |  |  |  |  |
